A BILL FOR AN ACT

RELATING TO EQUAL PAY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that pay disparity
- 2 persists between men and women who do similar work. The
- 3 Institute for Women's Policy Research reports that if the pace
- 4 of change continues at the same rate as it has since 1960, women
- 5 and men will not reach pay parity until 2058.
- 6 The legislature further finds that action should be taken
- 7 to encourage greater gender equality in the workplace. Since
- 8 first enacting laws against employment discrimination based on
- 9 sex decades ago, it has been the intent of the legislature to
- 10 promote gender equality in the workplace. California has taken
- 11 the initiative to improve equal pay by enacting the Fair Pay Act
- 12 of 2015. Hawaii should follow suit to effect its intentions to
- 13 promote gender equality in the work place and close the pay gap
- 14 between men and women.
- 15 Existing Hawaii law generally prohibits an employer from
- 16 paying an employee at wage rates less than the rates paid to
- 17 employees of the opposite sex in the same establishment for

- 1 equal work on jobs when the performance requires equal skill,
- 2 effort, and responsibility, and the jobs are performed under
- 3 similar working conditions.
- 4 The legislature finds that in 2014, the gender wage gap in
- 5 Hawaii stood at 14.2 cents on the dollar. A woman working full-
- 6 time and year-round earned an average of 85.8 cents to every
- 7 dollar a man earned. This wage gap extends across almost all
- 8 occupations reporting in Hawaii. The gap is far worse for women
- 9 of color: African American women in Hawaii make only 73.4 cents
- 10 for every dollar a white male makes; Latina women make only 61.3
- 11 cents for every dollar a white male makes; and Asian American
- women make only 73.3 cents for every dollar a white male makes.
- 13 While Hawaii's gender wage gap is lower than the national
- 14 average of 79 cents to the dollar, the persistent disparity in
- 15 earnings still has a significant impact on the economic security
- 16 and welfare of thousands of working women and their families.
- 17 Collectively, women working full-time in Hawaii lose
- 18 approximately \$1,673,175,520 each year due to the gender wage
- 19 gap. The wage gap contributes to the higher statewide poverty
- 20 rate among women, which stands at 11.7 per cent, compared to
- 21 approximately seven per cent for men. The poverty rate for

- 1 female-headed families is extremely high at 26.8 per cent, and
- 2 14.7 per cent of Hawaii's children live in poverty.
- 3 The legislature also finds that pay secrecy undermines
- 4 efforts to close the pay gap. A 2010 Institute for Women's
- 5 Policy Research/Rockefeller Survey of Economic Security reported
- 6 that 23.1 per cent of private sector workers reported that
- 7 discussion of wages and salaries was formally prohibited, and an
- 8 additional 38.1 per cent reported that such discussion was
- 9 discouraged by managers. Pay secrecy inhibits workers from
- 10 pursuing claims of pay discrimination because women cannot
- 11 challenge wage discrimination that they do not know exists. The
- 12 federal government and many states have taken action to end wage
- 13 secrecy by prohibiting retaliation against employees who discuss
- 14 wages. Hawaii can also take this step by banning wage secrecy
- 15 and banning retaliation against employees who disclose or
- 16 discuss their wages.
- 17 The legislature finds that to eliminate the gender wage gap
- 18 in Hawaii, the State's equal pay provisions and laws regarding
- 19 wage disclosures must be improved. The purpose of this Act is
- 20 to encourage equal pay between men and women by:

1	(1)	Ensuring that employees performing substantially
2		similar work are paid equally;
3	(2)	Changing the requirement of "equal work" to
4		"substantially similar work";
5	(3)	Providing employer affirmative defenses in cases where
6		pay differentials are caused by bona fide seniority
7		systems, bona fide merit systems, and bona fide
8		occupational qualifications;
9	(4)	Ensuring that any legitimate, non-sex related factor
10		relied upon are applied and operate in a non-
11		discriminatory manner;
12	(5)	Eliminating the "same establishment" provision, which
13		prevented employees from being able to compare their
14		salary to that of a coworker who did the same job in a
15		different physical location; and
16	(6)	Prohibiting retaliation or discrimination against
17		employees who disclose, discuss, or inquire about
18		their own or co-workers' wages for the purpose of
19		exercising rights under the law.
20	SECT	ION 2. Section 378-2.3, Hawaii Revised Statutes, is
21	amended to	o read as follows:

1	" [-[]	378-2.3[] Equal pay; sex discrimination. (a) No

14		civil service requirement, or formal employer policy
15		that treats employees who do substantially similar
16		work equally;
17	(2)	A bona fide merit system; provided that it is being
18		operated and applied in a nondiscriminatory manner,

6		to the position.	
7	[-(5)	A differential based on any other permissible factor	
8		other than sex	
9	do not vi	olate this section.]	
10	(b)	An employer shall not prohibit an employee from	
11	disclosing the employee's wages, discussing and inquiring about		
12	the wages	of other employees, or aiding or encouraging any other	
13	employee to exercise rights under this section."		
14	SECT	ION 2. Statutory material to be repealed is bracketed	
15	and stric	ken. New statutory material is underscored.	
16	SECT	ION 3. This Act shall take effect on July 1, 2016.
