# A BILL FOR AN ACT

RELATING TO INSURANCE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that insurance companies  
2 typically cover a thirty- or ninety-day supply of prescription  
3 contraceptives. However, these coverage requirements may act as  
4 a barrier for women, especially those who live in rural areas,  
5 frequently travel, are unable to schedule regular visits to  
6 health care providers, or are unable to readily pick up their  
7 prescriptions. The legislature further finds that statewide  
8 efforts to expand women's access to prescription contraceptives,  
9 including long-acting reproductive contraceptives, have been  
10 shown to help decrease unplanned pregnancies.

11           The legislature additionally finds that Oregon recently  
12 enacted legislation to expand women's access to prescription  
13 contraception. Oregon's new law requires women to first obtain  
14 a three-month supply of prescription contraceptives then allows  
15 women to fill subsequent prescriptions for a year at a time.  
16 The legislature concludes that Hawaii should adopt similar  
17 legislation, which will increase access to prescription

1 contraceptive supplies and decrease barriers regarding  
2 reproductive health care. The legislature notes that the  
3 American Congress of Obstetricians and Gynecologists and the  
4 federal Centers for Disease Control and Prevention recommend  
5 prescribing or supplying up to one year of oral contraceptive  
6 supplies, based on a woman's preferences and anticipated use.

7 Accordingly, the purpose of this Act is to expand access to  
8 prescription contraceptives by requiring insurers to cover up to  
9 a twelve-month period of prescription contraceptive supplies for  
10 an insured.

11 The legislature notes that the reimbursement for  
12 prescription contraceptive supplies required under this Act is  
13 intended to apply to all insurers in the State, including health  
14 benefits plans under chapter 87A, Hawaii Revised Statutes, and  
15 medicaid managed care programs.

16 SECTION 2. Section 431:10A-116.6, Hawaii Revised Statutes,  
17 is amended to read as follows:
