
A BILL FOR AN ACT

RELATING TO FOSTER CHILDREN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Preventing Sex
2 Trafficking and Strengthening Families Act of 2014, Public Law
3 113-183, expands the opportunities for children in foster care
4 to participate as equally as their classmates and peers in age
5 or developmentally appropriate extracurricular, social, and
6 cultural activities in accordance with the "reasonable and
7 prudent parent standard"; and requires children in foster care,
8 fourteen years of age and older, to be included in case planning
9 and be informed of their rights and options available to them.

10 The Preventing Sex Trafficking and Strengthening Families
11 Act defines the "reasonable and prudent parent standard" as "the
12 standard characterized by careful and sensible parental
13 decisions that maintain the health, safety, and best interests
14 of a child while at the same time encouraging the emotional and
15 developmental growth of the child, that a caregiver shall use
16 when determining whether to allow a child in foster care under
17 the responsibility of the State to participate in
18 extracurricular, enrichment, and social activities."

1 The legislature finds that to encourage and allow resource
2 caregivers and child caring institutions to make reasonable
3 parenting decisions and to remove barriers to recruitment and
4 retention of high quality resource caregivers, adding qualified
5 immunity from liability for resource caregivers and child caring
6 institutions to section 346-17, Hawaii Revised Statutes,
7 protects and enhances the capacity of resource caregivers and
8 child caring institutions to encourage and support children to
9 participate in ordinary childhood activities as long as the
10 decision was made using the federal reasonable and prudent
11 parent standard as defined in title 42 United States Code
12 section 675(10)(A).

13 The Preventing Sex Trafficking and Strengthening Families
14 Act also requires children in foster care, fourteen years of age
15 and older, to be included in case planning and be informed of
16 the rights and options available to them. The federal act
17 lowered the age from sixteen to fourteen years old in
18 recognition that those children should be included in the
19 important planning processes that will strengthen their self-
20 sufficiency and better prepare them for successful transition
21 from foster care and into adulthood.

1 Compared to their peers, young people who have experienced
2 foster care are more likely to become homeless and unemployed
3 when they age out of foster care, are less likely to complete
4 high school or postsecondary education, and are more likely to
5 have physical, developmental, and mental health challenges.
6 Unlike their peers, most lose their support system when they
7 reach age eighteen and are discharged from state custody.

8 The purpose of this Act is to:

- 9 (1) Bring the State into compliance with the Preventing
10 Sex Trafficking and Strengthening Families Act of
11 2014;
- 12 (2) Expand the opportunities for children in foster care
13 to participate as equally as their classmates and
14 peers in age or developmentally appropriate
15 extracurricular, social, and cultural activities by
16 providing qualified immunity from liability for
17 resource caregivers and child caring institutions; and
- 18 (3) Lower from sixteen to fourteen years the minimum age
19 of children in foster care at which they are to be
20 consulted in development of their foster care plan.

1 SECTION 2. Section 346-16, Hawaii Revised Statutes, is
2 amended by amending the definition of "foster boarding home" to
