A BILL FOR AN ACT

RELATING TO PAWNBROKERS AND SECONDHAND DEALERS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the impact of
2 property crimes, specifically theft and burglary, is increasing
3 at an alarming rate in Hawaii. In many cases, property is
4 stolen and sold for cash used to purchase illegal drugs.
5 Transactions with pawnbrokers and secondhand dealers frequently
6 present an opportunity for thieves to convert stolen property
7 into cash. However, records of pawn transactions are manually
8 prepared and submitted to the police, amounting to twelve
9 thousand paper reports per month on Oahu alone. By the time the
10 police can review them, the property and the thief are usually
11 long gone.

12 The legislature further finds that improving the reporting
13 of pawnbroker and secondhand dealer transactions to law
14 enforcement agencies would likely reduce the impact of property
15 crimes. The mandatory use of an electronic system to record and
16 report daily transactions would reduce the time required to
17 transfer the information from a pawnshop or secondhand dealer to

1 the police department. A mandatory daily electronic reporting
2 system would allow police to inspect and track pawnshop and
3 secondhand dealer transactions in a timely manner and is likely
4 to result in quicker recovery of stolen items and apprehension
5 of criminals. A website by which the public may access selected
6 information relating to pawnshop and secondhand dealer
7 transactions that has been reported to the police would help
8 individuals locate and identify their stolen property.

9 The purpose of this Act is to facilitate the timely
10 reporting of pawnbroker and secondhand dealer transactions to
11 law enforcement by requiring daily electronic reporting of these
12 activities to the chief of police in each county.

13 SECTION 2. Section 486M-2, Hawaii Revised Statutes, is
14 amended to read as follows:

15 "**§486M-2 Record of transactions[-]; electronic reporting;**
16 **property receipt reporting fee.** (a) Every dealer, or the

12 software as directed by the chief of police in each county. The

3 the dealer:

5 county of the malfunction; and

18 determined by the chief of police.

19 (g) Regardless of the cause of any technical problem
20 preventing a dealer from uploading daily electronic reports
21 under this section, upon correction of the problem, the dealer

1 shall upload every reportable transaction from every business
2 day beginning on the day of the first occurrence of the problem.

3 (h) The chief of police of each county shall make the
4 information reported to it under paragraphs (a)(1), (3), (6),
5 (7), (8), and (9) available to the public on a website that is
6 developed and maintained by the chief of police.

7 (i) Every dealer shall collect from each person from whom
8 an article is received a property receipt reporting fee that is
9 equal to per cent of the transaction. The dealer shall
10 transfer all moneys collected through the property receipt
11 reporting fee to the director of finance of the appropriate
12 county on a quarterly basis. Property receipt reporting fees
13 shall be used by the chief of police of that county to offset
14 the costs of administering the electronic reporting system and
15 the website required by subsection (h)."

16 SECTION 3. The chief of police of each county, in
17 collaboration with pawnbrokers and secondhand dealers in the
