RE: HB600 – Testimony in **Strong Support** – HSH 3/24/15 – Rm. 016 1:20 p.m.

Dear Chair Oakland and Vice Chair Green, and Members of the Committees:

We **strongly support HB600**, which allows for two private-pay clients in a Community Care Foster Family Home (foster homes) where the two private-pay clients are in a special relationship with each other such as a married couple, reciprocal beneficiaries, or siblings.

Indeed, the heart of the foster home program is the family. We take disadvantaged individuals into our home and make them a part of our family. A sense of being part of a family is vital to any human being. Although we count our clients as part of our own family living in the home where we live, some clients would do even better if they could bring their own family into the home.

Clients who are separated from their own family often suffer severe trauma and depression. Outcomes would improve if they were able to live with their own family members like their spouse. Imagine being in a loving marriage or relationship for 50 years and then suddenly being separated. We want to admit clients who will fit well with our clients for their own well-being.

There is no shortage of beds in foster homes. We have lots of vacancies. Medicaid clients will continue to have a place in our homes and will continue to be first priority. The foster home program, along with the other long-term care programs, have sufficient space for Medicaid clients, but the inflexible rule of having only one private-pay client is often detrimental to non-Medicaid clients.

Private-pay clients need care just as everyone else. They should have a right to remain in our home if it is their free choice and the choice of their family. They deserve to be treated with dignity and have their choices respected.

For these reasons, we **strongly support HB 600**.

Very truly yours,

Norma Tan
President

PETITION STRONGLY SUPPORTING HB600 (2015) ALLOWING NON-MEDICAID FAMILIES TO STAY TOGETHER FOR BETTER OUTCOMES

We, the undersigned caregivers and business owners, **emphatically urge Chair Chun Oakland and the Committee on Human Services** to pass HB600 to allow families, specifically married couples to stay in the same community foster family home (CCFFH), regardless of whether they are private pay or Medicaid if they meet certain conditions. We attest that there are many vacancies among CCFFHs in the State. Allowing married couples to stay together will NOT cause a shortage of CCFFHs for Medicaid clients. Although some may say this is about money, isn't reasonable that someone who has been married or in union with another for 20, 30, 40, or even 60 would want to spend their last days with their loved ones. The conditions prescribed in HB600 prevents people from taking advantage.

This law was previously the law as authored previously in part by Chair Chun Oakland, but the law was subject to a sunset. We need this law to prevent the heartless separation of loved ones in their most vulnerable time. Mahalo for you consideration.
