Hawaii State Legislative Session 28th
Public Testimony, SB 1348, Education,
Higher Education & Arts
Tuesday, February 10, 2015

Aloha Honorable Chair, Honorary Members, Guest, Members of the Public

"An investment in knowledge pays the best interest".
Benjamin Franklin

I stand in opposition to SB 1348 which allows the university laboratory school to conform its student enrollment profile to the standard prescribed by the University of Hawaii college of education in order to meet the University of Hawaii college of education's research requirements.

My reservations include but are not limited to the following:

- Limited partnership with the East West Centers
Asian Pacific Higher Education Research Partnership
- Limited partnership with Asia Pacific
Education Program for Schools
- Lack of International Comparative
Education Degree Program
- Lack of alignment with UNESCO
Education for All by 2015
- Department of Defense Dependent
Student Teacher University Registry
- Inclusion in Department of Economic Security
Teacher Certification Program

Respectfully Submitted
PM Azinga
