Comments: Sir: I strongly urge your support of this bill and its passage into law. There is no valid reason that HPD has not provided criminal statistics to the Attorney General and the FBI for the past 3 years. As others have testified, there is no way any determination can be made as to what is occurring here locally as far as criminal activity without this important information. The failure to provide this crucial information by HPD is like putting the fox in charge of watching the chickens and to report if any are missing. Please support the passage of this bill into law. Thank you.
