Testimony for CPH on Feb 26, 2016 10:30AM in Conference Room 229

Submitted By	Organization	Testifier Position	Present at Hearing
William Spence	Maui Planning Department	Oppose	No

Comments: The Maui Planning Department has significant concerns about a blanket ban CPR on ag lands greater than 25 acres. We share the concerns of the legislature and others over the creation of fake farms but do not believe such a ban would successfully address this issue, but would have unintended consequences. The fake farm issue would be more readily addressed by identifying IAL (the counties have supported funding the studies), and by a requirement that fake farm subdivisions be recognized for what they are, Rural residential. The is type of development should go through the District Boundary Amendment process to the Rural district.
