Title of Bill: SB 2426 RELATING TO STUDENT MEALS.

Purpose of Bill: Prohibits denying a student a meal for the first: (1) thirty days of a semester while the student's application for free or reduced lunch is being processed; or (2) week the student's meal fund balance is zero or negative. Authorizes DOE to adopt rules or policies on the collection of funds for negative student meal balances.

Department's Position:

The Department of Education supports the intent and overall concept of SB 2426 as it includes initiatives supportive of our goals and objectives. However, we are concerned about the cost implications generated by this proposal.

Thank you for the opportunity to testify.

TESTIMONY BEFORE THE SENATE COMMITTEE ON EDUCATION

RE: SB 2426 - RELATING TO STUDENT MEALS.

MONDAY, FEBRUARY 1, 2016

COREY ROSENLEE, PRESIDENT
HAWAII STATE TEACHERS ASSOCIATION

Chair Kidani and Members of the Committee:

The Hawaii State Teachers Association **supports SB 2426**, relating to student meals, **with suggested amendments**.

In Hawai'i, food insecurity is one of the most pressing manifestations of overall socioeconomic inequality. Over 70,000 public school students eat free or reduced-price meals in our state, though only 40 percent eat school breakfasts. Hawai'i ranks 47th in school breakfast participation rates among qualifying students.

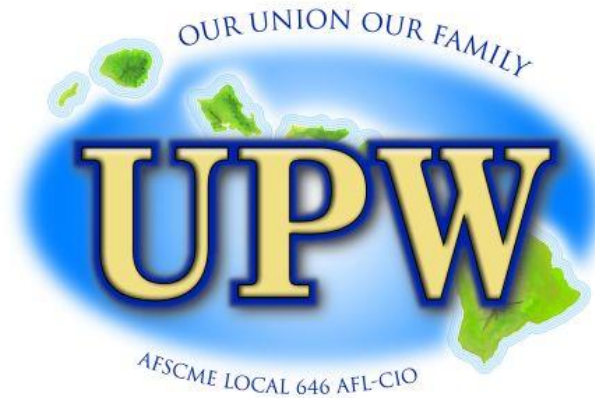

Congress established the National School Lunch Program, in 1946, and School Breakfast Program, fully implemented in 1975, to ensure that low-income students are properly nourished. Yet, many local families struggle to provide nutritious meals for their children. According the Hawai'i Appleseed Center for Law and Economic Justice, in Hawai'i, 15.3 percent of families experience food insecurity, meaning that "they do not always know how they will afford their next meal." An additional 3.9 percent are "very low food secure" families that have significantly reduced food consumption because of economic hardship.

At the same time, 47 percent of all public school students qualify for the Department of Education's free and reduced lunch program, a number that has risen by 20 percent since 2007 because of economic decline and cost of living increases. Low-income students are, again, less likely to receive adequate meals at home, leaving them without the calories necessary to perform basic academic tasks. Cases of chronic hunger can lead to achievement gaps, concentration loss, illness, increased absenteeism, behavioral problems, depression, and misdiagnosed learning

disabilities. Thus, providing a decent meal for our impoverished children—or in this case, ensuring that those meals aren't unnecessarily taken away—is a moral and educational imperative.

To make this measure more effective, however, we suggest an amendment to proposed subsection §302A-404(b)(2) to read: “Within **two weeks** following a student’s meal fund account reaching a zero or negative balance.” Many parents, particularly from low-income families, are paid on a two-week cycle. Our requested amendment will prevent children whose balance runs out during the beginning of a pay cycle from being denied access to school meals, something that could be particularly important to families facing unexpected financial emergencies.

Hungry students cannot focus. To ensure that our students are well-fed and ready to learn, the Hawaii State Teachers Association asks your committee to **support** this bill.

TESTIMONY ON SENATE BILL 2426 RELATING TO STUDENT MEALS

By DAYTON M. NAKANELUA,
State Director of the United Public Workers (UPW),
AFSCME Local 646, AFL-CIO

My name is Dayton M. Nakanelua, State Director of the United Public Workers, AFSCME, Local 646, AFL-CIO. The UPW is the exclusive bargaining representative for approximately 12,000 public employees, which include blue collar, non-supervisory employees in Bargaining Unit 01 and institutional, health and correctional employees in Bargaining Unit 10, in the State of Hawaii and various counties. The UPW also represents about 1,500 members of the private sector.

SB2426 provides that no student shall be denied a meal solely for failure to pay: within the first thirty days of a semester while the student's application for free or reduced lunch is being

processed; or, within one week following a student's meal fund account reaching a zero or negative balance.

The UPW strongly supports this measure.

Thank you for the opportunity to submit this testimony.

RE: **SUPPORT for Senate Bill 2426** – RELATING TO STUDENT MEALS

Aloha Chairperson Kidani, Vice Chair Harimoto and fellow committee members,

I am writing in SUPPORT to Senate Bill 2426 on behalf of the LGBT Caucus of the Democratic Party of Hawai'i. SB 2426 takes some of the needed steps to ensure that all of our public students receive a nutritious meal. We wish there were a funding source attached to this bill to help cover the meals for students that may fall through the cracks.

For far too many of our public students their school meal(s) are the only guaranteed meal(s) they receive all week. So ensuring that there was a dedicated funding source for the meals for our students in need is a necessity in the eyes of the Caucus. Without this funding source it does put these meals in jeopardy, especially for our schools that service our students in the more economically challenged areas.

We do acknowledge that the bill takes into account the students that have parents or guardians that take the time to fill out the applications for reduced or free lunches but what about the other students? Which ones are those you ask, well here are a couple of real life examples:

- 1) The students with parent(s) that are working 2-3 jobs to keep a roof over their heads and barely have time to sleep let alone fill-out paperwork.
- 2) One of 125 homeless students that sleeps on the streets of Honolulu without any Government or family support.
- 3) The students that have parents that view asking for assistance as shameful and won't fill out the needed paperwork.

We live in one of the richest countries on earth and no keiki should go hungry. Please keep in mind a hungry student cannot learn and therefore making it harder if not impossible for them to reach their ultimate potential.

The Caucus hopes that you will take these concerns into consideration when making your decision and passing this much needed bill.

Mahalo nui loa,

Michael Golojuch, Jr.
Chair

Honorable Chair Kidani and committee members,

My name is Amy Perruso. This is my sixteenth year as a public school teacher in Hawaii, and I currently teach AP Social Studies at Mililani High School. I am writing testimony to urge you to support SB2426.

As poverty continues to weigh heavily on many of the children in our public schools, as evidenced in the steep increase in the number of economically disadvantaged now being served by the DOE (now over 50%), it becomes incumbent upon us, as public servants, to make sure that we buffer those children from the harshest effects of economic misfortune. As teachers, we want to make sure that students are not denied a meal simply because their parents/guardians may be experiencing temporary economic challenges. Thank you for helping us to ensure that no students have to worry about hunger, because we know that young people who do not have their basic needs met cannot learn.

Thank you for your time.

I hope we can count on you for your support,

Dr. Amy Perruso

Comments: Although I support this bill, no child should be denied meals because of income. Find a way to pay for meals for those who cannot afford to pay. These meals are important so the students have the energy to concentrate on their studies. At least they will have meals at school.
