I support the Manoa Innovation Center and the lease should be renewed and kept the same by the University of Hawaii and the State. I have attended MIC many times for multiple tech events such as the Google Hackathon and had meetings with Dev League. These companies along with many others like Sultan Ventures have made a positive impact on me as a University of Hawaii student in the Shidler College of Business. I also appreciate that the UH Shuttle goes directly to MIC and makes these great resources accessible to me. Through the Manoa Innovation Center, I have been more connected with the tech community in Hawaii that is a key part of my success as an entrepreneur. I fully support the Manoa Innovation Center and I am excited for the new endeavors happening there.

Comments: I respectfully submit testimony in STRONG SUPPORT of SB 627, the ten year extension of HTDC's land lease agreement with the University of Hawaii that facilitates uninterrupted operation of the Manoa Innovation Center. This center plays an important role in supporting the technology community in Hawaii. Furthermore having facilities such as this allows for students, technologists, entrepreneurs to add valuable additional facets to our economy.
