
HOUSE CONCURRENT RESOLUTION

EXPRESSING THE SUPPORT OF THE STATE OF HAWAII FOR THE RIGHTS OF
THE INDIGENOUS PEOPLE OF NORTH DAKOTA TO PRESERVE THEIR
CULTURAL HERITAGE AND ACCESS TO CLEAN WATER.

1 WHEREAS, the Dakota Access Pipeline, known in the popular
2 press as DAPL, is a nearly 1,200-mile long pipeline designed to
3 transport 470,000 barrels of crude oil daily across four states,
4 from North Dakota to Illinois, where it links to another
5 pipeline that transports crude to terminals and refineries along
6 the Gulf of Mexico; and

7
8 WHEREAS, the Pipeline's developer, Texas-based Energy
9 Transfer Partners, asserts that this is a more cost-effective,
10 efficient means of transporting crude oil than the usual method
11 of train transport; and

12
13 WHEREAS, it is projected that transport via the Pipeline
14 would allow oil drilling and refinery interests to claim
15 increased profit margins, even when other economic factors would
16 otherwise keep crude prices low; and

17
18 WHEREAS, a section of the Dakota Access Pipeline is
19 designed to cross lands claimed by the Standing Rock Sioux Tribe
20 which contain both sacred sites and Lake Oahe, the primary
21 source of clean drinking water for the Standing Rock Sioux
22 Tribe's reservation land; and

23
24 WHEREAS, construction of the Dakota Access Pipeline
25 according to this design requires that a portion of the Pipeline
26 be situated underneath Lake Oahe and cross the Missouri River;
27 and

28
29 WHEREAS, the construction, maintenance, and operation of
30 the Dakota Access Pipeline are projected to have major

1 disruptive effects on both the supply of clean water and the
2 preservation and use of lands and sites that are historically
3 and culturally important to indigenous peoples located on or
4 originating from the areas surrounding the Pipeline's route; and
5

6 WHEREAS, the critical importance of access to clean water,
7 for both practical and spiritual reasons, is a value that is
8 shared between the indigenous peoples of the American West and
9 Native Hawaiians; and
10

11 WHEREAS, historical Hawaiian tradition and the
12 jurisprudence of the contemporary State of Hawaii both recognize
13 the right to access clean water as fundamental and subject to
14 the highest standards of protection for present and future uses;
15 and
16

17 WHEREAS, in *Robinson v. Ariyoshi*, 65 Haw. 641 (1982), a
18 seminal decision that set the course of Hawaii's water law, the
19 State Supreme Court found that, by the reservation to the King
20 of ownership of the surface waters in the Hawaiian kingdom, "a
21 public trust was imposed upon all the waters of the kingdom" and
22 "the public interest in the waters of the kingdom was understood
23 to necessitate a retention of authority and the imposition of a
24 concomitant duty to maintain the purity and flow of our waters
25 for future generations and to assure that the waters of our land
26 are put to reasonable and beneficial uses. This is not
27 ownership in the corporeal sense where the State may do with the
28 property as it pleases; rather, we comprehend the nature of the
29 State's ownership as a retention of such authority to assure the
30 continued existence and beneficial application of the resource
31 for the common good."; and
32

33 WHEREAS, in recognition of the kinship and shared essential
34 cultural value of the protection of water between the indigenous
35 peoples of North America and the Hawaiian archipelago; now,
36 therefore,
37

38 BE IT RESOLVED by the House of Representatives of the
39 Twenty-ninth Legislature of the State of Hawaii, Regular Session
40 of 2017, the Senate concurring, that the Legislature expresses
41 its support of the Standing Rock Sioux Tribe and its opposition
42 to any actions, including the construction of the Dakota Access

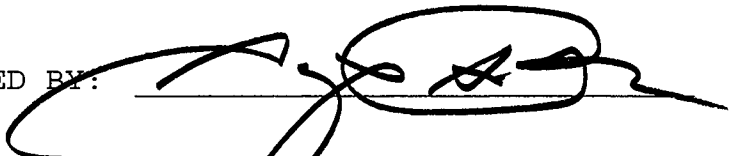

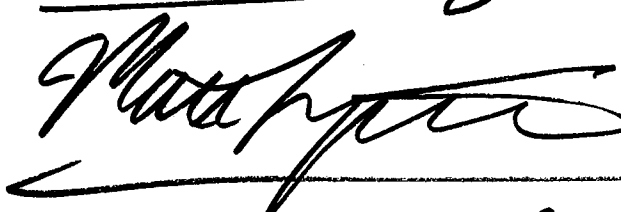

H.C.R. NO. 104

1 Pipeline, that threaten the Tribe, its access to clean water,
2 the preservation of its sacred and important lands, and the
3 continued existence of its culture, people, and nation; and
4

5 BE IT FURTHER RESOLVED that certified copies of this
6 Concurrent Resolution be transmitted to the Chairman of the
7 Standing Rock Sioux Tribal Council, President of the United
8 States, Assistant Secretary - Indian Affairs of the Department
9 of the Interior, Omaha District Commander of the Army Corps of
10 Engineers, and members of Hawaii's Congressional delegation.
