# A BILL FOR AN ACT

RELATING TO MOBILE CLINICS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that homelessness  
2 continues to be one of the State's most significant and  
3 challenging social problems. According to the 2016 Hawaii  
4 statewide homeless point-in-time count conducted in January  
5 2016, there are 7,921 homeless individuals in the State, an  
6 overall increase of four per cent from 2015. Homeless persons  
7 face a myriad of issues, including general health issues, mental  
8 illness, and substance abuse. These issues affecting homeless  
9 persons also impact the general population through the costs of  
10 social and health care services. In fiscal years 2014 and 2015,  
11 The Queen's Medical Center reported treating 3,441 patients who  
12 were homeless. Treating these homeless individuals is sometimes  
13 uncompensated, as is the case with an unsheltered patient who  
14 reportedly received treatment 12,271 times over two years, which  
15 cost The Queen's Medical Center more than \$5,000,000 per year.

16           The legislature further finds that mobile clinics are  
17 increasing in popularity across the nation as government

1 entities find ways to address the health care needs of the  
2 homeless population. In places such as Denver, Colorado;  
3 Seattle, Washington; and San Jose, California, mobile clinics  
4 offer a variety of free health care services for local homeless  
5 populations, saving significant costs on emergency room visits.

6 The purpose of this Act is to appropriate funds for  
7 establishing, staffing, and operating two mobile clinics to  
8 serve the homeless population.

9 SECTION 2. There is appropriated out of the general  
10 revenues of the State of Hawaii the sum of \$1,400,000 or so much  
11 thereof as may be necessary for fiscal year 2017-2018 and the  
12 same sum or so much thereof as may be necessary for fiscal year  
13 2018-2019 to purchase, staff, and operate two mobile clinics to  
14 serve the homeless population; provided that:

15 (1) The staff shall include, at minimum, one doctor, one  
16 nurse, one pharmacist, and one psychiatrist and may  
17 include staff as needed, including students pursuing a  
18 degree in medicine or nursing; and

19 (2) The mobile clinics may provide, at minimum, the  
20 following services:
