The International Union of Elevator Constructors, Local 126, testified in support of this measure. The Elevator Mechanics Licensing Board testified in support of the intent of this measure.

- (4) Expanding the allowable scope of work for elevator mechanics and deleting proposed limitations on dismantling or removal of a conveyance from a building or structure;
- (5) Amending language related to the Elevator Mechanics Licensing Board by requiring four meetings each year, deleting responsibilities related to apprentices, and deleting proposed requirements that licensee-members serve as advisors to the Regulated Industries Complaints Office;

Your Committee notes that during public testimony, the Elevator Mechanics Licensing Board stated that the proposed amendments presented by the Board, which your Committee incorporated in this measure, were arrived at through a collaborative effort by various parties affected by this measure. However, your Committee notes that the involved parties stressed that this measure is a work in progress and that they will continue this work as the measure continues to make its way through the legislative process.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B.
