<u>SB1276</u>

Submitted on: 2/6/2017 Testimony for TRE/PSM on Feb 6, 2017 15:00PM in Conference Room 225

Submitted By	Organization	Testifier Position	Present at Hearing
David Z. Arakawa	Land Use Research Foundation of Hawaii	Support	Yes

Comments: The Land Use Research Foundation of Hawaii (LURF) is in STRONG SUPPORT of SB 1176 relating to the extension of the Rail Tax in perpetuity. This measure extends each county's authority to establish and collect a surcharge on state general excise and use taxes; requires a county's share of the county surcharge on state tax to be paid to the county on a monthly basis; deletes the repeal date for Act 247, Session Laws of Hawaii 2005, authorizing counties to levy a surcharge to fund public transportation systems. LURF respectfully urges the Senate TRE/PSM Committees to favorably consider SB 1176.

Please note that testimony submitted <u>less than 24 hours prior to the hearing</u>, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Submitted By	Organization	Testifier Position	Present at Hearing
David Z. Arakawa	Land Use Research Foundation of Hawaii	Comments Only	Yes

Comments: The Land Use Research Foundation of Hawaii (LURF) appreciates the intent of SB COMMENTS – APPRECIATE INTENT, BUT PREFER EXTENSION OF THE RAIL SURCHARGE TAX IN PERPETUITY - SB 1276 relating to the County Surcharge on State Tax, and respectfully recommends prefers SB 1183 and SB1176, which extend the Rail County Surcharge on State Tax IN PERPETUITY. Instead, SB 1276 repeals the requirement that 10% of revenues from the county surcharge on state tax be withheld to reimburse the State for administrative costs; and sunsets if an ordinance that allows the capital costs of a rapid transportation system to be paid from county funds is not enacted before December 31, 2017. This measure also requires the mayor of the county to submit certain plans with respect to rapid transportation system. LURF respectfully urges the Senate TRE/PSM Committees to amend or hold this bill; and favorably consider SB 1183 and/or SB 1176.

Please note that testimony submitted <u>less than 24 hours prior to the hearing</u>, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

TO:	Members of the Committees on Transportation and Energy & Public Safety, Intergovernmental and Military Affairs
FROM:	Natalie Iwasa (10 pages) Honolulu, HI 96825 808-395-3233
HEARING:	3 p.m. Monday, February 6, 2017
SUBJECT:	SB1183, SB1176 and SB1276 – OPPOSE Surcharge Extension Support Repeal of 10% Fee Support Monthly Payment

Aloha Chairs and Committee Members,

Thank you for allowing me the opportunity to provide testimony on SB1183, SB1176 and SB1276, which relate to the county surcharge. Two years ago when the legislature considered the county surcharge extension, I provided examples of errors and inconsistencies in HART's numbers. Here we are two years later, and the problem persists.

In November 2016, HART presented its FY 2018 budget package to the board. The package includes projected cash flows. On December 1, 2016, HART sent the FTA an updated financial plan. That plan also includes projected cash flows, but they are significantly different than those presented to the board.

Attached is a calculation of the differences between the budgeted cash flows and the amounts reported to the FTA. The explanation I was given for the \$43.6 million variance for the beginning of fiscal year 2018 is that there are differing assumptions underlying the two plans. Given that the beginning of fiscal year 2018 (July 1, 2017) was just seven months from the date of the report to the FTA, that explanation didn't make sense.

In addition, if we look at the line items for the inflows and outflows for fiscal year 2018, more questions come to mind. Why are federal and GET funding each almost \$50 million higher in the budget package?

Why is there apparently no debt repayment for fiscal year 2018 in the budget package?

Questions should also be asked about details of the cash projection sent to the FTA. (See attached page 4 of my testimony.) For example, why is there a negative cash flow of \$140 million for total project costs in year 2035, eight years after the last expenditure?

Why is there over \$.5 billion in additional borrowing in year 2025, when projected cash inflows are about \$87 million higher than outflows?

Natalie Iwasa Page 2 of 10

Last year HART also had an error in the cash balance that it reported to the board in its monthly report. According to a report given to the Honolulu City Council, which included audited cash balances as of March 31, 2016, cash was \$159,111,026. HART's monthly progress report, however, indicated the cash balance was \$158,655,626 or \$455,400 lower. Prior quarterly reports that I checked were no more than \$1 different. (See attached pages 8 – 10.)

We simply cannot rely on HART's numbers. In addition, now that we are looking at almost \$10 billion (and counting) for the cost of building rail, we have to ask ourselves whether we can even afford to spend that much. Considering that billions of dollars have been mandated for various other costs on Oahu, e.g., the EPA mandate of over \$3 billion and billions in unfunded retirement and employee benefits, I think the answer is "no."

This table is rife with footing, i.e., addition, errors of \$1, which equates to \$1 million in each instance.

NOTE 1: Total projected costs from inception through 2034 total \$8,306, which is \$141 more than the "Total" column. HART has therefore included a negative cash flow of \$140 million in year 2035. At best, this is sloppy work. The cash flows up to 2034 should be adjusted so that the total is \$8,165, or the total projected cost should be changed to \$8,306.

NOTE 2: In 2025, projected tax revenues exceed projected expenditures by \$87, yet additional debt proceeds of \$526 is apparently planned, resulting in the highest cash balance over the entire 20 years. Why?

These projections should include the underlying assumptions as well as an explanation as to why debt repayment is \$15 higher than the debt proceeds.

FY 2018-2023 SIX-YEAR UPDATED CASH FLOW

Below is six-year cash flow based on assumed revenue sources, estimated financing costs, and forecasts for future years' capital expenditures.

IKAIKA ANDERSON VICE CHAIR

Kymberly Marcos Pine FLOOR LEADER

CITY AND COUNTY OF HONOLULU BEFORE THE SENATE COMMITTEE ON TRANSPORTATION & ENERGY AND PUBLIC SAFETY, INTERGOVERNMENTAL, AND MILITARY AFFAIRS

MONDAY, FEBRUARY 6, 2017, 3:00 PM

TO: THE HONORABLE LORRAINE R. INOUYE, CHAIR THE HONORABLE DONOVAN M. DELA CRUZ, VICE CHAIR AND MEMBERS OF THE SENATE COMMITTEE ON TRANSPORTATION AND ENERGY

> THE HONORABLE CLARENCE K. NISHIHARA, CHAIR THE HONORABLE GLENN WAKAI, VICE CHAIR AND MEMBERS OF THE SENATE COMMITTEE ON PUBLIC SAFETY, INTERGOVERNMENTAL AFFAIRS AND MILITARY AFFAIRS

- FROM: COUNCIL CHAIR RON MENOR COUNCILMEMBER JOEY MANAHAN, CHAIR OF COMMITTEE ON BUDGET COUNCILMEMBER IKAIKA ANDERSON, CHAIR OF COMMITTEE ON TRANSPORTATION AND PLANNING COUNCILMEMBER KYMBERLY MARCOS PINE, CHAIR OF COMMITTEE ON ZONING AND HOUSING
- SUBJECT: COMMENTS ON SB1276 RELATING TO THE COUNTY SURCHARGE ON STATE TAX

My name is Ron Menor and I am here to testify as the Chair of the

Honolulu City Council. Along with Councilmembers Joey Manahan, Ikaika

Anderson, and Kymberly Marcos Pine, we are members of a Permitted

Interaction Group (P.I.G.) which was established by the Council to address the

rail issue.

Ron Menor CHAIR & PRESIDING OFFICER We have several strong concerns about this bill. While the Council appreciates the intent of this bill to return the State's share of the County's GET surcharge, the passage of this measure would not generate enough revenue to fully fund the construction and financing costs to complete rail according to the original alignment and design under the Full Funding Grant Agreement (FFGA) with the Federal Transit Administration (FTA).

Moreover, we respectfully disagree with the requirement that the City pass an ordinance that allows the use of City revenue to cover construction costs. We believe the most efficient way to pay for the completion of the rail project is with the GET surcharge. It is a funding mechanism that is already in place and almost 30 percent of the revenue comes from visitors and non-residents. Since they will use and enjoy the benefits of rail, visitors and non-residents should share in the costs.

Finally, the Council maintains our strong support for an extension of the GET tax in perpetuity. Therefore, we respectfully request that you amend SB1276 accordingly.

Thank you for the opportunity to offer testimony on this important measure.

WRITTEN ONLY

TESTIMONY BY WESLEY K. MACHIDA DIRECTOR, DEPARTMENT OF BUDGET AND FINANCE TO THE SENATE COMMITTEES ON TRANSPORTATION AND ENERGY AND PUBLIC SAFETY, INTERGOVERNMENTAL, AND MILITARY AFFAIRS ON SENATE BILL NO. 1276

February 6, 2017 3:00 p.m. Room 225

RELATING TO THE COUNTY SURCHARGE ON STATE TAX

Senate Bill No. 1276 repeals the requirement that the Director of Finance deduct 10% of the gross proceeds of a respective county's surcharge on State tax to reimburse the State for the cost of assessment, collection, and disposition of the county surcharge on State tax incurred by the State. The repeal is subject to the City and County of Honolulu passing an ordinance before December 31, 2017 that allows the rail project's capital costs to be paid from county funds. The bill also requires the Mayor to submit certain plans on the rail project by specified dates.

The Department of Budget and Finance supports the general intent of the bill to address the rail project's funding needs. The Administration has proposed a similar repeal in Senate Bill No. 938.

Thank you for your consideration of our comments.
