# A BILL FOR AN ACT

RELATING TO EDUCATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that sexual abuse remains  
2 a serious and ongoing threat to the safety, health, and well-  
3 being of children and young people in the State.

4           Although programs and department of education-approved  
5 curricula currently exist in the State to provide training to  
6 school teachers and staff and sexual abuse prevention education  
7 to students, implementation is not consistent systemwide and  
8 resources for the provision of training and education are  
9 limited.

10           Consequently, students in Hawaii may not receive regular,  
11 consistent child abuse prevention education, nor are parents  
12 informed about child sexual abuse topics. In addition, many  
13 school teachers and staff do not receive sufficient training on  
14 talking to students about child sexual abuse prevention, the  
15 effects of child sexual abuse on children, handling sexual abuse  
16 disclosures, and mandated reporting.

1           Laws requiring that public school systems implement a  
2 program of regular, consistent sexual abuse prevention education  
3 for students, teacher and staff training, and parental  
4 involvement have passed in twenty-eight states and the Territory  
5 of Guam and have been introduced in the legislatures of eighteen  
6 others. These laws represent a national trend in safety,  
7 health, and well-being education and are collectively referred  
8 to as "Erin's Law" after Erin Merryn, an Illinois survivor of  
9 child sexual abuse, who has led the national movement for  
10 required programs for child sexual abuse prevention education.

11           The purpose of this Act is to form a task force to guide  
12 the establishment of a program to educate public school students  
13 on sexual abuse prevention through use of age appropriate  
14 curricula, provide relevant training to school teachers and  
15 staff, and inform parents about important child sexual abuse  
16 topics.

17           SECTION 2. (a) There is established the Erin's Law task  
18 force to be convened by the legislature to review current  
19 policies, programs, and curricula for educating students in the  
20 public school system about sexual abuse prevention and to report  
21 recommendations for the establishment of a program to educate

1 all children in grades pre-kindergarten through twelve in public  
2 schools on sexual abuse prevention through age appropriate  
3 curricula.

4 (b) The task force shall comprise:

6 superintendent's designee;

7 (2) The director of health, or the director's designee;

9                   designated by the executive director of the state  
10                  public charter school commission.
- 11           (c) The superintendent of education or the  
12                  superintendent's designee shall serve as the chairperson of the  
13                  task force.

15                  compensation. No member shall be made subject to chapter 84,
