
A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that sexual abuse remains
2 a serious and ongoing threat to the safety, health, and well-
3 being of children and young people in the State.

4 Although programs and department of education-approved
5 curricula currently exist in the State to provide training to
6 school teachers and staff and sexual abuse prevention education
7 to students, implementation is not consistent systemwide and
8 resources for the provision of training and education are
9 limited.

10 Consequently, students in Hawaii may not receive regular,
11 consistent child abuse prevention education, and parents may not
12 be informed about child sexual abuse topics. In addition, many
13 school teachers and staff do not receive sufficient training on
14 talking to students about child sexual abuse prevention, the
15 effects of child sexual abuse on children, handling sexual abuse
16 disclosures, and mandated reporting.

1 Laws requiring that public school systems implement a
2 program of regular, consistent sexual abuse prevention education
3 for students, teacher and staff training, and parental
4 involvement have passed in twenty-eight states and the Territory
5 of Guam and have been introduced in the legislatures of eighteen
6 others. These laws represent a national trend in safety,
7 health, and well-being education and are collectively referred
8 to as "Erin's Law" after Erin Merryn, an Illinois survivor of
9 child sexual abuse, who has led the national movement for
10 required programs for child sexual abuse prevention education.

11 The purpose of this Act is to form a task force to guide
12 the establishment of a program to educate public school students
13 on sexual abuse prevention through use of age appropriate
14 curricula, provide relevant training to school teachers and
15 staff, and inform parents about important child sexual abuse
16 topics.

17 SECTION 2. (a) There is established the Erin's Law task
18 force to be convened by the legislature to review current
19 policies, programs, and curricula for educating students in the
20 public school system about sexual abuse prevention and to report
21 recommendations for the establishment of a program to educate
