Report to the 2018 Legislature: Executive Office on Early Learning Public Pre-Kindergarten Program December 27, 2017

History

The Executive Office on Early Learning (EOEL) was established by Act 178, Regular Session of 2012, and signed into law in June 2012. EOEL is charged with developing an early childhood development and education system that shall ensure a spectrum of high-quality, developmentally appropriate early learning opportunities for Hawaii's children, from prenatal care until the time they enter kindergarten. Act 122, Session Laws of Hawaii 2014, appropriated \$3 million for the establishment of Hawaii's first State-funded pre-kindergarten program. EOEL launched the EOEL Public Pre-Kindergarten Program (Program), through a partnership with the Hawaii Department of Education (HIDOE), at 18 schools and 20 classrooms across the state starting the 2014-15 school year. The Program, which was statutorily established by Act 109, Regular Session of 2015, is currently in 19 schools and 21 classrooms. Five new classrooms will start in the 2018-19 school year with funding provided through Act 49, Session Laws of Hawaii 2017, bringing the total to 24 schools and 26 classrooms. The Legislature, also recognizing the importance of a high-quality program in making an investment in early learning worthwhile, funded in the same act the Early Learning Induction Program, to help prepare schools with new classrooms to provide high-quality experiences for their incoming students.

On July 1, 2015, EOEL was transferred from the Office of the Governor to become attached to HIDOE for administrative purposes only.

Status Update

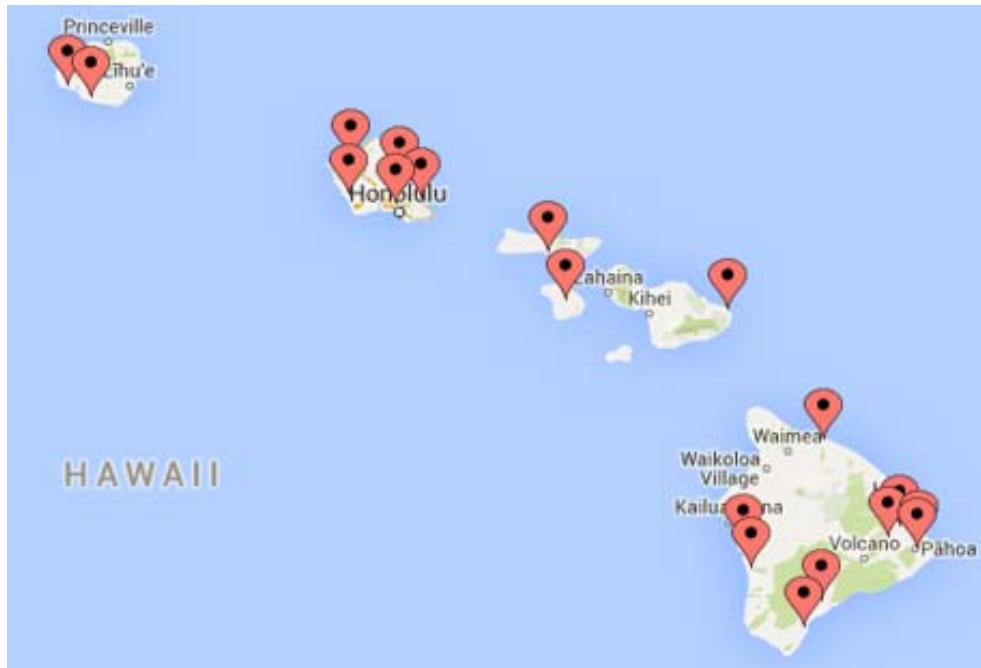

The chart below addresses the following information with respect to the Program as of December 12, 2017:

1. The number of classrooms established & their locations;
2. The number of children enrolled at each school and aggregate data explaining how the program is prioritizing underserved or at-risk children;
3. The number of applicants who were placed on a waitlist for the program & at which schools;
