

EXECUTIVE CHAMBERS  
HONOLULU

DAVID Y. IGE  
GOVERNOR

July 5, 2018

**GOV. MSG. NO. 1218**

The Honorable Ronald D. Kouchi,  
President  
and Members of the Senate  
Twenty-Ninth State Legislature  
State Capitol, Room 409  
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki,  
Speaker and Members of the  
House of Representatives  
Twenty-Ninth State Legislature  
State Capitol, Room 431  
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on July 5, 2018, the following bill was signed into law:

HB2613 HD1 SD1 CD1

MAKING AN APPROPRIATION FOR HEEIA  
NATIONAL ESTUARINE RESEARCH RESERVE  
**ACT 117 (18)**

Sincerely,

DAVID Y. IGE  
Governor, State of Hawai'i

# A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR HE'EIA NATIONAL ESTUARINE RESEARCH RESERVE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The national estuarine research reserve system  
2 is a network of twenty-eight protected areas along America's  
3 coasts. According to the *National Estuarine Research Reserve*  
4 *System Strategic Plan 2011-2016*, the system is founded on the  
5 principle that long-term protection of representative estuaries  
6 provides stable platforms for research and education and the  
7 application of management practices that will benefit the  
8 nation's estuaries and coasts.

9           The legislature finds that the State has coordinated with  
10 the National Oceanic and Atmospheric Administration to nominate  
11 He'eia estuary as a national estuarine research reserve. The  
12 site, located on Oahu's windward shore, includes He'eia state  
13 park, He'eia fishpond, and the He'eia community development  
14 district, as well as marine waters with patch and fringing reefs  
15 and Moku o Lo'e (Coconut Island). In 2012, the office of  
16 planning was designated as the lead agency to coordinate the  
17 selection for a Hawaii site to be designated as a national

1 estuarine research reserve and nomination process for He'eia to  
2 be designated as a national estuarine research reserve. In  
3 2014, He'eia was officially nominated as a national estuarine  
4 research reserve to support the National Oceanic and Atmospheric  
5 Administration's policy to encourage expansion of the program in  
6 unrepresented areas of the country.

7 The He'eia site was chosen as the preferred site after a  
8 statewide solicitation period from interested communities. The  
9 office of planning supported the designation process through the  
10 development of the He'eia national estuarine research reserve  
11 system management plan. On January 19, 2017, the He'eia site was  
12 officially designated as the twenty-ninth site in the national  
13 estuarine research reserve system, which enables federal funding  
14 to support the implementation of the management plan.

15 The Hawaii institute of marine biology, which is part of  
16 the University of Hawaii at Manoa, is the lead agency for  
17 implementation of the He'eia national estuarine research reserve  
18 system management plan. The university's partners will include  
19 the Hawaii community development authority, department of land  
20 and natural resources, and several community organizations. For  
21 He'eia reserve to succeed in its function within the national

1 estuarine research reserve system, funding for initial staffing  
2 is essential. Further funding is required to sustain them and  
3 to keep He'eia reserve fully functioning. The legislature notes  
4 that as funding or partnership opportunities become available,  
5 additional staff will be required within the first five years to  
6 meet management plan goals and objectives, and further notes  
7 that the federal government matches state appropriations on a  
8 seventy per cent (federal) to thirty per cent (state) basis.

9 The purpose of this Act is to support He'eia estuary in its  
10 designation as a national estuarine research reserve by  
11 appropriating funds to maintain the initial staff necessary to  
12 develop and manage He'eia reserve and its programs.

13 SECTION 2. Contractors and other third parties who receive  
14 funds under this Act may be subject to review and inspection by  
15 the University of Hawaii, the department of land and natural  
16 resources, the attorney general, and the auditor. Upon request  
17 by such agencies, the contractor or third party shall be  
18 required to submit for review all files, records, documents, and  
19 accounting related to the use and expenditure of funds received  
20 pursuant to this Act, whether the funds were received via  
21 contract, grant, or other agreement.

1 SECTION 3. There is appropriated out of the general  
2 revenues of the State of Hawaii the sum of \$150,000 or so much  
3 thereof as may be necessary for fiscal year 2018-2019 for the  
4 hiring of 1.00 full-time equivalent (1.00 FTE) permanent  
5 position within the University of Hawaii to maintain the initial  
6 staff and operations necessary to develop and manage He'eia  
7 reserve and its programs.

8 The sum appropriated shall be expended by the University of  
9 Hawaii for the purposes of this Act.

10 SECTION 4. This Act shall take effect on July 1, 2018.

APPROVED this 05 day of JUL , 2018

GOVERNOR OF THE STATE OF HAWAII

HB No. 2613, HD 1, SD 1, CD 1

THE HOUSE OF REPRESENTATIVES OF THE STATE OF HAWAII

Date: May 1, 2018  
Honolulu, Hawaii

We hereby certify that the above-referenced Bill on this day passed Final Reading in the House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2018.

Scott K. Saiki  
Speaker  
House of Representatives

Brian L. Takeshita  
Chief Clerk  
House of Representatives

**THE SENATE OF THE STATE OF HAWAI‘I**

Date: May 1, 2018  
Honolulu, Hawaii 96813

We hereby certify that the foregoing Bill this day passed Final Reading in the  
Senate of the Twenty-ninth Legislature of the State of Hawai‘i, Regular Session of 2018.

  
President of the Senate

  
Clerk of the Senate
