RELATING TO FIREARMS.

## BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Chapter 134, Hawaii Revised Statutes, is amended by adding a new section to part I to be appropriately designated and to read as follows:

"§134- Bump fire stock, multiburst trigger activator, or trigger crank; prohibition. (a) Any person in this State who manufactures or causes to be manufactured, imports into the State, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any bump fire stock, multiburst trigger activator, or trigger crank shall be guilty of a class C felony.

(b) As used in this section:

"Bump fire stock" means a butt stock designed to be attached to a semiautomatic firearm and designed, made, or altered to increase the rate of fire achievable with such firearm by using energy from the recoil of the firearm to generate a reciprocating action that facilitates repeated activation of the trigger.

1 "Multiburst trigger activator" means:

2 (1) A device that simulates automatic gunfire by allowing  
3 standard function of a semiautomatic firearm with a  
4 static positioned trigger finger or a device that  
5 fires multiple shots with the pull and release of the  
6 trigger; or

7 (2) A manual or power-driven trigger activating device  
8 constructed and designed so that when attached to a  
9 semiautomatic firearm it simulates automatic gunfire.

10 "Trigger crank" means any device to be attached to a  
11 semiautomatic firearm that repeatedly activates the trigger of  
12 the firearm through the use of a lever or other part that is  
13 turned in a circular motion, but does not include any firearm  
14 initially designed and manufactured to fire through the use of a  
15 crank or lever."
