
A BILL FOR AN ACT

RELATING TO MARINE RESOURCES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that motorized
2 recreational vessels that operate at excessive speeds can be
3 evidenced by the creation of turbulence and wake and can
4 endanger the life and limb of individuals who use the ocean for
5 recreation and subsistence.

6 The wake created by recreational vessels travelling at
7 excessive speeds also can harm small marine species, increase
8 shoreline erosion, and damage critical shoreline habitat thereby
9 having a deleterious effect on the nearshore environment and
10 decreasing the value of the marine resource.

11 The legislature finds that reduced speeds that cause no
12 wake mitigates damage to marine life and the ocean ecosystem and
13 reduces the probability of collisions between recreation vessels
14 and humans.

15 The purpose of this Act is to protect marine resources,
16 including ocean and shoreline ecosystems, from actual harm and
17 to increase the value of marine resources for recreational and

1 subsistence ocean users by requiring all motorized recreational
2 vessels in nearshore waters to travel at reduced speeds and
3 cause no wake in no wake zones that are established at certain
4 beaches that have high volumes of recreational ocean users.

5 SECTION 2. Chapter 200, Hawaii Revised Statutes, is
6 amended by adding a new section to be appropriately designated
7 and to read as follows:

8 "§200- No wake zones; establishment; motorized
9 recreational vessels; speed. (a) Except as necessary for the
10 protection of public health and safety, no person shall operate
11 a motorized recreational vessel within a no wake zone
12 established pursuant to this section:

13 (1) So as to cause a wake; or

14 (2) At a speed in excess of five miles per hour.

15 (b) The department shall establish no wake zones at:

16 (1) Kaanapali, Maui, from the southern boundary of

17 Hanakao'o beach park to the northern boundary of

18 Honokowai beach park;

19 (2) Kailua, Oahu, for the entire shoreline of Kailua bay;

20 and

1 (3) Kailua-Kona, Hawaii, from Kailua pier to the rock
2 point that fronts the parcel currently known as Royal
3 Kona Resort.

4 A no wake zone shall encompass the area extending seaward seven
5 hundred and fifty feet from the shoreline."

6 SECTION 3. Section 200-23, Hawaii Revised Statutes, is
7 amended by adding a new definition to be appropriately inserted
8 and to read as follows:

9 "Shoreline" has the same meaning as defined in section
10 205A-1."

11 SECTION 4. New statutory material is underscored.

12 SECTION 5. This Act shall take effect upon its approval.

Report Title:

Marine Resources; Recreational Vessels; No-wake Zones

Description:

Requires all motorized recreational vessels operating in nearshore waters to observe no-wake zones at specified beaches.
(HB117 HD1)
