# A BILL FOR AN ACT

RELATING TO VEHICLE INSPECTION STATIONS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that revoking or  
2           suspending vehicle inspection station licenses leads to  
3           unemployment for the employees of the station. This shifts the  
4           consequences of noncompliance with inspection requirements from  
5           station owners or management to station employees who may have  
6           little or no decision-making power in regards to station  
7           operation.

8           The purpose of this Act is to end the burden of  
9           unemployment due to a revocation or suspension of an inspection  
10          station's license, which may impact station workers and their  
11          families, communities, and the State.

12          SECTION 2. Section 286-28, Hawaii Revised Statutes, is  
13          amended to read as follows:

14          "~~§286-28 [Suspension or revocation of permits.]~~ Fines.

15          The department shall supervise and cause inspections to be made  
16          of official inspection stations and shall [~~suspend or revoke and~~  
17          ~~require the surrender of the permit issued~~] issue a fine in an  
18          amount determined by the department by rule, to a station which

1 it finds is not properly conducting inspections. After three  
2 violations, the vehicle inspection station license will be  
3 subject to suspension or revocation. The department shall  
4 maintain and post at its office lists of all stations holding  
5 permits and those whose permits have been suspended or revoked."

6 SECTION 3. Statutory material to be repealed is bracketed  
7 and stricken. New statutory material is underscored.

8 SECTION 4. This Act shall take effect on July 1, 2018.
