JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT RELATING TO CRIMINAL HISTORY RECORD INFORMATION.

PURPOSE: To clear up inconsistencies in the expungement process and dissemination of criminal history record information relating to cases in which the defendant was acquitted or the charges were dismissed due to a physical or mental disease, disorder, or defect, pursuant to chapter 704, Hawaii Revised Statutes (HRS), and to include cases in which the defendant was involuntarily hospitalized pursuant to section 706-607, HRS.

MEANS: Amend sections 831-3.2(a) and 846-9, HRS.

JUSTIFICATION: Section 846-9, HRS, currently allows for cases in which the defendant was acquitted or the charges were dismissed due to a physical or mental disease, disorder or defect, pursuant to chapter 704, HRS, to be disseminated to the public. Section 831-3.2, HRS, does not allow an expungement to be done on charges for which the defendant was acquitted due to a physical or mental disease, disorder or defect, pursuant to chapter 704, HRS. However, it is silent regarding charges against the defendant that were dismissed due to a physical or mental disease, disorder, or defect, pursuant to chapter 704. This bill, therefore, adds that wording to section 831-3.2, HRS.

In addition, both sections do not address those who were involuntarily hospitalized pursuant to section 706-607, HRS. Wording regarding these cases has been added to both sections, thereby providing consistency to

situations where the defendant is found to have diminished mental capacities.

Impact on the public: The public will benefit from this bill because more complete criminal history record information will be available for dissemination to the general public when conducting background checks on individuals.

Impact on the department and other agencies: There will be minimal impact as the Hawaii Criminal Justice Data Center manages both the expungement program as well as the dissemination of criminal history information to the public.

OTHER FUNDS:	None.
