## A BILL FOR AN ACT

RELATING TO LANDS CONTROLLED BY THE STATE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that in the 1970s and  
2       1980s, predecessor agencies to the Hawaii housing finance and  
3       development corporation developed several leasehold subdivisions  
4       and acquired leasehold condominiums as part of their mission to  
5       provide affordable home ownership opportunities to Hawaii  
6       residents. Over the years, homeowners were given the  
7       opportunity to purchase the leased fee interest in several of  
8       these developments.

9       The legislature further finds that although the process of  
10      obtaining legislative approval of the sale of the fee interest  
11      in land is an important check and balance to the alienation of  
12      large tracts of state lands, it is a costly and burdensome  
13      process when applied to individual lessee-homeowners. In order  
14      to ensure that the requirements of section 171-64.7, Hawaii  
15      Revised States, are met, in the interim before a legislative  
16      session in which legislative approval is sought, Hawaii housing  
17      finance and development corporation lessees must undergo a  
18      process that takes over a full calendar year to complete before

## H.B. NO. 2327

1 the sale can be closed, assuming that the legislature approves  
2 the proposed sale.

3 The legislature further finds that the intent of Act 176,  
4 Session Laws of Hawaii 2009, was to "establish a more  
5 comprehensive process for the sale of state-owned land, and to  
6 reserve a larger role for the legislature to assure that key  
7 information about certain sales or exchanges of land is shared  
8 with the legislature." It was not the legislature's intent to  
9 unduly burden individual homeowners in subdivisions and  
10 condominiums in which the majority of their neighbors had  
11 already acquired fee simple interest in their homes.

12 The legislature also finds that, because it does not serve  
13 the legislative intent of Act 176, Session Laws of Hawaii 2009,  
14 individual sales of the leased fee interest in a leasehold  
15 condominium unit or single family house lot to its lessee by the  
16 Hawaii housing finance and development corporation should be  
17 exempt from the legislative approval process if the following  
18 conditions exist:

19 (1) One of the corporation's predecessor agencies approved  
20 the sale of the leased fee interest to lessees of the  
21 condominium or development in which the unit or house  
22 lot is located no later than November 4, 1994;

## H.B. NO. 2327

(2) The leased fee interest in more than fifty per cent of all units in the condominium or development in which the unit or house lot is located was sold or otherwise transferred prior to July 13, 2009; and

(3) The sale is to the lessee of record of the unit or house lot.

The purpose of this Act is to exempt certain specific homes and condominium units in affordable developments that fit the above-mentioned conditions from the legislative approval requirements of section 171-64.7, Hawaii Revised Statutes.

SECTION 2. The following house lots, which are not located on lands that were government or crown lands previous to August 15, 1895, or acquired by the State in exchange for such lands, shall be exempt from the requirements of section 171-64.7, Hawaii Revised Statutes:

JUSTIFICATION SHEET

DEPARTMENT: Business, Economic Development, and Tourism

TITLE: A BILL FOR AN ACT RELATING TO LANDS  
CONTROLLED BY THE STATE

PURPOSE: To exempt from legislative approval, the sale of the leased fee interest in certain Hawaii Housing Finance and Development Corporation affordable leasehold developments.

MEANS: Session law exempting specified house lots and condominium units from section 171-64.7, Hawaii Revised Statutes.

JUSTIFICATION: The process of obtaining legislative approval of the sale of the leased fee interest in state-owned land is a costly and burdensome process that takes individual homeowners over a full calendar to complete before the sale can be closed, assuming that the legislature approves the proposed sale.

The intent of Act 176, Session Laws of Hawaii 2009, was to "establish a more comprehensive process for the sale of state-owned land, and to reserve a larger role for the legislature to assure that key information about certain sales or exchanges of land is shared with the legislature." There are individual leasehold house lot and condominium unit owners in developments constructed several decades ago who have the right to acquire the fee interest in their properties, and where the majority of their neighbors have already acquired fee simple interests in their homes. This legislation would allow the remaining homes in these developments that predated Act 176 to be exempt from section 171-64.7, HRS.

Impact on the public:

Will save the administrative costs of shepherding these homes through the legislative approval process, saving time and expense for the subject homeowner.

Impact on the department and other agencies:  
Will reduce administrative burden of continually processing individual house lots and condominium units in the same developments as homeowners become able to purchase the leased fee interest to their homes.

GENERAL FUND: None.

OTHER FUNDS: Minimal impact on the Dwelling Unit  
Revolving fund's administrative expenses.

PPBS PROGRAM  
DESIGNATION: BED 160.

OTHER AFFECTED  
AGENCIES: Office of Hawaiian Affairs.

EFFECTIVE DATE: Upon approval.
