
A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a need for
2 more tourist accommodations, such as agricultural lodges, on
3 lands within the agricultural districts on the island of Hawaii.
4 While agricultural tourism is focused on visitor-related
5 commercial activities or periodic special events designed to
6 promote agricultural activities conducted on working farms,
7 ranches, or produce processing facilities, small scale
8 agricultural lodges will provide an attractive visitor
9 alternative to the existing hotels and resorts particularly on
10 the island of Hawaii, which is the State's agricultural
11 breadbasket. Agricultural lands are far from dense urban areas
12 and allow visitors to enjoy the rural environment with less
13 traffic and light pollution. If food services are provided at
14 an agricultural lodge, the surrounding agricultural lands can be
15 used to grow crops and raise livestock to make locally produced
16 food available to the guests. Further, agricultural lodges will

1 provide employment opportunities for residents in the
2 surrounding areas.

3 The purpose of this Act is to permit agricultural lodges in
4 agricultural districts on lands with soil classified as C, D, E,
5 or U in a county with a population between one hundred and
6 seventy thousand and five hundred thousand.

7 SECTION 2. Section 205-2, Hawaii Revised Statutes, is
8 amended by amending subsection (d) to read as follows:

9 "(d) Agricultural districts shall include:

- 10 (1) Activities or uses as characterized by the cultivation
11 of crops, crops for bioenergy, orchards, forage, and
12 forestry;
- 13 (2) Farming activities or uses related to animal husbandry
14 and game and fish propagation;
- 15 (3) Aquaculture, which means the production of aquatic
16 plant and animal life within ponds and other bodies of
17 water;
- 18 (4) Wind-generated energy production for public, private,
19 and commercial use;

- 1 (5) Biofuel production, as described in section
2 205-4.5(a)(16), for public, private, and commercial
3 use;
- 4 (6) Solar energy facilities; provided that:
- 5 (A) This paragraph shall apply only to land with soil

- 9 (B) Solar energy facilities placed within land with
10 soil classified as overall productivity rating
11 class B or C shall not occupy more than ten per
12 cent of the acreage of the parcel, or twenty
13 acres of land, whichever is lesser, unless a
14 special use permit is granted pursuant to section
15 205-6;
- 16 (7) Bona fide agricultural services and uses that support
17 the agricultural activities of the fee or leasehold
18 owner of the property and accessory to any of the
19 above activities, regardless of whether conducted on
20 the same premises as the agricultural activities to
21 which they are accessory, including farm dwellings as

1 defined in section 205-4.5(a)(4), employee housing,
2 farm buildings, mills, storage facilities, processing
3 facilities, photovoltaic, biogas, and other small-
4 scale renewable energy systems producing energy solely
5 for use in the agricultural activities of the fee or
6 leasehold owner of the property, agricultural-energy
7 facilities as defined in section 205-4.5(a)(17),

10 205-4.5(a)(12);

11 (8) Wind machines and wind farms;

12 (9) Small-scale meteorological, air quality, noise, and
13 other scientific and environmental data collection and
14 monitoring facilities occupying less than one-half
15 acre of land; provided that these facilities shall not
16 be used as or equipped for use as living quarters or
17 dwellings;

18 (10) Agricultural parks;

19 (11) Agricultural tourism conducted on a working farm, or a
20 farming operation as defined in section 165-2, for the
21 enjoyment, education, or involvement of visitors;

1 provided that the agricultural tourism activity is
2 accessory and secondary to the principal agricultural
3 use and does not interfere with surrounding farm
4 operations; and provided further that this paragraph
5 shall apply only to a county that has adopted
6 ordinances regulating agricultural tourism under
7 section 205-5;

14 related to the producer's agricultural
15 operations, and other food items;

16 (C) A retail food establishment owned and operated by
17 a producer and permitted under chapter 11-50,
18 Hawaii administrative rules, that prepares and
