
A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that more of Hawaii's
2 children are entering kindergarten without the physical,
3 cognitive, linguistic, social, and emotional skills necessary to
4 prepare them for success in school life. The preschool open
5 doors program, authorized in 1991, was established to contribute
6 to the school readiness of children, particularly those who have
7 special needs, for whom English is a second language, or who are
8 homeless, by providing a developmentally appropriate experience
9 to prepare children for a public education prior to entering
10 kindergarten.

11 The link between school readiness and success in school is
12 indisputable. Act 13, Session Laws of Hawaii 2002, defined
13 school readiness to mean that "young children are ready to have
14 successful learning experiences in school when there is a
15 positive interaction among the child's developmental
16 characteristics, school practices, and family and community
17 support." According to kindergarten teachers within the

1 department of education, many of the children who do not attend
2 pre-kindergarten programs could be eighteen to twenty-four
3 months behind developmentally than their peers who do attend
4 preschool.

5 When first established, the preschool open doors program
6 provided financial assistance to parents of three- and four-
7 year-old children living at or below seventy-five per cent of
8 the state median income. Act 169, Session Laws of Hawaii 2013,
9 reestablished the preschool open doors program as the statewide
10 school readiness program, but only for children in the year
11 prior to entering kindergarten, namely four-year-olds.

12 The State must commit to efforts to promote school
13 readiness, especially for children with special needs, for whom
14 English is a second language, or who are homeless. By not
15 providing preschool services to these children when they are
16 three years old, their school readiness will likely decrease
17 while they wait to become eligible for these services at four
18 years of age.

19 Therefore, the purpose of this Act is to reestablish
20 eligibility to the preschool open doors program for three- and
21 four-year-old children prior to entering kindergarten. The

1 preschool open doors program will be administered by the
2 department of human services.

3 SECTION 2. Section 346-181, Hawaii Revised Statutes, is
4 amended by amending subsection (b) to read as follows:

5 "(b) Subject to the availability of funds, the program
6 shall serve three- and four-year-old children, with priority
7 extended to:

8 (1) Children who are not eligible to attend public school
9 kindergarten in the calendar year in which they turn
10 five years of age because their birth date occurs
11 after the kindergarten eligibility date pursuant to
12 section 302A-411; and

13 (2) Underserved or at-risk children."

14 SECTION 3. No later than twenty days prior to the
15 convening of the 2018 regular session, the department of human
16 services shall report to the legislature on the following:

17 (1) The number of applicants to the preschool open doors
18 program established pursuant to this Act;

19 (2) The number of applicants that were placed on a
20 waitlist for that preschool open doors program;
