4

5 WHEREAS, the left-most lane on a highway is typically
6 designated as a passing lane; and
7

8 WHEREAS, several states, including California, Connecticut,
9 Georgia, Indiana, Michigan, and New Jersey, have enacted laws
10 referred to as left-lane restrictions, which prohibit larger
11 motor vehicles from using the left-most lane on highways with
12 three or more lanes except to pass or turn left; and
13

14 WHEREAS, there have been studies showing benefits to left-
15 lane restrictions, such as increased average traffic speeds,
16 though some studies have found negative consequences, such as an
17 increase in accidents; now, therefore,
18
