## HOUSE RESOLUTION

---

REQUESTING THAT THE DEPARTMENT OF BUSINESS, ECONOMIC  
DEVELOPMENT, AND TOURISM CONVENE AN INTERNATIONAL MOON BASE  
ALLIANCE COMMITTEE TO PROVIDE RECOMMENDATIONS AND GUIDANCE  
FOR THE DEVELOPMENT OF EVOLVABLE LUNAR ARCHITECTURE ON THE  
ISLAND OF HAWAII.

1 WHEREAS, Hawaii has a strategic location near the equator  
2 and in the middle of the Pacific Ocean, resident expertise in  
3 aerospace-related technologies, and terrain that is similar to  
4 the moon and Mars; and  
5

6 WHEREAS, Hawaii has played a seminal role in the national  
7 space program by providing astronaut training for the Apollo  
8 lunar missions and cutting-edge applications of aerospace-  
9 related technologies in planetary geosciences, satellite  
10 communications, space-based remote sensing, environmental  
11 monitoring, and deep-space surveillance; and  
12

13 WHEREAS, Hawaii has long-standing ties with space-faring  
14 nations worldwide; and  
15

16 WHEREAS, the island of Hawaii's moon-like terrain provides  
17 an ideal environment for the development, testing, and  
18 validation of a prototype moon base that allows humans to live  
19 on the surface of the moon to conduct research and commercial  
20 operations, also known as evolvable lunar architecture; and  
21

22 WHEREAS, the island of Hawaii can create jobs and  
23 educational opportunities for local students, professionals, and  
24 entrepreneurs as a venue for research related to  
25 telecommunications, power generation, food production and life  
26 support systems that would allow interplanetary travel; and  
27

28 WHEREAS, new types of economic activity such as asteroid  
29 mining, space-based solar power generation and the use of lunar  
30 resources could enrich terrestrial civilization and help

1 preserve the Earth's fragile environment and ultimately enable  
2 sustainable human exploration to Mars and beyond; now,  
3 therefore,  
4

5 BE IT RESOLVED that the Legislature requests that the  
6 Department of Business, Economic Development, and Tourism  
7 convene a committee to be known as the International Moon Base  
8 Alliance, comprising representatives from government, industry,  
9 and research institutions to provide recommendations and  
10 guidance for the development of evolvable lunar architecture on  
11 the island of Hawaii; and  
12

13 BE IT FURTHER RESOLVED that the Department of Business,  
14 Economic Development, and Tourism is requested to extend  
15 invitations to join the International Moon Base Alliance without  
16 compensation to representatives of relevant government,  
17 industry, and university organizations, including but not  
18 limited to:  
19

- 20 (1) Hawaii-based organizations, including the Office of  
21 Aerospace Development, the Hawaii Aerospace Advisory  
22 Committee, the Pacific International Space Center for  
23 Exploration Systems, the Hawaii Space Laboratory at  
24 the University of Hawaii at Manoa, and the Hawaii  
25 Space Exploration Analog and Simulation program;  
26
- 27 (2) The National Aeronautics and Space Administration,  
28 including but not limited to the Space Portal at NASA  
29 Ames Research Center and the Exploration Integration  
30 and Science Office at the Johnson Space Center;  
31
- 32 (3) Other appropriate federal entities and national space  
33 agencies, including but not limited to the Federal  
34 Aviation Administration, United States Pacific  
35 Command, and United States Army Pacific;  
36
- 37 (4) The Lunar Exploration and Analysis Group;  
38
- 39 (5) The University Space Research Association, including  
40 the Lunar and Planetary Institute;  
41

- (6) Major corporations representing aerospace, information technology, renewable energy, robotics, manufacturing, and other appropriate industrial sectors;
- (7) National space advocacy organizations, including the National Space Society, the Lunar Explorer Society, the Space Frontiers Foundation, and the American Astronautical Society; and
- (8) Global space agencies and organizations, including the United Nations Office for Outer Space Affairs, the International Lunar Exploration Working Group, the International Space Exploration Coordination Group, and the Committee on Space Research; and

BE IT FURTHER RESOLVED that the Department of Business, Economic Development, and Tourism is requested to use its resources and technology to encourage virtual meetings in order to submit an interim report on the progress of the development of evolvable lunar architecture on the island of Hawaii to the Legislature, including any findings, recommendations, and necessary proposed legislation, no later than twenty days prior to the convening of the Regular Session of 2019, and a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2020; and

BE IT FURTHER RESOLVED that certified copies of this Resolution be transmitted to the Governor; the Director of the Department of Business, Economic Development, and Tourism; the National Aeronautics and Space Administration; the Federal Aviation Administration; United States Pacific Command; and United States Army Pacific.
