# A BILL FOR AN ACT

---

RELATING TO THE KUPUNA CAREGIVERS PROGRAM.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that with 16.5 per cent  
2 of Hawaii's population being sixty-five years or older, and with  
3 projections of an increase to 19.4 per cent by 2020 and 23 per  
4 cent by 2030, caring for Hawaii's kupuna is a high priority of  
5 the legislature.

6       The legislature finds that currently there are 154,000  
7 unpaid family caregivers in Hawaii who are taking care of their  
8 parents, spouse, or other relatives who need extra care. Family  
9 caregivers play a crucial role in the State's health care system  
10 by providing long-term care to the elderly, all unpaid. It is  
11 imperative to ensure that while caregivers are looking after  
12 their loved ones, the caregivers must also take care of  
13 themselves and have the necessary support and services to  
14 sustain their own health as well as the health of the family  
15 member for whom they are caring.

16       To address this issue, the kupuna caregivers program was  
17 established on July 6, 2017, aiming to provide families in need

1 of extra support services with additional resources to cover a  
2 variety of services such as: adult day care, assisted  
3 transportation, homemaker services, and many more important  
4 services to qualified kupuna. The program ensures that  
5 caregivers continue earning their own retirement benefits, which  
6 helps businesses retain experienced workers and provides peace  
7 of mind that loved kupuna are well cared for while caregivers  
8 remain in the workforce. This program allows caregivers who are  
9 juggling their own employment with their caregiving  
10 responsibilities to simultaneously take care of their kupuna and  
11 themselves.

12 Since the establishment of the kupuna caregivers program,  
13 the executive office on aging has reportedly received hundreds  
14 of calls from Hawaii residents wishing to receive the benefits  
15 of the program. While the creation of the program was an  
16 important first step, the legislature believes that the program  
17 requires additional second year funding to have the impact it  
18 needs. With the high volume of residents showing interest in  
19 the program, the current funding needs to be increased in order  
20 to better serve the people of Hawaii.
