SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF HEALTH TO CONVENE A REGIONAL
CESSPOOL MODERNIZATION TASK FORCE WITHIN EACH COUNTY OF THE
STATE.

1 WHEREAS, Act 125, Session Laws of Hawaii 2017, among other
2 provisions, required the Department of Health to investigate and
3 report to the Legislature on:

4
5 (1) The number, scope, and location of cesspools statewide
6 that require:

7
8 (A) An upgrade or conversion to a septic system or
9 aerobic treatment unit system; or

10
11 (B) Connection to a sewerage system; and

12
13 (2) The priority of upgrading, converting, or connecting
14 cesspools; and

15
16 WHEREAS, in December 2017, the Department of Health
17 submitted its report to the Legislature; and

18
19 WHEREAS, the Department of Health's report, among other
20 findings:

21
22 (1) Noted that Hawaii has eighty-seven thousand nine
23 hundred inventoried cesspools, which put an aggregate
24 total of approximately fifty-three million gallons of
25 raw sewage into the State's groundwater and surface
26 waters every day;

27
28 (2) Estimated that the cost of upgrading, converting, or
29 connecting each inventoried cesspool in the State
30 could cost approximately \$20,000 or more per cesspool,

1 or \$1,750,000,000 in the aggregate, with an average
2 construction investment of \$54,700,000 per year from
3 2018 to 2049; and
4

- 5 (3) Identified fourteen areas within the State, containing
6 an aggregate total of 42,730 cesspools, as priority
7 areas for upgrading, converting, or connecting
8 cesspools; and
9

10 WHEREAS, in its report, the Department of Health noted that
11 issues relating to cesspools are complex and involve access to
12 municipal sewer systems, local geology, cesspool density,
13 receiving waters, and most-appropriate treatment technology;
14 now, therefore,
15

16 BE IT RESOLVED by the Senate of the Twenty-ninth
17 Legislature of the State of Hawaii, Regular Session of 2018, the
18 House of Representatives concurring, that the Department of
19 Health is requested to convene a regional cesspool modernization
20 task force within each county of the State for the purpose of
21 investigating the feasibility and potential impacts of the
22 department's findings and recommendations in its December 2017
23 report to the Legislature on cesspool replacement in light of
24 health, safety, geographic, and economic considerations; and
25

26 BE IT FURTHER RESOLVED that, at a minimum, the following
