

JAN 30 2018

SENATE CONCURRENT RESOLUTION

REQUESTING THE FEDERAL COMMUNICATIONS COMMISSION TO REQUIRE ALL
TELEVISION STATIONS THAT BROADCAST IN HAWAII TO DEDICATE
TIME SLOTS TO EDUCATE THE GENERAL PUBLIC THROUGH PUBLIC
SERVICE ANNOUNCEMENTS ON HOW TO PREPARE FOR NATURAL AND
MAN-MADE DISASTERS.

1 WHEREAS, Hawaii's geographic location puts the islands at
2 risk of various natural disasters, such as tsunamis, hurricanes,
3 and tropical storms; and
4

5 WHEREAS, man-made disasters are also a threat to the safety
6 of Hawaii's residents and visitors, especially in light of
7 recent domestic and international events; and
8

9 WHEREAS, while there are safety measures in place in the
10 event of natural and man-made disasters, much of the public
11 remains unaware of the proper procedures to take during any type
12 of disaster; and
13

14 WHEREAS, the recent scare of a false ballistic missile
15 threat proved that regardless of safety measures the State has
16 in place, the public is not sufficiently educated on the
17 necessary steps and procedures to take in the event of a real
18 disaster; and
19

20 WHEREAS, although disaster procedures and related
21 information are available online, not all of the public has
22 access to the Internet; therefore, it is important to give the
23 public a variety of means to access disaster procedures and
24 related information to cover all the platforms of information
25 dissemination, which includes television, radio, and the
26 Internet; and
27

28 WHEREAS, public safety, especially in the context of
29 emergency preparedness, can be effected through collaboration
30 with the federal government; and

S.C.R. NO. 23

1
2 WHEREAS, the Federal Communications Commission regulates
3 interstate and international communications by radio,
4 television, wire, satellite, and cable in the United States and
5 is the federal agency responsible for implementing and enforcing
6 the United States' communications law and regulations; now,
7 therefore,
8

9 BE IT RESOLVED by the Senate of the Twenty-ninth
10 Legislature of the State of Hawaii, Regular Session of 2018, the
11 House of Representatives concurring, that the Federal
12 Communications Commission is requested to require all television
13 stations that broadcast in Hawaii to allocate time slots in
14 their programs to broadcast public service announcements to
15 educate the public on how to prepare for all disasters, natural
16 and man-made, in Hawaii; and
17

18 BE IT FURTHER RESOLVED that certified copies of this
19 Concurrent Resolution be transmitted to the Chairperson of the
20 Federal Communications Commission and Hawaii's congressional
21 delegation.
