## SENATE RESOLUTION

---

URGING THE OFFICE OF HOMELAND SECURITY AND OFFICE OF PLANNING TO  
FORM A CRITICAL INFRASTRUCTURE AND RESILIENCY COUNCIL, WITH  
CONSULTATION FROM THE DEPARTMENT OF BUSINESS, ECONOMIC  
DEVELOPMENT, AND TOURISM.

1 WHEREAS, Hurricanes Irma and Maria devastated Puerto Rico,  
2 causing extensive damage to the island's electrical  
3 infrastructure, with recent estimates predicting that power in  
4 Puerto Rico will not be fully restored until spring of 2018,  
5 leaving some residents without power for half a year; and  
6

7 WHEREAS, the prolonged lack of electrical power has left  
8 the residents of Puerto Rico without essential services and has  
9 created a humanitarian crisis; and  
10

11 WHEREAS, interdependencies between different critical  
12 infrastructure sectors, including energy, water, transportation,  
13 and communications, underscore the need for systemic resiliency  
14 planning; and  
15

16 WHEREAS, as an island state, Hawaii is particularly  
17 susceptible to natural disasters, similar to the ones Puerto  
18 Rico recently faced; and  
19

20 WHEREAS, the Hawaii Emergency Management Agency estimates  
21 that under a best-case scenario, it would take at least fourteen  
22 days after landfall of a category four hurricane on Oahu to  
23 restore eighty percent of grid power, but most public emergency  
24 shelters in the State do not have the capacity to provide two  
25 weeks of electrical service, and relief from the mainland is  
26 dependent upon a functioning airport and seaport; and  
27

28 WHEREAS, climate change means the number of extreme weather  
29 events like Hurricanes Irma and Maria will continue to increase;  
30 and  
31

1 WHEREAS, the Department of Business, Economic Development,  
2 and Tourism has sufficient funds to support a group focused on  
3 enhancing the critical infrastructure and grid resiliency in the  
4 State; now, therefore,

5  
6 BE IT RESOLVED by the Senate of the Twenty-ninth  
7 Legislature of the State of Hawaii, Regular Session of 2018,  
8 that the policy of the State be to ensure that the State is  
9 prepared to withstand natural disasters and other emergencies  
10 and protect the State's critical infrastructure and its citizens  
11 by making investments in grid resiliency; and

12  
13 BE IT FURTHER RESOLVED that the goals of this resiliency  
14 policy are to:

- 15  
16 (1) Prevent or reduce the severity of damage to the  
17 electric grid from a natural disaster or state of  
18 emergency;  
19  
20 (2) Enable faster recovery of normal grid operations after  
21 a grid outage due to a natural disaster or state of  
22 emergency; and  
23  
24 (3) Maintain critical loads at critical infrastructure,  
25 such as hospitals, fire stations, police stations,  
26 airports, and seaports during a grid outage due to a  
27 natural disaster or state of emergency; and  
28

29 BE IT FURTHER RESOLVED that in order to realize this  
30 resiliency policy, the Office of Homeland Security and Office of  
31 Planning are urged to form a Critical Infrastructure and  
32 Resiliency Council, with consultation and support from the  
33 Department of Business, Economic Development, and Tourism; and  
34

35 BE IT FURTHER RESOLVED that the Council is requested to  
36 include the following members or their designees:

- 37  
38 (1) The Director of Homeland Security, who is requested to  
39 serve as co-chair of the council;  
40  
41 (2) The Director of the Office of Planning, who is  
42 requested to serve as co-chair of the council;

- (3) The Administrator of the Hawaii Emergency Management Agency;
- (4) The Director of Transportation;
- (5) The Executive Officer of the Public Utilities Commission;
- (6) The directors of each of the county emergency management agencies; and
- (7) The directors of each of the county water supply departments; and

BE IT FURTHER RESOLVED that the Council is encouraged to invite representatives of the following entities or industries to join the Council:

- (1) Each electric utility company operating in Hawaii;
- (2) Each telecommunications company serving at least one hundred thousand customers in Hawaii; and
- (3) Each fuel importer and fuel refiner operating in Hawaii; and

BE IT FURTHER RESOLVED that the Council is requested to:

- (1) Establish strategies, goals, priorities, and recommendations to enhance the security and resiliency of the electric grid and other critical infrastructure sectors in the State, and give appropriate consideration to interdependencies between the sectors and to differing needs of communities based on location, access to resources, and vulnerabilities; and
- (2) Assess the capacity and availability of existing resources and identify new sources of revenue necessary to enhance resiliency of critical infrastructure sectors; and

1  
2 BE IT FURTHER RESOLVED that the Council is requested to  
3 submit a report summarizing its findings, recommendations, and  
4 the status of actions to enhance electric grid and other  
5 critical infrastructure sector security and resiliency to the  
6 Governor, Legislature, and Mayor and County Council of each  
7 county no later than twenty days prior to the convening of the  
8 Regular Session of 2019, and every two years thereafter; and  
9

10 BE IT FURTHER RESOLVED that certified copies of this  
11 Resolution be transmitted to the Director of Homeland Security;  
12 Director of the Office of Planning; Director of Business,  
13 Economic Development, and Tourism; Director of Transportation;  
14 Administrator of the Hawaii Emergency Management Agency;  
15 Executive Officer of the Public Utilities Commission; directors  
16 of each of the county emergency management agencies; and  
17 directors of each of the county water supply departments.
