ON HOUSE BILL NO. 1985, H.D. 1, PROPOSED S.D. 1

> April 5, 2018 9:30 a.m. Room 211

RELATING TO LAND USE

House Bill No. 1985, H.D. 1, Proposed S.D. 1, establishes the Mauna Kea Management Authority to manage the Mauna Kea lands; creates the Mauna Kea Management Revolving Fund to pay for the Authority's expenses; appropriates \$800,000 in general funds for FY 19 for start-up costs for the Authority; and appropriates \$250,000 in Mauna Kea Management Revolving Funds for FY 19 for administration, capital improvement projects and other purposes.

While the Department of Budget and Finance takes no position on the establishment of the Mauna Kea Management Authority, as a matter of general policy, the department does not support the creation of any revolving fund which does not meet the requirements of Section 37-52.4, HRS. Revolving funds should: 1) serve a need as demonstrated by the purpose, scope of work and an explanation why the program cannot be implemented successfully under the general fund appropriation process;

- 2) reflect a clear nexus between the benefits sought and charges made upon the users or beneficiaries or a clear link between the program and the sources of revenue;
- 3) provide an appropriate means of financing for the program or activity; and
- 4) demonstrate the capacity to be financially self-sustaining. With regards to House Bill No. 1985, H.D. 1, Proposed S.D. 1, it is difficult to determine whether the revolving fund will be financially self-sustaining.

Thank you for your consideration of our comments.

HB 1985 as originally passed by the House was a modest and reasonable bill, requiring that the BLNR "provide an annual report to the Legislature with information regarding the value, current zoning, and status of resource value public lands" that it holds.

The proposed SD 1 modification to HB 1985, however, guts this modest language and essentially is a means to "sneak" the nearly universally opposed SB 3090 through the back door.

While Senator Kahele claims that this bill has significant changes compared to SB 3090, it relies on the same faulty premises and will result in the same catastrophic consequences.

Despite literally **hundreds of testimonies in opposition to this plan** from both sides in the debate of over Maunakea with almost zero support, the legislature still seems intent in pushing it forward for reasons that are unclear to anyone.

If astronomers, PUEO members and other pro-TMT Hawaiians, cultural practitioners, Hawaiian sovereignty activists, TMT protesters, and everyone in between see this bill as disastrous, perhaps the legislature should admit that this bill is in fact a mistake and let it die a quick death.

I STRONGLY oppose this bill. While I appreciate the intent of this bill to protect the cultural and natural resources of Maunakea, its specific motivation to create an entirely new management authority is misplaced and the bill, if implemented, would bring about disastrous consequences.

First, I simply and strongly disagree that OMKM should be replaced another, entirely new agency. While the bill rightly notes that the 1998 state audit of Maunakea's management was highly critical, the Office of Mauna Kea Management was formed and the 2000 Master Plan was formulated in direct response to management criticisms, constituting "a new organizational structure, management system, and procedures." The 2014 audit was not nearly as negative as this bill's language seems

to imply, instead noting that "UH and BLNR have made progress in implementing many of [the office's] recommendations", finding that "UH and DLNR's updated plans, leases, and observatory permits provide an improved framework for protecting Mauna Kea lands."

Any fair-minded assessment would also conclude that OMKM is diligently implementing recommendations made by the 2014 auditor's report, as described last summer in "Follow-Up Audit of the Management of Mauna Kea and the Mauna Kea Science Reserve"). The report concludes that as of last year 4 of the 7 currently-applicable recommendations have been implemented at least in large part. Many of the non-implemented recommendations are held up by other agencies/offices, not OMKM. For instance, the completion of Recommendation 2 hinges on feedback received during the administrative rules process which must be initiated by the governor's office. Even then, there is new progress. For example, the University has now completed draft administrative rules (previously stalled by the governor's office) which have been approved and reviewed by Kahu Ku Mauna and MKMB.

As described by numerous testimonies at the recent BLNR meeting (Jan. 26), the difference in management of Maunakea pre-OMKM and under OMKM is night and day: the mountain is highly regulated, the ranger program does well with ensuring safe access, and the observatories are clean and free of trash/debris surrounding them. The community at large acknowledges OMKM's stewardship of Maunakea in tangible ways. The Kona-Kohala Chamber of Commerce has now twice honored OMKM with its PÅ «alu Award, in 2016 for its innovative, community-focused activities focused on environmental protection and last year for the agency's Long-Term Historic Property Monitoring Plan. The Historic Hawaii Foundation likewise lauded OMKM its protection of cultural resources through this plan.

These positive assessments are in line with my own experience, as an astronomer by vocation and a frequent visitor to the summit of Maunakea since 2006. The past 11 ½ years have provided me ample opportunities to witness OMKM's ability to care for and manage Maunakea. I firmly believe that OMKM excels at the exceptionally difficult task of managing and protecting the natural and cultural resources of Maunakea, while providing an unrivaled center for scientific discovery through astronomical research and safe access to the summit for a wide range of visitors. I have found OMKM personnel to be highly professional and knowledgeable about the many facets of Maunakea that Hawai'i residents value.

Second, the bill if implemented would, at best, create unnecessary and significant chaos, severely impeding the stewardship of a mountain so many Hawai'ians hold dear. This bill would take effect upon its approval. In doing so, the bill would remove numerous experienced, seasoned managers and effective infrastructure of management essentially overnight. In its place, it would put an entirely new

infrastructure, new people, filled with stakeholders who do not necessarily have any experience at all in managing a conservation district, and expect them (on day one) to manage this very complex and challenging place. This is a recipe for disaster.

Coupled with the ostensibly extremely short timeline for implementation is extremely loose language about the status/possible renegotiation of current subleases and future development on the mountain that could either be weaponized against the astronomy community or alternatively allow the university to skirt rules. For instance, the cap of 13 telescopes on the mountain is vague. Would the entirety of CSO need to be removed for TMT to even put up fencing on its site for construction? Alternatively, would removing the mirror for Hoku'kea count as "removing a telescope"? This imprecision only invites more legal challenges. Another example. Almost the entire community (the majority in favor of TMT and minority opposed) believes there should be limits on new development, with Governor Ige suggesting that TMT should be the last new site developed. While the bill caps the number of telescopes, there is no language in the bill that would, say, prevent development (after TMT) on currently undisturbed sites, only that the total footprint is capped (and how would this be determined? SMA's 'footprint' by some definitions is adjustable).

The bill suggests that the current subleases "shall be transferred to the authority and shall be subject to renegotiation upon mutual agreement of the parties." This is insane. The current subleases, which are legally binding contracts, run through 2033. How exactly will this 'mutual agreement' be reached? All this will accomplish is entangling the authority in an endless string of lawsuits, which will only enrich the pocketbooks of lawyers and otherwise satisfy no one.

While the legislature should be commended for their interest in the management of Maunakea, I strongly feel that this bill, taken in its entirety, just makes things much worse.

Certainly, there are aspects of Maunakea's management that could be improved. For example, through the adoption of the administrative rules or other means, the rangers should be given greater enforcement powers. I personally would also like to see substantial revisions to the way in which the Visitor's Center is run. Other specific items in the bill are good ideas: e.g. requiring that, as a condition of their sublease renewals, the telescopes follow TMT's lead and describe in a formal way how they will give back to the community through more local jobs and greater educational opportunities. The community would benefit from improving the existing, working system through these focused additions considered in a future legislative session rather than this bill.

If the legislature seems absolutely intent on passing a bill on something related to the

management of Maunakea, the absolute worst thing to do is to pass a bill that has bipartisan opposition such as this one. A much better option would be to focus on targeted issues (in a special legislative session or next year) that have broad, bipartisan support, including enforcement powers for rangers, conditions for the renewal of subleases, and giving OMKM administrative rules. If there are to be any substantial and fundamental changes to management of Maunakea in the future, they should express the consensus of the community at large.

Maunakea is revered by so many in Hawai'i. It is special to me as well, both professionally and personally. It must be protected and its cultural and natural resources preserved. This bill does not protect Maunakea but will damage it. I am thankful for the dedication and expertise of OMKM personnel who excel at protecting this special place.

Aloha. I oppose HB1985 HD1 since there appears to be no recourse for the public to appeal decisions made by this new management authority. I also feel this hasty attempt in gutting the original bill HB1985 and replacing it with this proposed bill demonstrates a desperate last minute legislative end run on a complex issue. There are points in this proposed bill that are worthy of more discussion, though. Mahalo.

I am opposed to HB1985. The comprising of the members is too geared toward the business money aspect and not enough toward the protection of cultural and spiritual aspects. I noticed a seat will filled specifically with an astronomer, yet there is no seat for specifically one of the Mauna protectors, which is unacceptable. If the astronomer gets a seat at the table then the counter position should also be ensured a seat. I do not support the process in which the members would be appointed through the governor and an advisory council, there is no community input in the selection process and it does not ensure a culturally sensitive selection process. HB1985 was not properly vetted and we given very little time to read, understand, and respond to the sudden changes.

Aloha

my name is Donna Grabow and I oppose house bill 1985 because it is another attempt to bypass land-protection laws

The land at the top of Mauna Kea was deemed "Government Lands" under the Mahele.

It has been proved that the Kingdom of Hawai`i was illegally overthrown. This has been recognized by Public Law 103-150 signed by President Clinton. This has also been recognized by the Permanent Court of Arbitration in The Hague in the case of Larsen v the Kingdom of Hawai`i. Thus, the Executive Orders that supposedly changed the designations of the land atop Mauna Kea are illegal and invalid. The "Government Lands" of Mauna Kea should NOT be developed for Astronomy nor for any other development.

We are strongly OPPOSED to this measure and we are concerned that some of you have stated that a so called form letter is not a valid form of voting. This is offensive and absurd, democracy is based on one person one vote. In the case of SB 3090 SD 1 which has not been switched and and placed into HB 1985 SD1) received hundreds of votes (something on the order of 900 votes to only 8 votes cast with the Opposition leading). It is concerning to say the least that some are treating our votes as not meaningful or constructive enough. This is really offensives and it offends democracy at its core. 900 votes is exactly the voice and the will of the majority of people and it is must be consider but lawmakers and taken into account to "kill" this bill now!!! KAI KAHELE: STOP NOW.

This bill is a betrayal of very sacred trust you built with many people.

These are people with real kuleana to Mauna Kea.

It is NOT OKAY.

Our peope do not take this kind of betrayal lightly. A man's word is sacred, and you have broken yours, and you know it. Bad chiefs must be taken down. That is the law of this land, upon which our Kĕ nĕ wai are built. I do not want to see you taken down by your own people.

You can do better, and fight for their rights.

But to do this, you must LISTEN TO THEM, as our Queen admonished long ago. You must NOT go against their will. To do so is to betray them. It is to sell them. It is to arrogantly presume you know what is best for the land, over those who have such an intrinsic connection to the mountain that they would put their lives into its protection.

I ask that YOU call for the rightful demise of HB 1985 HD1, Proposed SD1, because it is the right thing to do.

It is very damaging to the economy of Hawai'i County, and the health of science in the world.

We need to leverage and expand our scientific activities in Hawaii, not try to slowly destroy them as this Bill (HB1985- SD1) seems to want to do.

Science can should, and needs to be an additional and major leg to our State economy, providing income and a future for all of our citizens.

I support the efforts to raise awareness, engage all the stakeholders and community members, and to build bridges to resolve the longstanding issues concerning the management, use, financial, and respect for the Mauna and the Hawaiian Culture as reflected in HB 1985, HD1, proosed SD2.

The effort to bring people together to seek common ground in resolving these longstanding issues on Mauna Kea is laudable and is something I support.

I will augment my written testimony with my oral comments at the WAM hearing later this morning.

Testimony in Opposition to Establishing and Appropriating Funds for a Mauna Kea Management Authority

Bill Identifier SB3090 SD2

Aloha e Hawaii State Legislature:

I oppose the establishment of a Mauna Kea Management Authority introduced by Dela Cruz, English, Espero, Galuteria, Harimoto, Inouye, K. Kahele, Keith-Agaran, Kidani, Kim, Nishihara, Shimabukuro, Wakai, S. Chang, K. Rhoads, Riviere, and Taniguchi. Senate Bill 3090 SD 2 establishes the Mauna Kea Management Authority. It limited the number of telescopes that may be authorized on Mauna Kea. It authorizes the renegotiation of leases, subleases, easements, permits, and licenses pertaining to Mauna Kea. It requires that revenue derived from activities on Mauna Kea be shared with the Office of Hawaiian Affairs. It excludes Mauna Kea lands from the definition of "public lands". It provides for free access to Mauna Kea for traditional cultural purposes. It establishes police powers and provides for enforcement of laws on land under the jurisdiction of the Mauna Kea Management Authority. It appropriates funds.

I write as a Kanaka Maoli and a student at the University of Hawaii of Manoa, and while my voice may not come from a position of power, I have closely followed the events that have unfolded around Mauna Kea over the past decade considering both science and culture, politics and justice, and it is precisely those voices which may not be attached to any position or title which should be heard more consistently, given more considerate thought, because they are the large majority of the voices on this island.

I oppose the Mauna Kea Management Authority measure for several reasons and will discuss a few key reasons below.

1. The progress of this bill through the legislature continues to silence the voices of Kanaka Maoli. Despite 700 testimonies in opposition to Senate Bill 3090 (SD1 Proposed) and only four in support of the creation of a Mauna Kea Management Authority, the Senate Higher Education and Water and Land Committee passed SB 3090 SD1 Proposed with amendments. Despite open and vocal participation, the bill has not undergone a thorough vetting process by the very people upon whom it would have the most significant cultural impact. As a result of the lack of vetting, the bill does not accurately represent the interests or wants of the Kanaka Maoli and continues to only uphold the appearance of providing support to Kanaka Maoli. The Aha Moku Advisory Committee have noted that kupuna find the bill lengthy, and difficult to digest, and the same can be said of college students, of which the bill had to be reviewed several times over to understand the myriad of implications contained therein. Adequate time should be given so all community members whom are able to review, process, and form opinion are able to provide

informed testimony that should be taken into account in new drafts. Continuing to move this bill through the process has and will only exacerbate the feeling of disrespect on the behalf of the government towards the Kanaka Maoli in their disregard for Indigenous voices of objection and builds upon the history of the overthrow of our independent government in spite of national protest despite going through the "legal" hoops.

- 2. The bill facilitates the development and management of Mauna Kea instead of conservation and preservation. The Mauna Kea Management Authority as described within the build operates as a property manager; leasing to other organizations, continue development on Mauna Kea to fund future management; and reserves Authority member seats for business experts without prerequisite regarding their Hawaiian cultural knowledge or genealogical tie to the mauna. Furthermore, the Mauna Kea Management Authority would be attached to the Department of Accounting and General Services, whose missing does not include conservation. The focus upon revenue generated from Mauna Kea through leases and commercial tourism fees through sections 44 and 45 dilute and deride from the true cultural importance of Mauna Kea, which has been the banner under which efforts in opposition to the University of Hawaii's management of the mauna have rallied for years. Section 38 regarding management of access and the establishment of a visitor kiosk as well as a shuttle service to provide individuals with access to the summit of Mauna Kea emphasizing the running of the mauna as though it were primarily a tourist destination. The emphasis throughout this bill on corporate interet and tourism is unsettling in the context of the fight for Mauna Kea being primarily a cultural one. Providing monetary support to the Office of Hawaiian Affairs via business transactions conducted on the Mauna Kea treating the mountain as another lot of land to be bought and sold and toured is not the end game which many activists Kanaka Maoli have fought for. These powers give the Mauna Kea Management Authority the power to exploit and limit access to Mauna Kea through the establishment of entrance fees and management rules and regulations without guarantee that its arbitrary decisions will be in the best interests of Kanaka Maoli.
- 3. While this bill limits the number of telescopes allowed on Mauna Kea, it does not stop the building of the Thirty Meter Telescope (TMT) or any industrial developments. The fight in today's political climate regarding Mauna Kea has primarily revolved around the TMT and by that extended to criticisms of the University of Hawaii's mismanagement and the Board of Land and Natural Resources criticisms. While legislation limiting construction on the mountain is appreciated, it does not address what has and continues to be the central argument: That TMT should not be built upon Mauna Kea. Moreover, the creation of the Mauna Kea Management Authority undermines pending litigation and sidesteps the efforts of a public resolution by relegating Mauna Kea into the hands of yet another governmental body without public input and consideration.
- 4. The bill establishes the Mauna Kea Management Authority under the appointment of the Governor, whose appointments in the past have already demonstrated a questionable track record in the decision to choose individuals who will considerately consider public input.

Individuals appointed by the governor and in accordance with statements such as: a director of business, economic development, and tourism; the president of the Association of Hawaiian Civic Clubs; the president of the East-West Center; a member of the Native Hawaiian Bar Association; a member of the Royal Order of Kamehameha and resident of the island of Hawaii; a representative of a statewide business organization; a member of a private organization invited by the senate; and a member of a private organization invited by the house of representatives. These broad and vague distinctions do not apply qualifications that specifically address issues of conservation, preservation, and cultural integrity. I call into question the ability of the governor to appoint individuals to the Mauna Kea Management Authority without explicit guidelines guiding his decisions in light of the controversies that have surrounded the Board of Land and Natural Resources, which was similarly appointed by the governor, controversies that have included Samuel Gon who has called criticism for being the Board's cultural advisor and voting yes to the construction of the TMT and the criticism brought forth in the hearings that the BLNR did not conducted a public hearing for public input prior to voting and the appointment of a pro-TMT judge to preside over the case, all despite public objection. In all cases of who the Mauna Kea Management Authority should consist of, the legislature must ask who bears the kuleana to speak on the behalf of the lahui on the topic of Mauna Kea to begin with, keeping in consideration that kuleana is always tied to place and genealogy, that it is always relational, that the mauna is for many of us, an ancestor. There is much more to be taken into consideration of who has the kuleana and who has the ability to represent the lahui on the issue of Mauna Kea that this bill inadequately addresses. Furthermore, a much greater emphasis on the lahui's involvement must be placed upon any governing body before it can be said to genuinely represent the Hawaiian peoples beliefs and feelings in government.

This bill draws concerns because there has been a lack of effort into community education, meaningful input, and consensus on the impacts of this bill on the future of Mauna Kea. Senator Kaiali'i Kahele has only recently begun hosting sessions within the community addressing public concerns, and these sessions are limited by venue, time, and resources to adequately cover all aspects of the bill that must be addressed before it should be allowed to continue to pass through the legislature. It is concerning that the language of this bill may keep changing as it moves through legislature without consist review and input from the public. I would like you to consider this bill in the context of a land that has repeatedly experienced the justices of the American justice system and its governmental bodies because of inability to participation in its legal processes. I would like you to consider this bill in the context of the genealogical ties between Kanaka Maoli and Mauna Kea, why we would be overly wary of continued legislation of the mauna in consideration of the history of the State of Hawaii and the University of Hawaii in its mismanagement of the mauna and over land and natural resources throughout the years. Our ability to aloha aina; to recreate, regrow, and transform relationships has been obstructed repeatedly by issues that this bill will exacerbate including privatization and institutional limitations. This bill has the potential to be supported, however, it must be continuously improved through public forum before it should be allowed to enter the legislature and be potentially passed into law. I hope that you will do more to recognize the importance of Mauna Kea to our culture and history, rather than minimizing us once again.

Respectfully, Nikki Dutro Student of Sociology University of Hawaii at Manoa

Comments:

I do not think that this piece of legislation is worth the States time to pursue. There are no deficiencies that I am aware of with the current Mauna Kea Management Plan. Senator Kahele would be better served to champion legislation that positively affects the entire Big Island population rather than the special interests of a vocal minority.

Additional Comments:

I urge you to oppose this bill. Hundreds of people have made it very clear that we do not want projects as huge as the TMT to be fast-tracked, by passing laws and due process. An investment group not getting their way fast enough is no reason to pass a law to try to help the investors while trampling on the rights of Hawaiians and all people who call Hawai'i home. Mauna Kea is not for sale. If we do not start working with the earth, and our abundant yet fragile resources, we are only screwing ourselves. "When the last tree is cut, the last fish is caught, and the last river is polluted; when to breathe the air is sickening, you will realize, too late, that wealth is not in bank accounts and that you can't eat money."--Alanis Obomsawin

Additional Comments:

HB1985SD1 should not be resurrected into something that would allow the University of Hawai'i to take advantage of our Aina, our Wai, our Lahui for the choice of 1 telescope. Kanaka lands must be kept in Kanaka hands. The foreigners figure things are still the same..THEY get decide what's best for the Kanaka. A simple question..Who was here first? Not the foreigner

Additional Comments:

Please stop the desecration. Stop profits over sacred places. Why is it that Mt. Sinai &, Fuji would be considered sacred but Mauna Kea for Hawaiians be treated like a tourist destination. Any appointments coming from the Governor would compromise the integrity of our most sacred spaces. Our culture, our people, and our Aloha is not for sale. Ke Akua pu!

Subject: Testimony in Support of HB1985 HD1 Proposed SD1

Date: Thursday, April 5, 2018 9:51:19 AM

Aloha,

I am in strong support of HB1985, HD1 Proposed SD1. I believe this proposed draft offers a real solution to protecting sacred Mauna Kea. The University has failed repeatedly to protect this sacred cultural landscape. OMKM is not a suitable management entity. They should not continue to be given another opportunity to mismanage this resource. This proposed draft substantially turns over management authority over to Hawaiians, which is long overdue.

Please pass this bill out the proposed SD1.

Mahalo,

Trisha Kehaulani Watson-Sproat, JD, PhD

yes

I OPPOSE House Bill 1985 SD1
Proposed:-The creation of the MKMA
undermines pending litigation in the
Hawai'i State Supreme Court regarding
the future of sacred Mauna Kea and its
fragile environments and sidesteps
powerful efforts of Kanaka Maoli and
the public toward healing and
resolution.

yes

Additional Comments:

I truly beleive anyone who thinks this is a good bill then they should spend a solid week on the Mauna in meditation and pule! Enough is enough, please keep our sacred spaces SACRED. This is the kuleana of all Hawai'i residents. Never forget it is all about the Keiki! Just say no to all commercialism and greed thought forms and Aloha Aina!

Additional Comments:

I am the great granddaughter of Rebecca Pomaikai Paresa of Waihe'e Maui.. direct descendant of King Kamehameha. She signed the Ku'e petition and I as her descendant do stand in her name. To the authors of these bills that are harassing the existence of our Aina: No matter which jargon you use to create chaos, we DO NOT approve TMT. We DO NOT approve any more leasing/desecration of our Mauna a Wakea or any other WAHI PANA of the Hawaii pae Aina. Reference the most recent court ruling in which it was found reason to address concerns of abuse of Aina at Pohakuloa, by the state of Hawai'i with the assustance of DLNR, and UH as well as all lessees and the US government.. should exit the Mauna at this time and discontinue any effort to develop and/or infest these places. Discontinue tourism in these areas. Discontinue pollution of these areas. Remove ALL TRACES OF DESECRATION from our Mauna. Forevermore. Mahalo, Noelani Paresa

Additional Comments:

I have been an educator for thirty plus years. i also am one of the 900 who submitted testimony in opposition to Bill 3090 which died in the House. Now, you are trying to sneak in another bill that would give MKMA the power to undermine the Supreme Court. This is UNACCEPTABLE. What happened? Do you not pay attention to the voices of your constituents? If passed, I will personally find out exactly who approved and make sure you are not re-elected. Shame on you!!

I OPPOSE House Bill 1985 SD1
Proposed:-The creation of the MKMA undermines pending litigation in the Hawai'i State Supreme Court regarding the future of sacred Mauna Kea and its fragile environments and sidesteps powerful efforts of Kanaka Maoli and the public toward healing and resolution.

Additional Comments:

I find it outrageously deceptive to have taken the language of SB 3090 and ibserted it in another bill. Why? What is the reasoning for trying to SNEAK this through? What is the big rush to make this law? Trying to undermibe the Supreme Court Hearings perhaps? Sure feels like it to me! There are some severe problems with this bill. Although Senator Kahele has gone into the community, his focus was on how we got to this point on Mauna Kea and not in explaining the bill itself! I attended the Hilo presentation after watching 2 livestreams. I left with more questions than I had before. The solution will be found only after the upcoming audit! Making a new appointed agency and giving them carte blanche is a horrible proposal. If true community input was sought, you folks would know some of the problems we have with this bill. Very disappointing that ELECTED representatives are not representing and are in fact SNEAKING this through! Please do the right thing and vote NO! For if you force this through by these deceptive means then truly you yourselves would be the crooks!

Additional Comments:

I support the Audit and Decommissioning of the existing Telescopes, Mauna Kea is Not for Sale our Kupuna have stated that in decades of lawsuits, contested case hearings, community meetings, testimonies... STOP IT... AUDIT and wait for existing Supreme Court cases to be finalized. BTW... 94 pages is just ridiculous with a less than 24 hour turn around for testimony. So keeping it simple, I support the Mauna Kea Petitioners, Mauna Kea Anaina Hou and those involved in the advocacy to Aloha and Malama Mauna Kea for the last 20 years... #MaunaKealsATemple #LeaveTheMaunaAlone We had a community plan, The Temple Report, and it was dismissed because it called for NO FURTHER BUILDING ON THE MAUNA... duh... Ouit Shaming our Lahui and trashing our Kupuna's legacy...

Testimony of Lamaku Mikahala Roy, Kahu Ahu'ena Heiau Kamakahonu. Hawai'i

Re: SB_3090; HB_1985

Hawaii State Capitol, Rm 211 Honolulu, Hawaii

April 5, 2018

Senator Kahele and Other Distinguished Members of Legislative Committees (of Higher Education, Water & Land and Ways and Means),

I am Lamaku Mikahala Roy, Kahu of Ahu'ena Heiau at Kamakahonu Hawaii. I inherit the walk begun by my father, Kahu David Keli'ihelemauna Roy, Jr. who led the restoration of Ahu'ena Heiau in the 1970's. I am a Healer and a Teacher who begins anew the work of Kulana Huli Honua, Foundation of the Search for Wisdom within the land archive for Kamakahonu, Hawaii named Halau No'eau Kahelemauna; the House of Wisdom of the Mountain-Roaming-Chief.

Ahu'ena Heiau at Kamakahonu is the Seat of the Living Fire of Akua-mana-mana-loa, Divine Creator Most High God. It is the first Heiau in the Pacific of the modern era restored for and by 'Oiwi, people of the bones of the Pacific. Here, erected and dedicated to stand forever is the Lana-nuumamao, the Oracle upon the Earth. The Great Ancestors of 'Oiwi who guided King Kamehameha the Great guided the descendants born after him. It was Liholiho, King Kamehameha II who responded this way when his wisdom was praised,

Na wai ho'i ka 'ole o ke akamai he alanui i ma'a i ka hele 'ia e o'u mau makua? Who would not be wise upon a path so well traveled by my ancestors?

I have oral testimony to share to help you in deliberations pertinent to the sacred mountain of Earth, Mauna a Wakea. I've traveled from Kona today to present this testimony alo i ke alo; in person, for it is mea nui; the matter of the utmost importance as I was unable to attend hearings on Hawaii.

Kamakahonu is the Capital of the Kingdom of Hawaii restored today by Alii Nui Mo'i Edmund K. Silva, Jr. Nou Ke Akua ke Aupuni O Hawai'i. Such is the proclamation of Akua-mana-mana-loa by Akua and by the Ancestors of 'Oiwi on the path of Light of Akua (Divine Creator Most High God).

Among Great Ones before us, Ke Alii Naluahine Ka'opua was the man named Konohiki of Kamakahonu in the Kingdom of Hawaii. Living to be well over 100 years of age, Ke Alii Naluahine Ka'opua is a cherished patriarch in family lines of Hawaii who descends in the lineage of Highest Divine Ones.

It is the voice of Spirit of this great Royal Ancestor and Others that guides me in this testimony and guides the work developing at Halau No'eau Kahelemauna at Kahalu'u Kona for Hawaii and Earth.

Testimony of Lamaku Mikahala Roy Kahu, Ahu'ena Heiau, Kamakahonu Hawaii

Public Hearing of the U.S. Department of Interior Advanced Notice of Proposed Rulemaking (ANPRM) Kealakehe High School, Kona, Island of Hawaii July 3, 2014

I, Lamaku Mikahala Roy, say 'A'OLE, NO to all five questions and 'A'OLE, NO to the proposed Amendments to the Administrative Rules and Regulations in Proposed Rule - Federal Registry, Vol. 79, No. 119 dated Friday, June 20, 2014.

As the mechanical pencil sharpener operated by the cultivated thrust of electricity creates an outcome for a worn pencil, the hearings called abruptly by the U.S. Department of Interior in the Hawaiian Islands bring the issue of the occupation of the Kingdom of Hawaii by the United States to a sharp point.

MAKA'IHE. It is the point of the (*Heaven-Sent*) Spear. Not a spear of violence; it is a Golden Spear of Wisdom and Clarity.

Kamakahonu, the first Capital of the Kingdom of Hawaii unified by Kamehameha the Great stands. 'The Eye of the Turtle' remains the stronghold of Akua (Divine Creator's) enforcement of the life of the Kingdom of Hawaii throughout ko Hawaii pae 'aina (the Hawaiian Islands), including Papahanaumokuakea, the Northwestern Hawaiian Islands.

Akua and the Ancestors of 'Oiwi hold the spiritual unity of all members of the Kingdom of Hawaii past, present and future. As Lamaku, Spiritual Guardian of Kamakahonu, I here express the conveyance of the Ancestors of 'Oiwi (first people of Hawaii and the Pacific); the founders of the Kingdom of Hawaii. The Ancestors proceed from Akua Manamanaloa (Divine Creator) of all Life known by different names over the earth.

As rays emanate from the Sun, let all mankind who love and support Hawaii's Divine Mission to lead a troubled world and planet back to peace and balance answer a call to gather physically and spiritually at Kamakahonu to support the restoration of the Kingdom of Hawaii begun by Alii Nui Mo'i Edmund K. Silva, Jr. The Ancestors of 'Oiwi support the restoration of the Kingdom of Hawaii and inspire many streams of effort in this dynamic process.

Lamaku Mikahala Roy Kahu, Ahu'ena Heiau, Kamakahonu Accompanying email message:

Aloha Kakou,

Mankind and all life forms live in their sea of communication with Divine World. Humbly, respectfully and truthfully, I here convey the Guidance of the Ancestors of 'Oiwi at Kamakahonu, given me for the purpose of presenting my testimony in the ANPRM hearings called by the U.S. Department of Interior.

Please see the July-August issue of Ke Ola magazine (pages 62-64) below for more related information.

We live our testimony each and every day. Our living testimony is so strong that it emanates to the most important place of all ~ to the hearts of our children. Our greatest virtue has always been Aloha. Love is what we choose, its what we know, its who we are. Imagine....having to, in this day, rise to defend this? Have others forgotten that Truth is Love? Sacred world confirms that a TIME draws nigh in Hawaii. Do you love your children? Then ACT to give them nothing less than the whole of Hawaii that belongs to them by their birthright.

Hau'oli Na Lani Ke Weo i Ka Honua Heaven Rejoices by the Glow Upon the Earth

Here is the conveyance that comes from the Ancestors expressing how the flames igniting again in the na'au of the Kanaka Maoli at DOI hearings are being viewed from Heaven.

E Kia'i i ke Ahi Protect the Flame

Is the good phrase to use to speak of what we are doing today.

E Kanaka 'Oiwi and all those who truly love Hawaii, we descend from the Highest Light, what can't we do by Divine Creator who lives in us?

If our Pacific Ancestors laid the tracks for what became all faiths on Earth, then this would tell why at our core we seek harmony and are called firstborn of Akua. There's a reason why all people find comfort upon our shores. Kanaka Maoli unite in our Homeland so that future generations may cherish what our oldest generations did.

Like the artesian waters that bubble up, the truth may not be held back. Lake Waiau upon Mauna Kea is filled with Spirit in the waters of life now. Protect t his Mountaintop and Hawaii for the benefit of all mankind. Re-read the first conveyance from the Ancestors of 'Oiwi below. Listen to your living inheritance within ~ it is the heartbeat of your ancestors who call to us now....

Here is my Testimony and this is is surely my Song...

Lamaku Mikahala Roy Kahu, Ahu'ena Heiau Kamakahonu Hawaii Kamakahonu@gmail.com

MESSAGES FROM THE ANCESTORS TO KANAKA MAOLI

GUIDANCE I MARCH 4, 2010

A Whale has beached itself upon the shoreline at Pololu Valley. Akua and the Ancestors speak by the coming of this great whale. The water brings the wisdom of the Creator bringing wisdom of the Kupuna. Where the animal passes and places itself is important. The Whale is on the Pololu shoreline. It is as if it is upon the Pololu Trail extending into the sea.

The Wisdom of the Creator brings us the Wisdom of the Kupuna.

The whale died for the purpose of saving the wildlife of the oceans. He died because of the effect of the sonar beams now used by the military. These practices are affecting all wildlife in the oceans. The whale died because it brings a message to Kanaka Maoli.

"Stay on the Trail of the Ancestors"

King Kamehameha is speaking to us, "DO NOT GIVE THE LANDS AWAY." The whale has beached itself at the shore in an area that feeds into the Pololu Trail. The whale is presently in two parts. The two parts tell of the two divisions we as a people find ourselves in. Some no longer believe in or know the goodness of our Hawaiian way of life. Their hearts are no longer open to our people's first teachings. Many of us believe in Christianity over our Hawaiian way.

The God of the Christians is the same God of our Ancestors. The only difference is that we don't know who we are.

The Trail is ONE, we, 'Oiwi are divided – Kanaka Maoli come together as ONE, NOW. Do Not let the U.S. divide us, it is Our Trail, they are Our Ancestors.

When we step off the trail into a field of 'A'A lava, we are hurt, but if we walk the trail that has been prepared for us, we are safe and we reach our destination.

Office of Mauna Kea Management Mauna Kea New Master Lease EIS Hearings

Public Testimony of Lamaku Mikahala Roy, Kahu Ahu'ena Heiau, Kamakahonu Hawaii 'Imiloa Astronomy Center; 5:30 – 8:30 pm, Hilo Hawaii

February 5, 2015

I open my portion of comments tonight in this EIS process by Oli which is the pule (prayer) to Akua Manamana Loa (Divine Creator) and Divine World here.

I am Lamaku Mikahala Roy, Kahu of Ahu'ena Heiau at Kamakahonu. Kamakahonu is the first Capital of the Kingdom of Hawaii unified by Kamehameha the Great. The Ancestors proclaim Mauna Kea the mountain of Akua (Divine Creator). Theirs is the Call to stop desecration. They thank, support and enforce all who have shown great courage to defend the Land and Spirit here.

I have not given my permission for use of any of my images used in your displays tonight. They must be removed or, to continue their use, OMKM must make corrections that meet my approval, reflecting the truth of the history of Kahu Ku Mauna. It is the group that began named 'Ahahui Ku Mauna.

These photos lead the public to believe I am in favor of the continued development of Mauna Kea. Nothing could be further from the truth. As I look around this room at faces of people I've met and have worked with, I'm moved to say "you ought to be ashamed ~ do you call this the carriage of Truth?"

I met some of you in a journey begun prior to 2000. I was asked to join my father, the late Kahu David K. Roy, Jr., in his position on a committee named 'Ahahui Ku Mauna. That committee was convened with the energy of the American / Hawaii-state political system represented by the late Senator Daniel K. Inouye.

Dan Inouye personally called together persons such as my father who led Kanaka Maoli in the restoration of the first Heiau of the modern era in Hawaii, Ahu'ena Heiau, at Kamakahonu, Kona. Inouye also called on the late Uncle Sonny Kaniho, Pua Kanahele, Larry Kimura and others with a love for Hawaii & Hawaii's true traditions to convene with astronomers who had a love for astronomy. The goal was to help establish a bridge of *mutual* understanding and respect between the Hawaiian people and world Astronomers. The Hawaiian people in those days were stalwart in their strong resistance to further development of Mauna Kea. They desired the disassembly of the existing telescopes and non-renewal of the lease of these ceded lands and so did all members of what became Kahu Ku Mauna.

Astronomers and their state supporters said they were interested in the cosmology of 'Oiwi (people of the bones) of the Pacific. By my walk of experience I can say, they were not and they are not interested. This journey became another stream of acts to achieve the goal of acquiescence in Hawaii's public targeting 'Oiwi and non-'Oiwi who understood the Kingdom of Hawaii was occupied by the U.S. 'Oiwi still own their voices and their land.

In aloha 'aina I stand with the families of this land who trust Akua for the restoration of the Kingdom of Hawaii. As Lamaku of Ahu'ena Heiau, I delivered the following message in the 2014 U.S. Department of Interior ANPRM hearings in Hawaii. The Ancestors of Hawaii support the restoration of the Kingdom of Hawaii led by Alii Nui Mo'i Edmund K. Silva, Jr.

AHU'ENA HEIAU · KAMAKAHONU, HAWAII

HĀLAU NO EAU KAHELEMAUNA HOWE OF WIDOM OF THE MOUNTAIN - ROAMING CHIEF LAND ARCHIVE & OFFICE OF THE KAHU

Aloha Kakou e ka 'Ohana,

In the mid 1970's Ahu'ena Heiau at Kamakahonu Hawaii was restored by 'Oiwi. David Kahelemauna Roy, Jr. led that effort for Akua and became Kahu of Ahu'ena Heiau by Akua and the people in the 'Aha Kumu Pono at Kamakahonu. Ahu'ena Heiau is the first restored temple of worship in the Hawaiian Islands of the modern era.

Kahuna La'au Lapa'au Morrnah N. Simeona said that the seventies were a time of great spiritual growth for Hawaii and her people. Among numerous efforts carried out meaningfully in the communities, Hokule'a traveled to Kahiki, Ho'oponopono was implemented in the Geneva Convention and taught to the world and Ahu'ena Heiau was restored in the Hawaiian Islands.

This restoration of Ahu'ena Heiau (Burning Altar -- referring to the Great Light there) was guided by Akua in the hearts of the men who came from all islands with the main working crew coming from Kona. There was no Office of Hawaiian Affairs, no presence of a state historic preservation department only dedicated and faithful individuals with pride for the heritage of 'Oiwi, pride in their bloodlines and respect for the First Capital of the Kingdom of Hawaii and all that came with it.

In 2005, I succeeded my father as Kahu of Ahu'ena Heiau. By loving communication with the Ancestors beginning for me in these past years, I'm instructed by them of the name our people have held for the station I inherit by Akua and my father.

I am guided by Akua and by Ancestors who serve Akua Manamanaloa in the Pacific. I learn and teach the cosmology of the first faith of Hawaii, 'aina kulaiwi; ke 'aina mauliauhonua.

Mililani i Ke Akua,

Lamaku Mikahala Roy, Kahu Ahu'ena Heiau

Meeting of Mauna Kea 'Ohana; HCC campus, Hilo Hawaii Comments of Lamaku Mikahala Roy, Kahu, Ahu'ena Heiau Kamakahonu, Hawaii

Aloha mai kakou,

I am Lamaku Mikahala Roy from Kona and I appreciate all the mana'o being brought forward today. I'm grateful for all gatherings to form and relate as Mauna Kea 'Ohana.

The Ancestors of 'Oiwi are active and worldwide, people actively engage with Divine Realm. In 2010, the commemoration of the 200th anniversary of the unification of the Hawaiian Islands by Kamehameha the Great, Divine Conveyances from the Ancestors of 'Oiwi began at Kamakahonu.

On Mother's Day, 5-10-2015, a woman received a telepathic message from an 'io, she reported, in Waikoloa. She saw in her mind's eye, the bird's features, colors and markings and was told where to look to find him. Driving along the highway, she soon did come upon the One who called her. He had passed on.

This woman made a call that came to me. I went to prayer in the noon hour of that day. A powerful Divine Conveyance came forward. Please see attached. Here is what I'd like to share with you all today. Between the first & second meetings of the Mauna Kea 'Ohana, this event and a most significant ceremony related to it took place.

First, please read the attached full message. Then, I'd like to make emphasis by what is in my na'au today to share with you related to it. Here are my words of emphasis.

Akua, in this Divine Conveyance, proclaims Mauna a Wakea to be the Holy Mountain of Creator and best representation of Kaluaokalani. Akua confirms in Hawaii, Spirit is honored by Akua's Firstborn, na Hiapo. As such, Akua still Guides in the care of the Hawaiian Islands. Akua proclaims a leader by genealogy and divinity, Alii Nui Mo'i Edmund K. Silva, Jr. and the support system formed with the people, Nou Ke Akua Ke Aupuni O Hawaii (For You, Akua, the Government of Hawaii).

Safety comes by Life with Akua. In the desire for Safety and Protection of the Hawaiian Islands from further desecration of Lands and Spirit of 'Oiwi, I hope that the 31 persons arrested and all who support Mauna a Wakea will agree that Guidance from the Source for Hawaii has been received.

Let the Heavenly Lands be protected along with the people by Akua. Let transparent relating characterize the true and worthwhile efforts of aloha 'aina and aloha ka po'e.

E Ho'ola i ke Aupuni Pono'i ~ Revive the government rooted in the righteousness of Akua for the lands and the people.

The Message of the Sacred, Royal Messenger in Waikoloa is:

'O ka pono ke hana 'ia

A iho mai na lani

WINDS OF LOVE SWIRL SURROUNDING MAUNA KEA UPON THE EARTH EXTENDING OUTWARD TO THE MOST DISTANT REALMS OF SILENT AND RESOUNDING SPACE.

GREAT WINDS CARRY THE LOVE OF DIVINE CREATOR FOR ALL CREATION FROM THE LARGEST TO THE SMALLEST MATTER. GREAT WINDS OF LOVE REMIND ALL LIFE WHERE YOU COME FROM ~ ON THIS DAY TO HONOR MOTHERS AND MOTHERHOOD ~ NOW RECALL AND HONOR THE CREATOR OF ALL LIFE.

LET THIS DATE, 5-10-2015, REMIND US FOREVER OF 'IO (10) THAT DELIVERS A MESSAGE AND CONFIRMATION. THE RESTORATION OF THE KINGDOM OF HAWAII IN THE COMPLETE HAWAIIAN ARCHIPELAGO OF ISLANDS IS IN PROCESS.

MANKIND FORGETS THAT ALL OF CREATION BELONGS TO ME, YOUR DIVINE CREATOR. ONE OF MY FORMS ON EARTH IS THE '10 SEEN IN ITS HOME IN HAWAII. HOW IS IT THAT WORDS ARE EXPRESSED BUT THEN FORGOTTEN?

Psalm 24: 1 "The Earth is the Lord's, and the fullness thereof; the world and they that dwell therein. For He has founded it upon the seas and established it upon the rivers."

IN HAWAII, THE WORDS YET LIVE ~ SPIRIT IS HONORED BY MY FIRSTBORN, KNOWN AS HIAPO. KALUAOKALANI IS THE NAME THAT AMONG OTHER TRANSLATIONS MEANS "THE SECOND HEAVEN." IT IS THE LOVING FIRST HOME OF DIVINE WORLD AND HUMANKIND; THE FIRST HOME OF DIVINE BEINGS AND MAN. HERE LOVE WAS THE VIBRATION THAT PERMEATED AND MADE ALL LIVE IN HARMONY AND THRIVE.

THE NAME OF THE LAND PERSISTED THROUGH PRESENT GENERATIONS AND IS NOW BEING REINVIGORATED.

KALUAOKALANI IS PERHAPS BEST REPRESENTED BY HER TALLEST MOUNTAIN PEAK, YET SHE HAS NUMEROUS WONDROUS REPRESENTATIONS IN THE WATERFALLS, THE VALLEYS, THE RIVERS, THE SEAS. THE PEAK IS MAUNA A WAKEA; MY HOLY MOUNTAIN AND PLACE HELD IN GREATEST REVERENCE.

LET THIS BE THE COMMEMORATION OF THE DAY HEAVENLY HAWK IN WAIKOLOA CONVEYED MY MESSAGE TO THE GREATEST AND THE SMALLEST OF MY CREATIONS IN THE PLACE I'VE PREPARED TO SERVE THE EARTH AND MANKIND. LET KALUAOKALANI AWAKEN ALL TO LOVE AND HARMONY.

THE RESTORATION OF THE KINGDOM OF HAWAII LED BY ALII NUI MO'I EDMUND K. SILVA, JR. AND NOU KE AKUA KE AUPUNI O HAWAII IS UNDERWAY. THE UNITY OF 'OIWI OF THE PACIFIC IS HELD IN SPIRIT BY THEIR ANCESTORS WHO SERVE ME.

FROM THE VERY FIRST KINGDOM ESTABLISHED AT KAMAKAHONU, MY HOLY LIGHT HAS SHINED THROUGHOUT ALL MOVEMENTS OF MAN.

NOW BY THE READINESS OF ALL WORKERS FOR LIGHT AND WORKERS FOR MY HOLINESS THROUGHOUT THE WORLD DO I PROCLAIM MAUNA A WAKEA MY HOLY MOUNTAIN AND KO HAWAII PAE 'AINA AS LANDS OF KALUAOKALANI NOW OCCUPIED BY THE UNITED STATES OF AMERICA.

NOU KE AKUA KE AUPUNI O HAWAII BY ALII NUI MO'I EDMUND K. SILVA, JR. IS ENFORCED TO RESTORE MY HOMELAND THE PACIFIC AND ALL OF MY CREATIONS FOR THE GOOD OF ALL LIFE AND TIME TO COME.

HE 'OIA'I'O NO. TRUTH INDEED.

Aloha Honorable Senators,

I implore you to oppose HB1985, SD1. I am disturbed this legislative intent has persisted among some despite the overwhelming public opposition. It is my hope that this is the last we see of this, and the Senators of these committees will respect the will of the public on these matters. There is no better reason to represent the constituents of Hawaii than for justice and integrity on behalf of the greater good using democratic principles.

I am going to cite these common objections provided by protectors of Mauna Kea whom I trust and defer to on the appropriate management and cultural protocol on the Mauna. And I will refer you to the testimony of SB3090, a similar measure equally inappropriate and unwelcome by most.

Despite 900 testimonies in opposition to (the now dead) Senate Bill 3090 and only 8 testimonies in support, the language of SB 3090 was resurrected in HB 1985 SD1 Proposed.

This Bill gives the MKMA the power to give 65 year leases, transfer title, and grant licenses and easements WITHOUT public auction.

With an effect date as early as July 1, 2018 and no provisions preventing new telescope development, this bill can be used as a vehicle to "legally" permit the Thirty Meter Telescope by the end of this year which could create a "Standing Rock" like situation here in Hawai'i.

The creation of the MKMA undermines pending litigation in the Hawai'i State Supreme Court regarding the future of sacred Mauna Kea and its fragile environments and sidesteps powerful efforts of Kanaka Maoli and the public toward healing and resolution.

For those reasons and many more cited in opposition to SB3090, the origin of HB1985, I strongly urge you to kill this legislation indefinitely. What would be most prudent, would be to conduct an audit of the management of Mauna Kea as suggested by the Mauna Kea Hui in the Temple Report. I advise if you have any questions on these matters, that you consult with Kealoha Pisciotta to start.

I do not believe mismanagement of Mauna Kea will be fixed by a different type of mismanagement which is unsupported by the majority of the public involved and a poor representation of public will in the legislature, if it were to pass.

Thank you for your consideration.

Best,

Nomi Carmona

Re: Petition Signatures - Regarding Support for HB1985. Proposed SD1

Dear Senators:

We are Ho'omanapono, Political Action Committee (HPAC), a SUPER PAC dedicated to EMPOWERING THE PEOPLE & GIVING VOICE TO THE VOICELESS. We are so proud to present to you, a wide coalition of community support for HB1985. Proposed SD1. from both Native Hawaiians and non-Native Hawaiians, from Hau'ula, Waimanalo, Hawaii Kai, Wahiawa, Kapolei, and the Waianae Coast, we humbly request that you give due consideration to our VOICE.

We are simply tax paying citizens, who believe in that the STATUS QUO of Mauna Kea is ABSOLUTELY UNACCEPTABLE, and that COMPLETE CHANGE IS A MUST. It must be noted that NOT EVERYTHING in the bill is acceptable, for which we submit a separate WHITE PAPER to set forth our objections and/or requested amendments. However, if the bill were to pass AS IS & UNAMENDED, we still feel that it is better than having the STATUS QUO. MAHALO.

Therefore, we are honored to present to you the names of individuals who wish to support Kekoa Kaluhiwa's nomination as Deputy Director of DLNR. Although for the record, we ask the Water & Land Committee to take Legislative Notice that the undersigned signatories PREFER that Mr. Kaluhiwa be named the Director of DLNR rather than the Deputy Director. Our signatures of STRONG SUPPORT are from:
