TESTIMONY BY WESLEY K. MACHIDA
DIRECTOR, DEPARTMENT OF BUDGET AND FINANCE
TO THE HOUSE COMMITTEE ON FINANCE
ON
SENATE BILL NO. 683, S.D. 2, H.D. 1
AND SENATE BILL NO. 686, S.D. 2

April 4, 2017
3:00 p.m.
Room 308

SB 683, S.D. 2, H.D. 1: PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION

SB 686, S.D. 2: RELATING TO EDUCATION FUNDING

Senate Bill No. 683, S.D. 2, H.D. 1, proposes to amend the Constitution of the State of Hawaii to authorize the Legislature to establish a surcharge on residential investment property and visitor accommodations in order to fund public education. To implement the constitutional amendments, Senate Bill No. 686, S.D. 2, amends Chapter 302A, HRS, and establishes an education surcharge on residential investment property and visitor accommodations, specifies the uses of the surcharge for public education, sets the amount of the surcharge to be collected by the counties, and establishes the Education Special Fund.

The Department of Budget and Finance offers the following comments on these bills. Under the Hawaii Constitution, the State has total responsibility for many functions that are performed by or shared by local governments in most other parts of the United

States. These include the public school system, libraries, public welfare, and jails, etc. The counties' major areas of responsibility and expenditure are for primarily property-related services, such as police and fire protection, waste disposal, water and sewer facilities, streets and parks.

Because of this division of responsibilities, the Hawaii Constitution appropriately assigns to the counties the exclusive use of real property taxation. Using the property tax to fund a State function as proposed in these bills represents a fundamental departure from the current constitutional structure of functions and revenue sources.

Thank you for your consideration of our comments.

DAVID Y. IGE
GOVERNOR

KATHRYN S. MATAYOSHI
SUPERINTENDENT

STATE OF HAWAI`I
DEPARTMENT OF EDUCATION
P.O. BOX 2360
HONOLULU, HAWAI`I 96804

Date: 04/04/2017
Time: 03:00 PM
Location: 308
Committee: House Finance

Department: Education

Person Testifying: Kathryn S. Matayoshi, Superintendent of Education

Title of Bill: SB 0683, SD2, HD1 PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

Purpose of Bill: Proposes amendments to the Constitution of the State of Hawaii to advance the State's goal of providing a public education for the children of Hawaii by authorizing the legislature to establish, as provided by law, a surcharge on residential investment property and visitor accommodations. (SB683 HD1)

Department's Position:
The Department of Education (Department) offers comments on SB683 SD2 HD1. The Department has made every effort to wisely spend appropriations provided, but funding levels have not kept pace with 2008 funding levels, adjusted for inflation (as measured by the Consumer Price Index). Education is a good investment as we continue to see positive gains. A funding increase would provide additional supports for students, teachers and schools; additional innovations; ensure compliance with federal and state laws; contract or labor agreements; and support Board of Education policies, and Department priority strategies and strategic plan initiatives.

Thank you for your continued support of education and the opportunity to provide comments on SB683 HD1.

Hawai'i State Capitol
Honolulu, HI 96813

Dear Chair Luke and Members

RE: SB 683, SD2 HD1
Proposing Amendments to Articles VII and X of the Constitution of the State of Hawai'i to Authorize the Legislature to Establish a Surcharge on Residential Investment Property and Visitor Accommodations to Increase Funding for Public Education

As a former teacher myself, I fully appreciate the efforts of this Legislature to properly fund education. However, I cannot support SB 683, SD 2, HD 1, and must speak against it.

Effect on Real property tax. The County of Hawaii, as is true of the other counties, has little or no control over its revenue except in one area, real property taxes, and the County relies overwhelmingly on real property taxes to fund its operations. The burden of that tax can be heavy for many residents, but since it is virtually the only tool we have, we use it the best we can.

A surcharge on residential investment properties would obviously limit County options and make it even more difficult to balance our budgets. Therefore, we have to jealously guard this taxing authority, and ask that you not breach this line of authority.

Effect on TAT. Given our County’s limited resources, we are fortunate that the Legislature has seen fit to allow the counties to share in the TAT. That has been a great help, and we thank you for it.

However, this source of revenue is under constant pressure, and even this session the Legislature is being asked to increase the counties' share of TAT so that we can better serve our constituents and visitors. The TAT pie can only be divided into so many pieces, and a surcharge on visitor accommodations, even for the most noble of purposes, will obviously limit what can be raised and spent elsewhere.

Please do not deprive the counties of this needed source of revenue, by dividing the pie even further.

If this bill does pass, we would ask that the wording of the question posed to voters more clearly reflect the impact it would have on counties and real property taxes. Saying "Shall the legislature be authorized to establish, as provided by law, a surcharge on residential investment property and visitor accommodations to fund a public education for all of Hawaii's children?" skews the issue unfairly in favor of a "Yes" vote. Language explaining that counties will probably have to raise property taxes overall, to offset some or all of this earmark, would level the playing field.

Respectfully,

Harry Kim
Mayor

COUNTY OF MAUI

BEFORE THE HOUSE COMMITTEE ON FINANCE

Tuesday, April 4, 2017
3:00PM Conference Room 308

SB 683, SD2 PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

SB 686, SD2 RELATING TO EDUCATION FUNDING.

Honorable Sylvia Luke, Chair
Honorable Ty J.K. Cullen, Vice Chair
Honorable Members of the House Committee on Finance

Thank you for this opportunity to testify in **OPPOSITION** of SB683, SD2, and SB686, SD2.

SB683 proposes to amend the State of Hawaii Constitution to authorize the legislature to establish a surcharge on residential investment property and visitor accommodations to fund quality public education. SB686 would implement the constitutional amendments by amending Chapter 302A, HRS.

While we all agree that quality education is extremely important, I do not believe that the State Constitution should be amended to obtain these funds.

It seems clear that the authors of Hawaii Constitution made a deliberate and calculated decision to divide the responsibilities between the state and counties. The State, unlike many other jurisdictions, has sole responsibility for our public education system (as well as prisons, libraries, etc.). The Counties were assigned the responsibilities for mostly property-related services such as fire and police protection, sewer, waste and water facilities.

Given the division of responsibilities the Constitution also divided the taxing authority. It provides the State a broad range of taxing authority and, as it relates to the matter at hand, gives the State the ability to consider imposing other taxes to increase funding for public education. The **only** taxing authority reserved for the Counties is the taxation of real property. Real property tax is the sole source of revenue which all four Counties can rely upon and have direct control over; and, any legislation that would allow the State to take from this would result in the Counties having less revenue and ability to responsibly run our operations.

Accordingly, as Mayor of Maui County, I humbly ask that the State Legislature not allow the State to use the only tax reserved for the Counties to fund a function solely reserved for the State. Such action would represent a major break from the structural foundation of our State Constitution, and would significantly impact the Counties' ability to manage operations and keep our residents and visitors safe.

Thank you for considering our testimony in **opposition** to SB683, SD2, and SB686, SD2.

Sincerely,

Alan M. Arakawa

April 3, 2017

To: Honorable Chair, Sylvia Luke,
Honorable Vice Chair, Ty J.K. Cullen
Committee on Finance

From: Stanley A Sitko, Real Property Tax Administrator
County of Hawai'i

Subject: Comments on SB683 and SB686, Relating to Education Funding

SB683 and SB686 attempts to establish an education surcharge on residential investment properties and visitor accommodations for the purpose of funding public education. We would like to humbly request that the Finance Committee not pass both bills.

There were good reasons many years ago when the state turned over jurisdiction for real property taxes to the counties. While under good intentions, these bills have too many unintended consequences and it is not practical to consider pursuing.

Over the years since the counties started to maintain their own real property taxes and codes, elected officials have changed not just their respective tax rates but the programs, deadlines, exemptions, dedications, appeals and tax sale procedures. In addition, our collection section is located within the Real Property Tax office while at other counties, collections is located within the Treasury Division.

The County of Hawai'i does not collect or have access to most of the data that is being proposed in this bill as exemptions, therefore, it is unrealistic to require our county to collect it solely for this purpose.

We cannot support, maintain or sustain this implementation. The cost to implement is too costly and the 5% proposed administrative fee the State is proposing the counties receive is too low. The amount of money the state is looking to collect for the Department of Education based on these bills is not realistic as our own calculations revealed an amount much lower.

Our county was not consulted on this proposal and it is our strong belief that our data was utilized in a misleading manner for imposing this surcharge. Our office does not support this measure as is or in any amended form.

Sincerely,

Stanley A Sitko

Oppose - SB 683, SD2, HD1 Relating to Funding for Public Education

The County of Maui, Real Property Assessment Division (RPAD) opposes SB 683, SD2, HD1, Relating to Funding for Public Education as the bill proposes amendments to Articles VII and X of the State Constitution to authorize the Legislature to establish a surcharge on residential investment property and visitor accommodations to fund public education.

I believe it is in Article VIII, section 3 of the State Constitution that reserves to the State, except that all functions, powers and duties relating to the taxation of real property shall be exercised exclusively by the counties.

The State, unlike the Counties, has a broader range of taxing authority and can impose other taxes to help fund public education.

Thank you for the opportunity to testify on this matter.

Sincerely,

Scott K. Teruya, AAS
Real Property Tax Administrator

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE

PERSON TESTIFYING: Lynn Hammonds for the HTSB

DATE: Tuesday, April 4, 2017

TIME: 3:00 pm

LOCATION: State Capitol Conference Room 308

TITLE OF BILL: SB 683, SD2, PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

PURPOSE OF BILL: Proposes amendments to the Constitution of the State of Hawaii to advance the State's goal of providing a public education for the children of Hawaii by authorizing the legislature to establish, as provided by law, a surcharge on residential investment property and visitor accommodations. (SD2)

Chair Luke, Vice Chair Cullen, and Members of the Committee on Finance:

The Hawaii Teacher Standards Board (HTSB) **supports** SB683, SD2, to create additional funding for Hawaii's public schools by amending the Constitution of the State of Hawaii so the Legislature may establish a surcharge on residential investment property and visitor accommodations. Hawaii's public schools, and ultimately children, families and all citizens will benefit from a stronger public school system in need of properly trained and licensed teachers, lower class sizes, a comprehensive curriculum including adequate support for students with special needs and the arts for all children, and Career and Technical Education. The question, "What is needed to support and improve public schools?" is asked every year. The answer is "Full funding for programs that support a comprehensive education for each child." Please support this amendment to the Constitution to provide the much needed funding to ensure public schools are able to provide Hawaii's Keiki with the education they deserve.

Thank you for the opportunity to testify.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE

RE: SB 683, SD 2, HD 1 - RELATING TO EDUCATION FUNDING.

TUESDAY, APRIL 4, 2017

COREY ROSENLEE, PRESIDENT
HAWAII STATE TEACHERS ASSOCIATION

Chair Luke and Members of the Committee:

The Hawaii State Teachers Association **strongly supports SB 683, SD 2, HD 1**, relating to education funding.

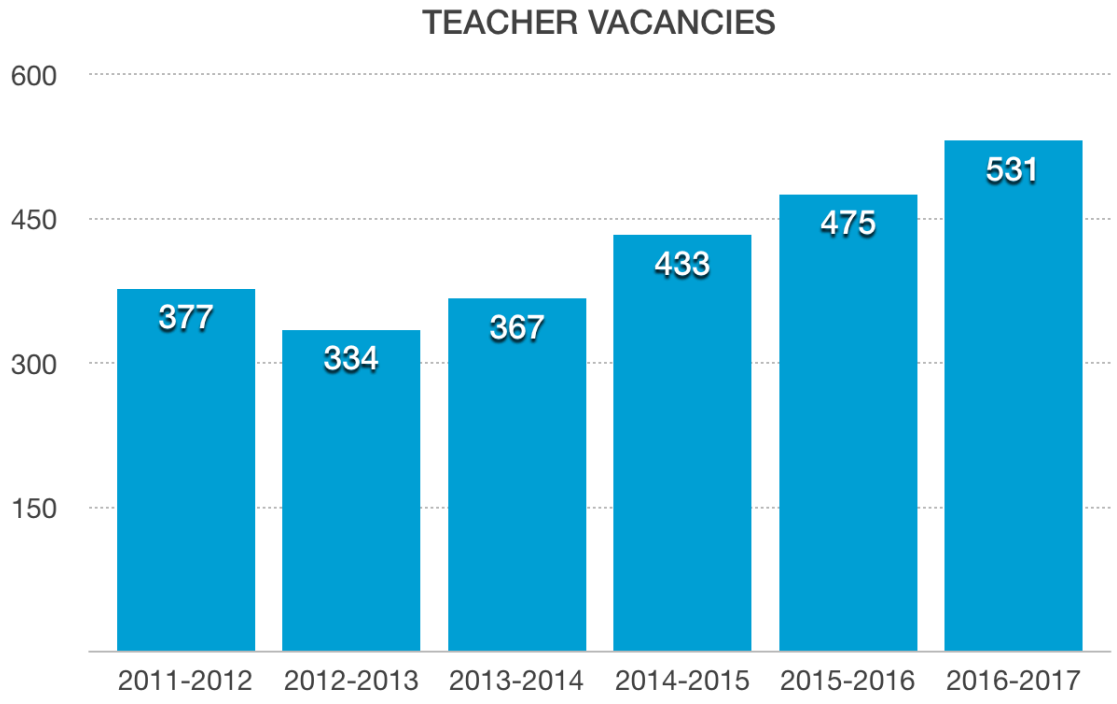
Hawai'i shortchanges its public schools. While our state's per-pupil spending of $11,823 ranks 17th in the nation when compared to other states in raw dollars, comparison with school districts of similar size and demographics yields different results. Mainland districts with high costs of living are typically urban and averaged with with rural districts experiencing lower costs of living in statewide analyses. When comparing school districts of similar size, Hawai'i, the nation's only statewide school district, ranks 227th in per-pupil funding *before* adjusting for cost of living. A comparison of spending per pupil in America's largest school districts shows the following:

DISTRICT	Wash. D.C.	NewYork City, NY	Boston, MA	Pittsburgh, PA	Cincinnati, OH	Detroit, MI
AMOUNT	$26,661	$25,061	$22,762	$22,600	$22,157	$18,361

Hawaii's major private schools, on the other hand, average $15,173 in per-pupil spending. When Catholic schools, subsidized by the Roman Catholic Diocese, are removed, private school spending jumps to nearly $19,173 dollars per student, sans endowment funds that further boost private school baselines. As Punahou President Jim Scott revealed in 2014, "The real cost of our education per student is $26,000,"

with the school's endowment standing then at $235 million and fundraising operations generating an additional $12-$15 million each year.

At the same time, we are facing a teacher shortage crisis. Insufficient funding has led to a teacher shortage crisis. From 2011 to 2014, the DOE suffered an average of 359 unfilled vacancies per year. Yet, departmental data showed 531 vacancies for the 2016-2017 school year, a 45 percent increase from the 2013-14 school year.



While many factors influence teachers' decisions about whether or not to remain in their classrooms, low salaries are undoubtedly a primary driver of teacher turnover. In an analysis performed by HSTA, Hawai'i's beginning teacher salaries were found to be approximately $4,000 lower than average, while our state's highest salaries are roughly $15,000 lower than average. We found that the biggest salary disparity encapsulates teachers with 10 to 20 years of service, whose salaries are $15,000 to $20,000 lower than their counterparts in comparable districts. When comparing the

HAWAII STATE TEACHERS ASSOCIATION

Corey Rosenlee
President

Justin Hughey
Vice President

Amy Perruso
Secretary-Treasurer

Wilbert Holck
Executive Director

overall average of teacher salaries adjusted for cost of living, both nationwide and in comparable districts, Hawai'i teachers are the lowest paid in the nation.

By levying a surcharge on residential investment properties and visitor accommodations, we can raise over $500 million each year for education without placing an unfair financial burden on local residents. We can create class sizes that allow teachers to connect with their students, expand whole child education to include career and technical education and the arts, increase resources for special needs students, and provide professional pay that reflects the value of our hardworking teachers.

At the same time, we can make Hawai'i more affordable. Over the past two decades, the pricing of housing in the islands has skyrocketed. Townhomes have increased nearly 400 percent since 2001, with the average cost of a single-family home now exceeding $720,000. According to the Department of Business, Economic Development, and Tourism, foreign nationals pay roughly 64 percent more than Hawai'i residents for homes, with luxury apartment buildings being built in Kaka'ako advertising prices that, in some cases, average to over $3 million per unit. Our state's high cost of housing and renting is driven by real estate speculators using the islands as their personal Monopoly board. In levying a surcharge on investment properties and incentivizing low-income rentals, we are not only advancing our children's future, but ensuring that they aren't priced out of paradise.

HSTA recently commissioned a poll on our proposal. In our poll results, **66 percent of respondents supported our constitutional amendment initiative**. Hawai'i's public agrees: the time for talking about the problems in our school system is over. It is time to act. To build the schools our keiki deserve, the Hawaii State Teachers Association asks your committee to **support** this bill.

SUPPORT FOR SB683 PROPOSING AMENDMENTS TO THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO INCREASE FUNDING FOR PUBLIC EDUCATION

Submitted on Behalf of the Democratic Party of Hawaii

The Democratic Party of Hawai'i supports SB683 "Proposing Amendments To Articles Vii And X Of The Constitution Of The State Of Hawaii To Authorize The Legislature To Establish A Surcharge On Residential Investment Property And Visitor Accommodations To Increase Funding For Public Education", which is designed to provide dedicated funding for the education of our children. **The intent of this legislation is one of the Democratic Party of Hawai'i's legislative priorities for the 2017 legislative session.**

As this Committee is well-aware, public education is the cornerstone of our democracy. In order for our form of representative government to survive, we must have an informed and educated electorate. That starts with treating our teachers with the respect they deserve, and providing them the tools they need to do their job. As the party of public education, of school lunch and Head Start, we urge you to make a commitment to improving school funding and the recruitment and retention of teachers.

Respectfully submitted,

Committee on Judiciary
Representative Sylvia Luke, Chair
Representative Ty J.K. Cullen, Vice Chair
Hearing: Tuesday, April 4, 2017, 3:00 pm, Room 308

Dear Chair Luke, Vice Chair Cullen, and Committee Members:

This testimony is in strong support for SB683 and SB686, relating to Education Funding.

Parents for Public Schools of Hawai'i has received comments from families whose children are in public schools across our State about what they love about their schools and their concerns. The message is clear that what they appreciate most is their child's teacher. And yet, our State does not adequately compensate teachers for the hard work that they do. Teachers are education's greatest resource, and families acknowledge that teachers are the key to our children's success. We must be able to recruit and retain teachers who are caring, well prepared, and hold high expectations for all children. Teachers are professionals and should not need to work second jobs and live paycheck to paycheck. If we would like to attract the best teachers and retain them in the profession, they need to be adequately compensated.

Our members would like educators to refocus education on the whole child. Families value music, the arts, dance, languages, and Hawaiian and Polynesian studies. These are subjects that are crucial for the healthy and creative development of children that are currently missing in public education. All children deserve an education that nurtures every facet of their life, one that engages them in interesting curriculum that exposes them to new, exciting and creative arenas.

We believe Hawaii public schools are underfunded and our teachers are underpaid. It is time to invest in our children's education and their future. We support SB 686 establishing education surcharges on residential investment property and visitor accommodations to increase funding for public schools with surcharges used for:

1. Recruiting and retaining public school teachers.
2. Lowering public school class sizes;
3. Improving special education staffing and resources; and
4. Offering additional instruction in career and technical education, visual arts, music, theatre, dance, Hawaiian and Polynesian studies, and Hawaiian language.

We support SB 683 proposing an Amendment to the State Constitution to authorize the legislature to establish a surcharge on residential investment property and visitor accommodations to increase funding for public education. **Let the public vote on this issue.**

This is our greatest opportunity to support and promote education of all Hawai'i's keiki in ways that will significantly influence their lives. These bills can positively affect the lives of thousands of children and their families in our State for many generations to come. Thank you for your time and consideration.

Aloha,

Lois Yamauchi, PhD

RE: SB683, SD2, HD1 and SB686, SS2, HD1 - Relating to Education Funding

Dear Chair Luke and Members of the Committee,

The Special Education Advisory Council (SEAC), Hawaii's State Advisory Panel under the Individuals with Disabilities Education Act (IDEA), **supports the intent** of the above bills to increase funding for public education in Hawaii.

Hawaii serves a smaller percentage of students with disabilities compared to the entire student population than the national average --10.4% compared to 12.9% for most states--which may indicate that we are not identifying and serving all students who are eligible for special education services. Those who are served have experienced lackluster progress and a growing achievement gap with their non-disabled peers. Hawaii also serves significantly fewer children in the general education classroom contrary to IDEA mandates for placement in the least restrictive environment.

To address these inequities will take additional resources, including higher teacher pay to attract more qualified teachers to the field, smaller class sizes to encourage greater inclusion and specialized services and supports to meet the unique learning needs of these students. An enhanced funding stream for public education would benefit ALL children in Hawaii, including those who are most vulnerable to academic failure.

Thank you for the opportunity to provide testimony on this important legislation. If you have questions or concerns, please contact me.

Respectfully,

Martha Guinan
Chair

Ivalee Sinclair

TESTIMONY FOR SENATE BILL 683, SENATE DRAFT 1, HOUSE DRAFT 1, PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION

House Committee on Finance
Hon. Sylvia Luke, Chair
Hon. Ty J.K. Cullen, Vice Chair

Tuesday, April 4, 2017, 3:00 PM
State Capitol, Conference Room 308

Honorable Chair Luke and committee members:

I am Kris Coffield, representing IMUAlliance, a nonpartisan political advocacy organization that currently boasts over 350 members. On behalf of our members, we offer this testimony in strong support of Senate Bill 683, SD 2, HD 1, proposing amendments to Articles VII and X of the Constitution of the State of Hawai'i to authorize the legislature to establish a surcharge on residential investment property and visitor accommodations to increase funding for public education.

In comparison to school districts of similar size and demographic composition, Hawai'i, ranks 227th in per-pupil funding *before* adjusting for cost of living, at $11,823 per child. Washington D.C., New York City, Boston, Pittsburgh, and Cincinnati school districts, for example, spend nearly twice as much as Hawai'i per pupil, at well over $22,000 to over $26,000 per student. Similarly, local private schools, discounting Catholic institutions, spend nearly $19,173 dollars per student, with Punahou President Jim Scott revealing, in 2014, "The real cost of our education per student is $26,000," owing to the school's then-total endowment of $235 million and fundraising operations of $12-$15 million annually.

Moreover, at the beginning of the 2015-2016 school year, media outlets widely reported that the DOE faced 625 vacant teaching positions. While the Department of Education currently includes the percentage of teaching positions filled on the first day of school as a statewide indicator in its strategic plan, this statistic does not detail the quality or competency of the teachers filling vacant positions. The number of new teachers hired who have not completed a teacher education program has increased from 125 for the 2011-2012 school year to 241 for the 2015-2016

school year. Over the same period, the number of teacher resignations has increased from 624 in 2011-2012 to 781 in 2015-2016, while the total number of voluntary teacher separations has increased from 934 in 2011-2012 to 1,075 in 2015-2016. In short, hundreds of teachers are leaving the workforce each year at an accelerating pace, while the DOE does not have enough trained and licensed teachers in waiting to fill the holes they leave. Accordingly, we must raise Hawai'i's last-in-the-nation cost of living adjusted teacher pay as a means of addressing the problem. Studies have shown that as teacher pay increases, so, too, does student achievement. A Stanford University study found that "raising teacher wages by 10 percent reduces high school dropout rates by 3 percent to 4 percent," while a study of Florida showed that pay raises reduced teacher attrition by as much as 25 percent for hard-to-fill subject areas, with children's learning growth gaining from more exposure to experienced educators. Recently, the Hawai'i State Teachers Association performed a study of teacher compensation in comparison with mainland peer districts. HSTA found that teachers' wages are $4,000 to $20,000 below that of their mainland peers *before* adjusting for cost of living. Put simply, to reduce teacher turnover, we must pay educators what they're worth.

We are especially heartened by this measure's possibilities for making Hawai'i more affordable. Hawai'i residents face the highest housing costs in the nation, at more than twice the national average. According to the National Low Income Housing Coalition's *Out of Reach 2016* report, a full time worker would need to earn $34.22/hour to afford a two-bedroom apartment at fair market value in our state, with Honolulu experiencing a 67 percent increase in fair market rent between 2005 and 2015. Average rent for a two-bedroom unit surpassed $2,100 in 2015, with average rent for a 900-square-foot exceeding $2,200 in 2016. In the past three years alone, Honolulu rent has increased 23.5 percent. While 47 percent of Hawai'i residents are renters (a number that does not include individuals and families renting outside of the regulated rental market), they earn an average wage of $14.49/hour, scarcely enough to meet their basic needs. One out of every four households in Hawai'i report that they are "doubling up" or are three paychecks or less away from being homeless, according to the Hawai'i Appleseed Center for Law and Economic Justice. Moreover, 54 percent of households are cost-burdened, meaning that they pay more than 30 percent of their income for housing costs.

We are in the midst of an affordable housing crisis. For context, our state's cost of housing has skyrocketed over the last decade, leaving many families searching for affordable alternatives, in shelters, or on the streets. The median price of condominiums on O'ahu increased 8.3 percent in 2016 to $390,000, while the median price for single-family homes increased by 6.5 percent to $735,000, according to the Honolulu Board of Realtors. The cost of a four-bedroom home in urban Honolulu now exceeds $1.1 million. At least 40 percent of residences in Hawai'i are owner unoccupied, according to the Hawai'i Housing Finance and Development Corporation, meaning that nearly 50 percent–and by some estimates well over half–of Hawai'i homes are investment properties. Many of those properties are owned by mainland and foreign buyers, whose real estate market speculation is a prime driver of Hawai'i''s highest-in-the-nation cost of housing.

Housing costs are driven largely by real estate speculators, who use Hawai'i as their personal luxury row. We must ask ourselves: do we want to continue catering to people who live outside of Hawai'i, but have the resources to maintain a home here, too? Or do we want to create a first-rate education system for our children? According to a study released in May of 2016 by the Hawai'i Department of Business, Economic Development, and Tourism, there are "clear distinctions" between the average price of homes bought by local residents, mainlanders, and foreigners. Analyzing purchases made between 2008 and 2015, DBEDT found: "The average sale price was highest among foreign buyers. The average sale price of the total of 5,775 homes sold to foreign buyers from 2008 to 2015 was $786,186, 28.3 percent higher than the average sale price to the mainlanders ($612,770) and 64.7 percent higher than the average sale price to local buyers ($477,460)." Thus, this constitutional amendment directly impacts real estate speculators driving up housing and, in turn, rental prices in Hawai'i, i.e. those most responsible for pricing families keiki out of paradise.

All children deserve a chance at a brilliant future. Mahalo for the opportunity to testify in support of this bill.

Sincerely,
Kris Coffield

HUI FOR EXCELLENCE IN EDUCATION

Telephone: 808 926-1530
Contact@HEECoalition.org

Committee on Finance
Representative Sylvia Luke, Chair
Representative Ty Cullen, Vice Chair

April 4, 2017

Dear Chair Luke, Vice Chair Cullen and Committee Members,

We support both SB683 SD2 HD1 and SB686 SD2 proposing a constitutional amendment to allow the legislature to establish a surcharge on residential investment property and visitor accommodations to increase funding for education, and the implementation of the surcharge.

Hui for Excellence in Education, or "HE'E," is a statewide coalition of diverse stakeholders committed to working collaboratively to identify opportunities to improve public education in Hawai'i. HE'E seeks to be the nexus for community and parent engagement while serving as a public resource for educational policy.

The Coalition was formed in May 2010 by parents and community members who stood up and said "no" to school furloughs and "yes" to re-establishing education as a public priority. We have been following public education policy at the Board of Education (BOE) and the Hawaii State Legislature consistently since our inception. We are thankful to the legislature for its support of public education; however, we also know that the current funding for education is insufficient to cover the needs of our students, teachers, administrators and schools. An alternative revenue stream dedicated to education is needed.

The BOE recently approved an update of the BOE/DOE Strategic Plan, which puts a focus on the state's achievement gap that has persisted over the years. We agree that help is most needed for our struggling students. We are concerned for specified groups that need particular attention - students with disabilities, students who do not speak the language of instruction, students with socio-economic challenges, and racial and ethnic groups that have historically not succeeded in our schools relative to others. We feel that the education surcharge would benefit these students.

Thank you for the opportunity to testify. Our support of these bills represents a 75% consensus or more of our voting membership.

Sincerely,

Cheri Nakamura

TO: Honorable Chair Luke and Members of the Finance Committee

RE: SB 683 SD2 HD1 PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.
Support for hearing on April 4

Americans for Democratic Action is an organization founded in the 1950s by leading supporters of the New Deal and led by Patsy Mink in the 1970s. We are devoted to the promotion of progressive public policies.

We support SB 683 SD1 HD1 as well as SD 686 as they would provide for a constitutional amendment to allow the establishment of a real estate surcharge. We like that these funds would be used for increasing the education budget.

Hawaii spends about $8,000 per year on each of its regular ed. public school students. By contrast, top private schools spend more than three times as much - between $24,000 and $28,000 per student per year, without having to spend much on special needs students.

Hawaii's public education expenditures are down at the bottom, rivaling Mississippi and Louisiana for example, and we have costs of living that make our expenditures actually worse than those two states.

Wallethub rated Hawaii the worst state for teachers: https://wallethub.com/edu/best-and-worst-states-for-teachers/7159/ As a result, we have 1,600 vacancies. We had hundreds of positions last year that went without a qualified teacher.

Our real estate taxes are the lowest in the nation. This not only means we are not using them to support education; it also means it encourages real estate speculation and concomitant housing problems.

Although areas other than education need funding, the current small pie forces education to compete with other needs for limited resources. The limits will always be there; this tax would make them less limited.

Finally, if you don't like this tax, we hope you will still vote for the bill as it would put the issue before the voters. Let voters decide.

Thank you for your favorable consideration.

Sincerely,

Hawai'i Alliance for Progressive Action supports SB683 & SB686

Aloha Chair Luke, Vice Chair Cullen and Members of the Committee:

My name is Anne Frederick and I am the Executive Director for the Hawai'i Alliance for Progressive Action (HAPA). HAPA is a statewide environmental, social and economic justice organization. HAPA engages over 10,000 local residents annually through our work.

From October through December of 2016 HAPA and several of our partners held a series of input gathering forums across the islands called the People's Congress. Over 800 people attended forums on Kaua'i, O'ahu, Maui and Hawai'i Island to discuss the most pressing issues facing their communities. The chronic underfunding of our public schools was one of the top concerns and priorities raised by residents across the state.

I am writing in strong support of SB 683 & SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking teachers.

To deliver the schools our keiki deserve, please support these bills.

Mahalo,

Anne Frederick, Executive Director
Hawai'i Alliance for Progressive Action (H.A.P.A.)

The Hawai'i Alliance for Progressive Action (HAPA) is a public non-profit organization under Section 501(c)(3) of the Internal Revenue Code. HAPA's mission is to catalyze community empowerment and systemic change towards valuing 'aina (environment) and people ahead of corporate profit.

LEGISLATIVE TAX BILL SERVICE

TAX FOUNDATION OF HAWAII

126 Queen Street, Suite 304 Honolulu, Hawaii 96813 Tel. 536-4587

SUBJECT: REAL PROPERTY, TRANSIENT ACCOMMODATIONS, Education Surcharge on Residential Investment Properties and Visitor Accommodations

BILL NUMBER: SB 686; SD-2 [Implementing Legislation]; SB 683, HD-1 [Constitutional Amendment]

INTRODUCED BY: Senate Committees on Ways and Means and Judiciary and Labor [SB 686], House Committee on Judiciary [SB 683]

EXECUTIVE SUMMARY: Proposes a substantial surcharge on real property tax for residences where the home exemption is not claimed, and on transient accommodations. Proposes a constitutional amendment, because the surcharge would not be constitutional now. With a tax increase of this magnitude, economic ripple effects are likely to be enormous. We also question why such a massive increase is being sought given that the Department of Education already has a gargantuan share of the State budget but is still beset with such issues as frustrated teachers and students roasting in our classrooms.

Regarding the constitutional amendment language, we do not recommend returning the language to the "mandatory funding" language in HB 182 HD 2.

Also regarding the constitutional amendment language, either limits should be written into the amendment or the voters should be apprised that they are voting only on granting power to the legislature to impose a state level real property tax surcharge, with no limitations on that power.

SYNOPSIS: Levies a surcharge on all "residential investment" property in the State of Hawaii as follows:

Property value	Surcharge per $1,000 of total property value
$2,000,000 and over	$7.50

Residential investment property is defined as all realty and all machinery and other mechanical or allied equipment and the foundations thereof, that is dedicated for residential use for which the owner does not qualify for a homeowner's exemption.

Exemptions are provided for: (1) property rented for an amount of $1,500 or less per month; (2) property rented to a person or household qualifying for the federal public housing program; (3) property rented to a person or household receiving rental assistance through the state rent supplement program; (4) property rented to a resident aged 65 or older, if the resident's annual income is less than $75,000; (5) leases under the Hawaiian Homestead Act of 1920; (6) property rented to a person who is blind or deaf, or a person totally disabled, as defined in HRS section 235-1, whose medical condition is verified by an appropriate medical professional; (7) property

rented to a totally disabled veteran; (8) property used exclusively for charitable purposes; (9) property used for school purposes; (10) property owned by a nonprofit corporation to which admission is restricted by corporate charter to members of a labor union or government employees' association; (11) property dedicated to public use by the owner, which dedication has been accepted by a government entity and notice of that acceptance is recorded in the bureau of conveyances; (12) property that has been set aside for public use for a period of not less than ten years after enactment of this section; and (13) property owned by any entity granted a transient accommodations tax exemption under section 237D-3.

A person who is eligible for a county homeowner's exemption on property tax who also owns more than one residential investment property shall be entitled to designate which residential investment property owned by that person shall be exempt.

An exemption shall only be granted for a residential investment property or a visitor accommodation for which every owner or ownership interest qualifies for one or more exemptions.

Levies a surcharge on visitor accommodations in the State of Hawaii as follows:

Daily price	Surcharge per day
Less than $150	$3.00
$150 or more	$5.00

Visitor accommodations are defined as all transient accommodations pursuant to section 237D-1, resort time share vacation units pursuant to section 237D-1, and any other dwelling or lodging located in the State and let by an owner or operator for less than one hundred eighty days. Visitor accommodations shall not include any facility owned or used by a government agency, school or college dormitory, homeless facility pursuant to section 346-361, or tenement home, group home, group residence, group living arrangement, boarding house, certified pursuant to section 445-94.

Obligates the counties to collect the surcharge, but provides that they may retain 5% of the amount collected to reimburse the county for the costs of assessment, collection, and disposition of the education surcharge incurred by the county.

EFFECTIVE DATE: The implementing legislation is effective July 1, 2050.

STAFF COMMENTS: The real property tax increases being proposed are substantial. For a residential investment property valued at $2 million in Honolulu, for example, the real property tax would be $6,000 and the surcharge would be $7,500, for a total of $13,500, more than doubling the tax bill.

Some have sought to justify the dramatic effects upon the real property tax wrought by this bill by the argument that low property taxes are a bad thing. The preamble in HB 1735 (2016), for example, said:

> The legislature finds that Hawaii has the lowest property taxes in the nation. Although this makes sense for low- and middle-income residents who own an average single-family home, this causes the counties to potentially forego additional tax revenue from high-value homes and second homes.
>
> The legislature further finds that many individuals and families who spend time in Hawaii are owners of high-value properties and do not pay state income tax, instead maintaining resident status in another state with a lower income tax rate. However, these individuals still use Hawaii's infrastructure and services, and thus should pay their fair share.
>
> The legislature also finds that low property taxes can incentivize development of high-end, high-value properties, contributing to the high cost of land in Hawaii, driving up the cost of living and exacerbating our affordable housing and homelessness issues.

The conventional wisdom as to why Hawaii has low real property taxes is that most other states provide schools at the city or county level, requiring them to be funded by a municipal funding source like a property tax. Hawaii has a state-run school system, which is funded by state funding sources like the income tax and the GET.

Are the counties suffering because they are forgoing tax revenue? The counties set property tax rates by ordinance and look at rate levels during every budget cycle. Honolulu and Kauai, for example, enacted major changes to their property tax systems in 2013. If the counties are forgoing revenue, they are doing it by their own choice.

Do nonresidents fail to pay their fair share in income tax? Our income tax is like the tax systems in most other states. Nonresidents get taxed on income with its source in Hawaii. Residents get taxed on income regardless of source BUT get a credit for tax paid to another state or country on income that has its source in that state or country. So, a taxpayer's tax, resident or not, depends on where the income comes from and whether other jurisdictions are also taxing it. This kind of system has been upheld as meeting the requirements in the U.S. Constitution. See, for example, *Comptroller of the Treasury of Maryland v. Wynne,* 575 U.S. ___ (2015). If that system fails to tax people fairly, why do most states with an income tax use it?

Do low property taxes lead to development of high-end properties that then drive up the cost of land and therefore the cost of living? And if so, is the remedy for this higher taxes which can and do drive up the cost of living *by themselves*? Land costs more because we're on an island in paradise. Folks are willing to pay decent money to live here part of the time even if they might not want to live here permanently. Indeed, our tourism authority actively encourages potential tourists to come here. So property is going to cost more here than the same square footage in places where transient rental is less of a factor.

A tax increase of any magnitude in Hawaii's fragile economy will, no doubt, have a negative impact as costs soar due to higher taxes. As costs and overhead increase, employers must find ways to stay in business by either increasing prices to their customers or cut back on costs. This may take the form of reducing inventory, shortening business hours, reducing employee hours, or

even laying off workers. A tax increase of any magnitude would send many companies, especially smaller ones, out of business taking with them the jobs the community so desperately needs at this time.

While the teachers believe that they have not been given a fair shake at the negotiating table, that is an issue that should be resolved at the table and not by asking for tax increases or an earmarked source of funding. It is up to the teachers to ask for what money is available just like any other collective bargaining units. Although public employee union leaders complain about how the public employees should not be asked to bear the brunt of the downturn in the economy, they seem to ignore the fact that employees in the private sector have taken hits early and often, with many of them either working shorter hours or having taken pay cuts if they are working at all. A recent analysis of Bureau of Economic Analysis data done by the Grassroot Institute of Hawaii,[1] for example, showed that Hawaii teachers make low wages and benefits, 42nd in the nation, but that Hawaii's private sector workers made the lowest wages and benefits nationally when adjusted for cost of living.

Teachers do have a legitimate complaint that should demand the attention of lawmakers and Board of Education members, namely that teachers are being asked to do more and more administrative paperwork and are spending less and less time in the classroom. If nothing else, the funds that are being appropriated to the DOE are failing to reach the classroom because of the top-heavy administrative structure of the department that demands reports and schedules and evaluations to justify the role of administrators. The frustration of classroom teachers is that they spend too much time filling out forms and reports and not enough time in the actual classroom. Unfortunately, with more than $1.5 billion in its budget and more than 20% of the general fund budget, teachers are frustrated, and kids are roasting in the schools. The department of education still cannot get it right. Until it does, there is little justification for an increase of financial resources let alone a massive tax increase as proposed.

HB 182, HD-2, the House companion to SB 683, proposed to amend the Constitution to say that the State "shall make sufficient sums available" for public education instead of "shall provide" for public education. This change is dangerous, because the language is identical with that in Hawaii Const. Art. XII, sec. 1 which enabled the Department of Hawaiian Home Lands to mount a court challenge to the sufficiency of the amount appropriated to the agency. Chad Blair, *Judge: State Must Fund Hawaiian Home Lands,* Civil Beat (Honolulu), Mar. 2, 2016, available at http://www.civilbeat.org/2016/03/judge-state-must-fund-hawaiian-home-lands/. Such a change also may create constitutional issues because the title of the bill does not fairly apprise the reader that it is going to change the Department of Education to mandatory funding.

The mandatory funding language was removed by WAM in coming up with the draft now before this Committee.

Also regarding the constitutional amendment, it is troubling that there are no limits on the proposed tax.

[1] http://www.grassrootinstitute.org/2017/01/islanders-shouldnt-be-taxed-extra-for-teacher-bonuses/

As mentioned above, the current version of SB 686, the implementing legislation, would if approved impose a surcharge of $7.50 per $1,000 of property value on "residential investment" properties that are valued at $2 million or more. But if the constitutional amendment is approved, there is no reason why legislators can't change the implementing legislation. It could be the year the amendment is approved, or the next year, or the year after that. They can change it to impose the surcharge on all "residential investment" property regardless of value. They can change the surcharge rate. They can amend the definition of "residential investment" property, because the constitutional amendment bill doesn't tell us what that kind of property is. They can do all of these things because the constitutional amendment has given the legislature this power.

In other words, once the amendment passes, the genie is out of the bottle. It may not even be under control of the members now in the legislature, because future legislators may have different ideas from current members.

We need to ask ourselves if we want to or need to give the genie that much power. If we do, then we only have ourselves to blame for what happens when the genie does come out. If we don't, then we should either kill the constitutional amendment or write strict limits into it.

If the bill should move forward, some technical corrections should be considered.

- The bill now exempts (in proposed section 302A-I(a)(13)) property owned by any entity granted a TAT exemption under section 237D-3. But transactions are exempted from the TAT; entities are not. As an example, section 237D-3(7) describes accommodations furnished without charge. As written, then, a property owner owning 100 apartments and allowing a contractor to stay in one of them for free for part of year would be entitled to this exemption on all 100 units.

- The bill provides (in proposed section 302A-I(b)) that a person who is eligible for a county homeowner's exemption on property tax who also owns more than one residential investment property shall be entitled to designate which residential investment property owned by that person shall be exempt. The apparent intent is for a person owning multiple properties and living in one of them to designate the one property exempt from surcharge. The provision does not seem to be necessary. The person can and should claim the homeowners' exemption for the property on which he or she lives, and that property then would not be residential investment property. The other properties would be residential investment, and none of them should qualify for exemption.

Digested 4/1/2017

Coalition for Equal Taxation

SB 686, SD2 Education Funding
SB 683, SD2, HD1 Amendment to Constitution

House Committee on Finance
Tuesday, April 4, 2017
2:00 p.m.

Dear Chair Luke, Vice Chair Cullen and Committee Members:

On behalf of the Coalition for Equal Taxation we **OPPOSE** SB686,SD2 and SB683,SD2, HD1 and respectfully request that you defer both Bills.

This Bill proposes to amend the State Constitution as adopted in 1978 that provides the Counties are the sole authority for property taxation. ***BEFORE SUCH A FUNDAMENTAL CHANGE IN TAXING STRUCTURE TAKES PLACE, WE URGE THE LEGISLATURE TO TAKE THE PRUDENT STEPS OF STUDY PRIOR TO IMPLENTATION.***

GOOD PUBLIC POLICY CALLS FOR STUDY OF THE LIKELY CONSEQUENCES PRIOR TO PASSAGE.

Unfortunately, and inexplicitly, SB686 and SB683 moved forward ***without ANY professional economic impact study.***

The long term consequences of this systemic change should be carefully considered by agencies with the expertise to study and report to the legislature what the impact to the larger economy and resulting future tax constraints will be. Additionally, school funding is not the only department looking for new funding. A comprehensive, thorough review of taxation should be done prior to approval of any particular departmental increase.

On 3/16/16, University of Hawaii Economics Research Organization (UHERO) stated: "UHERO supports high quality studies on the economic effects of property taxes in Hawaii. ***RIGOUROUS RESEARCH IS ESSENTIAL IN POLICY-MAKING***" (Emphasis added.)

We would like to draw the committee's attention to the fact that the Tax Review Commission is currently studying some tax issues that will be useful in making sound policy decisions and these findings should be completed by the end of the year.

We would also like to draw the committee's attention to a DBEDTS March 2017 report stating "the ***IMPACT*** of real property tax on real estate investment, on housing supply and demand, and on the welfare of home owners and renters will be addressed ***IN FUTURE STUDIES.***"

Hawaii has the 14th highest tax burden out of 50 states of which a large percentage is already exported (paid by nonresidents.) Among the states, Hawaii, uniquely, has an economy dependent on a singular source, i.e. tourism. As such, it does not have the flexibility of other states to absorb the ups and downs in its revenue stream. There are many outside factors that can contribute to a downturn in tourism. We urge Hawaii to be prudent and careful to construct a tax system with some elasticity rather than ever increasing taxes that will challenge whether or not tourism will be able to absorb higher costs. Adding $3/$5 per day to tourist costs may have several consequences. 1. Hawaii will not be competitive relative to other destinations, 2. Tourists will still come but daily expenditures will decline for restaurants, retail and tour operators. We urge you to study these potential effect before implementing tax changes. You may be helping schools, but hurting other areas of the economy.

While some have asserted that Hawaii's property taxes are low, they have failed to take notice that non owner occupied units are paying several hundred percent higher than residents. (Also see testimony of County of Kauai). Please review the property tax revenue by source and you will note that on Maui, Kauai and Hawaii the non owner occupied dwellings are providing a substantial amount of the revenue stream to the counties, much larger than the owner occupied. It is very clear that the counties rely heavily on non owner occupied property tax revenue to be able to, in turn, keep resident property taxes lower.

Lastly, we would like to draw your attention to a comparison of public school funding. Hawaii spends $11,823 per pupil where nationally it is $11,009. California, another high cost of living state, spends $9,595. These comparisons illustrate that Hawaii's per pupil spending is not in a crisis that would necessitate a constitutional amendment and a fundamental restructuring of taxation. Nor should it require the counties to sacrifice paying for police, fire, roads, etc. by diverting their funding source.

We respectfully request that these Bills be deferred until qualified experts have studied the longer term effects of these changes. The consequences are too significant to not take the proper steps of analysis *before policy making.*

Thank you for the opportunity to testify.

John Chang
Coalition for Equal Taxation

April 4, 2017

TO: COMMITTEE ON FINANCE
REPRESENTATIVE SYLVIA LUKE, Chair Committee on Finance
REPRESENTATIVE TY J.K. CULLEN, Vice-Chair Committee on Finance

FR: American Resort Development Association (ARDA) Hawaii
Blake Oshiro, Acting Executive Director

RE: Senate Bill 686, SD2 Relating To Education Funding - **Oppose**

Senate Bill 683, SD2, HD1 Proposing Amendments To Articles VII And X Of The Constitution Of The State Of Hawaii To Authorize The Legislature To Establish A Surcharge On Residential Investment Property And Visitor Accommodations To Increase Funding For Public Education – **Oppose**

Dear Chair Luke, Vice-Chair Cullen, and Members of the Committee on Finance:

Thank you for the opportunity to testify on the proposed Constitutional Amendment and the statutory counterpart bills. On behalf of the American Resort Development Association (ARDA) Hawaii, the time share association, we respectfully **oppose** these bills.

While the discussion and policy decisions about the proper level of funding for public education is an important one that has been ongoing for several years, the approach taken in these bills seeks to have one sector of the economy bear that burden. This is an unfair targeting of one industry to be taxed. While this does not necessarily mean ARDA-Hawaii supports a large broad-based tax increase, it is much more reasonable for our community to engage in policy discussion on the amount and source of education funding. Moreover, these proposals single-out one area and type of property and property owners/users to have to pay these fees for services and programs which do not have a direct nexus to the surcharge that is sought to be imposed.

Our tourism industry remains the state's top economic driver. Unfortunately, our other important economic driver, the military support and spending, is also tenuous and uncertain due to changes at the federal level in the past few years including sequestration, the elimination of earmarked appropriations or "pork-barrel" projects, and loss of congressional seniority. This compounded by an uncertain and yet to be determined approach by the new federal Administration. As such, additional targeted fees or taxes on our visitor accommodations has the potential to drag down our tourism market momentum and inhibit Hawaii's continued cost-competitiveness as a sought-after tropical destination.

It is for these reasons that ARDA-Hawaii must respectfully oppose these bills. Thank you for the opportunity to testify.

Committee on FINANCE
Tuesday, April 4, 2017 3:00 p.m.
Conference Room 308

SB 683, SD2, HD1

TESTIMONY
Janet Mason, Legislative Committee, League of Women Voters of Hawaii

Chair Luke, Vice-Chair Cullen, and Committee Members:

The League of Women Voters of Hawaii offers the following comments about SB 683, SD2, HD1. The League has long established positions that support action to reach a goal of having an equal educational opportunity for each child and adequate financing to reach this goal**.** This proposed amendment to the Hawaii State Constitution would allow the Legislature to establish a surcharge on residential investment property and visitor accommodations to fund "public education" for Hawaii's children.

We do not favor a Constitutional amendment for this purpose, since our State Constitution is supposed to set out the most fundamental principles of governance for our state (such as the taxing authority between state and county jurisdictions) rather than address special purpose education financing.

.

We also believe SB 683, SD2 HD1 discriminates against a group of citizens; i.e., those who own or rent property that is considered residential investment property. The bill will unquestionably drive up residential rent, and so unfairly penalizes renters (who are often disadvantaged economically) and favors owners of residential property who are homeowners. Why would the Legislature support such an idea?

Ironically, SB 683, SD2 HD1 negatively impacts Hawaii's currently enrolled students. As they finish their K-12 education and hope to further their education or gain employment – or both – the clear majority will be unable to immediately purchase their own home, and will be faced with this surcharge. This is hardly fair to our children.

Thank you for the opportunity to testify on this important measure.

Chamber of Commerce HAWAII
The Voice of Business

Testimony to the House Committee on Finance
Tuesday, April 4, 2017 at 3:00 P.M.
Conference Room 308, State Capitol

RE: SENATE BILL 683 SD2 HD1 PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION
AND
SENATE BILL 686 SD2 RELATING TO EDUCATION FUNDING

Chair Luke, Vice Chair Cullen, and Members of the Committees:

The Chamber of Commerce Hawaii ("The Chamber") **strongly opposes** SB 683 SD2 HD1, which proposes amendments to the Constitution of the State of Hawaii to advance the State's goal of providing a public education for the children of Hawaii by authorizing the legislature to establish, as provided by law, a surcharge on residential investment property and visitor accommodations.

The Chamber also **strongly opposes** SB 686 SD2, which establishes an education surcharge on residential investment properties and visitor accommodations for the purpose of funding public education.

The Chamber is Hawaii's leading statewide business advocacy organization, representing about 1,600+ businesses. Approximately 80% of our members are small businesses with less than 20 employees. As the "Voice of Business" in Hawaii, the organization works on behalf of members and the entire business community to improve the state's economic climate and to foster positive action on issues of common concern.

The package of bills proposes to implement a constitutional amendment permitting the legislature to establish a surcharge on visitor accommodations and residential investment properties to fund the department of education, and then a statutory mechanism to implement the program. The statutory bill proposes two new taxes, one on residential investment property and one to assess visitor stay on a per day basis.

While we strongly support the efforts to provide quality public education in our state, we are concerned that there is no clear amount designated as a sufficient amount of funds for education. We are also concerned with the approach to create new assessments, or taxes on activities with no nexus to the end user or, worse, taxes one group of residents and not others. On taxing residential investment property, the resident renter will likely pay the tax. Hawaii has approximately a 55%+ homeowner rate. That would suggest that about **40-45% of all residents**

living in the state are renting. This would create an **unfair tax burden on local residents who are renters** and increase the cost of housing for these residents, which this bill in part tries to address for teachers. This appears to be an unfair targeted tax and could create a further economic divide between homeowners and renters. A renter in a $400,000 valued residential property could be affected by this tax to the amount of an additional **$1,400 per year**. For someone renting the average home value or $760,000 the tax could be over **$4,100 per year**. Even though there are exemptions for certain types of residential units, it could skew the marketplace and adversely affect the rental market.

It is also unclear on a practical level how these exemptions will be monitored and enforced. We are not sure the Superintendent is the best lead enforcement person even with the help of the state and county director of finance. In addition, the resources by the state and county to administer and enforce this new law are not addressed in the bill. Furthermore, the new administrative burden by homeowners may again negatively affect the marketplace.

For the tax on tourism, there is already a 13.75% tax rate on transient accommodations. We think the per-day tax could hurt tourism and damage further investment by transient accommodation owners into Hawaii's properties. It will also place an additional and complicated burden on transient accommodation operators as they will have to track and report on two different types of accommodation taxes. Transient accommodation companies already provide huge tax revenues to the state in TAT, GE and the income taxes for the thousands of jobs that they provide in our state.

We also have other issues with the bill. It does not guarantee (nor can any language) that the additional tax revenues will be used only for the department of education. As you know, the Legislature of today cannot bind future Legislatures, especially in how they appropriate funds.

The bill does not state what the projected $500 million in additional taxes will accomplish. Lastly, we have concerns on the larger issue of raising taxes to fund a specific department and an employee class of salaries. As we mentioned there are many important programs that the state funds, but doing this could set a dangerous precedent for other programs with constituencies to come in for further tax increases.

We ask these bills be deferred. We appreciate the opportunity to provide our input on this important legislation.

Rental By Owner Awareness Association

The House of Representatives
The Twenty-Ninth Legislature
Regular Session of 2017

To: Rep. Sylvia Luke, Chair
Rep. Ty Cullen, Vice-Chair

Date: April 4, 2017

Time: 3:00 p.m.

Place: Conference Room 308
Hawaii State Capitol

RE: **Senate Bill 683 HD1, Relating to Constitutional Amendment & Education Funding**

Chair Luke and Members of the Committee:

Rental By Owner Awareness Association (RBOAA) is a Hawaii non-profit corporation founded in 2011, with over 1000 members. Our mission is to provide Hawaii vacation-rental property owners with information to help them comply with the applicable State and County regulations, support the Hawaii economy by offering visitors choice in accommodation, and advocate for the rights of Hawaii vacation property owners. RBOAA members provide transient vacation rentals in full compliance with existing tax and County regulations. RBOAA fully supports enforcement of existing regulations.

RBOAA must **OPPOSE** the bill.

This Bill proposes Constitutional amendments to authorize a "Surcharge on residential investment property and visitor accommodation to fund quality public education for all of Hawaii's children."

This Bill seeks to impose a significant taxation upon "residential investment property" as defined in SB686 as property "for residential use for which the owner does not qualify for a homeowners' exemption." This bill is clearly aimed at non-residents who choose to invest in Hawaii property.

The Bill further imposes a surcharge on "visitor accommodations" of $3 to $5 per day thus resulting in two additional forms of taxation upon non-resident owners who choose to rent their properties as transient accommodations.

The legislature may not be aware that the counties already assess property tax on properties in resort zones (where transient accommodation rentals are legal) at a rate as

much as 380% higher than a resident who can claim a homeowners' exemption for the exact same property. This additional property tax, in many instances, will increase that disparity of homeowner exception to those who cannot claim homeowners' exemption to a level of paying 600% higher for the exact same property. This disparate level is punitive.

The proposed change to the Constitution, and the accompanying bills for implementation, results in additional tiering of taxes upon taxes. But, this tiering of taxes upon taxes applies to only one group, being non-residents and specifically those who rent transient accommodations.

The U.S. Supreme Court has held that the Constitution guarantees equal treatment by government and the legislative process shall not make laws that harm a "politically unpopular group(s)" and that government "cannot justify disparate treatment of that group." During the past six years, every year, there have been Bills introduced for taxation, regulation, and encumbrances on transient vacation rentals. This legislative session started with no less than 17 Bills of specific taxations placed upon transient vacation rentals to fund not only education, but housing, homelessness, lowering of resident's personal income tax, conservation and more. There was even a Bill this session and in 2016 prescribing that failure of a transient accommodation operator to register with the Tax Department would be a Class C Felony - the same as involuntary manslaughter. And yet, failure to obtain a GE license for all other forms of business is a fine of $500. (HRS 237-9). Compare: a Class C Felony with mandatory fines and prison versus a fine of $500 for the same offense (conducting business without registering). There has clearly been established a hostility towards non-resident owners.

It is up to this legislative body to determine how they will enact Bills that uphold the protections afforded under the Constitution of the United States that provides for equal protection even for those groups that are "politically unpopular." There is ample case law that establishes the courts have consistently upheld these protections for decades.

We urge the legislature to consider the U.S. Constitution's Equal Protection Clause that provides for protection from discriminatory actions, the Privileges and Immunities Clause that protects against State Legislation that bears unequally on nonresidents and exempts nonresidents from any higher taxation or excises than are imposed by a State on its own citizens. It is hard to find the rational basis for taxing only one form of property tax classification to fund education which is a benefit to all children who reside in the State.

Further, the additional surcharge imposed upon transient accommodations is discriminatory against one form of commerce. Hawaii has many different forms of commerce and it is unclear why one form would be responsible for education and not another. The Commerce Clause of the United States Constitution also provides for equal treatment in the laws established by a State. In the Bacchus case, the United State Supreme court held "the Commerce Clause stands as a limitation on the means by which a State can constitutionally seek to achieve its goals." The court further held that it is irrelevant to the Commerce Clause, and still in violation of its provisions, when the

motivation of the legislature was the desire to aid in state interest rather that to harm out of state interests.

Opening the property tax system up for this type of charge opens the door to add on additional and different charges in the future. This year it is education. Next year it could be health, seniors, homelessness or whales.

We ask you to please reconsider that money needed to fund "education for all of Hawaii's children" should be funded by all revenue sources rather than selecting only residential investment property and visitor accommodations to fund additional revenue for education.

Thank you for the opportunity to testify on this measure.

Sincerely,

Neal Halstead

DATE: April 3, 2017

TO: Representative Sylvia Luke
Chair, Committee on Finance

Submitted via Capitol Website

RE: **S.B. 683, S.D.2, H.D.1 – PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.**

Hearing Date: Tuesday, April 4, 2017 at 3:00 p.m.
Conference Room: 308

Dear Chair Luke and Members of the Committee on Finance:

We submit this testimony on behalf of Wyndham Vacation Ownership. Wyndham offers individual consumers and business-to-business customers a broad suite of hospitality products and services through its portfolio of world-renowned brands. Wyndham Vacation Ownership has a substantial presence in Hawaii through its Wyndham Vacation Resorts, WorldMark by Wyndham and Shell Vacations brands.

Wyndham **opposes** S.B. 683, S.D.2, H.D.1, which propose a constitutional amendment to authorize the legislature to establish a surcharge on visitor accommodations to fund public education. Timeshare owners already pay the transient accommodations tax on timeshare, also known as the "transient occupancy tax" or "TOT," making Hawaii the only state in the nation that taxes owners of timeshares for occupancy of property they already own. Establishing a new, additional surcharge on visitor accommodations would negatively impact an industry that already contributes significantly to the state.

Gary M. Slovin
Mihoko E. Ito
R. Brian Tsujimura
C. Mike Kido
Tiffany N. Yajima
Matthew W. Tsujimura

The timeshare industry is a strong and consistent source of economic growth for the state that brings stability to the visitor industry by providing reliable and consistent occupancy. Timeshare owners, which include kama'aina, are loyal and repeat visitors who have made long-term commitments to vacation in the islands. In economic downturns, timeshares stabilize the economy and mitigate potential adverse effects on the community.

While Wyndham appreciates that funding for public school education is important, there is no nexus between increasing taxes on visitors and funding for public schools. Moreover, increasing taxes on the visitor industry could have unintended consequences like reduced visitor spending or decreased visitor arrivals. For these reasons, we respectfully ask this committee to hold this bill.

Thank you for the opportunity to submit testimony on this measure.

Kohala Coast
RESORT ASSOCIATION

April 3, 2017

Testimony in Opposition to SB683

Members of the Hawaii State Legislature:

The Kohala Coast Resort Association (KCRA) is opposed to amending the State Constitution to add a surcharge to residential investment property and visitor accommodations. We believe that the goal of this measure, to support the state's educational objectives is worthy, but feel it can already be achieved by allocating a percentage of the transient accommodations taxes from the state's general fund revenues.

KCRA is a collection of master-planned resorts and hotels situated north of the airport which represents more than 3,500 hotel accommodations and an equal number of resort residential units. This is approximately 35 percent of the accommodations available on the Island of Hawai`i. KCRA member properties annually pay more than $20 million in TAT and $20 million in GET.

Sincerely,

SB 683, SD2, HD1 Proposing Amendments to Articles VII And X of the Constitution of the State of Hawaii to Authorize the Legislature to Establish a Surcharge on Residential Investment Property and Visitor Accommodations to Increase Funding for Public Education

Hearing date: April 4, 2017 at 3:00 pm

Aloha Chair Luke, Vice-Chair Cullen and Members of the Committee on Finance,

Thank you for allowing me to submit testimony on behalf of Marriott Vacations Worldwide Corporation ("MVWC") in **OPPOSITION** regarding the proposed Constitutional Amendment and the statutory counterpart bills. MVWC is a global leader in the timeshare industry, with five resort properties in Hawaii, and manages both timeshare and condominium associations throughout the state. Like many vacation ownership companies, MVWC is deeply concerned about the significant negative impacts this bill may have on both timeshare and condominium associations, with little benefit to the association members themselves.

While the discussion and policy decisions about the proper level of funding for public education is an important one that has been ongoing for several years, the approach taken in these bills seeks to have one sector of the economy bear that burden. This is an unfair targeting of one industry to be taxed. While this does not necessarily mean MVWC supports a large broad-based tax increase, it is much more reasonable for our community to engage in policy discussion on the amount and source of education funding. Moreover, these proposals single-out one area and type of property and property owners/users to have to pay these fees for services and programs which do not have a direct nexus to the surcharge that is sought to be imposed.

Our tourism industry remains the state's top economic driver. Unfortunately, our other important economic driver, the military support and spending, is also tenuous and uncertain due to changes at the federal level in the past few years including sequestration, the elimination of earmarked appropriations or "pork-barrel" projects, and loss of congressional seniority. This is compounded by an uncertain and yet to be determined approach by the new federal

Administration. As such, additional targeted fees or taxes on our visitor accommodations has the potential to drag down our tourism market momentum and inhibit Hawaii's continued cost-competitiveness as a sought-after tropical destination.

For these reasons, MVWC opposes Senate Bills 382, SD2 and 683, SD2, HD1. Thank you for the opportunity to testify.

Sincerely,

Kim W. Yoshimoto, on behalf of
Imanaka Asato, LLC, for MVWC

Twenty-Ninth Legislature
Regular Session of 2017

RE: SB 683, SD2, HD1 Relating to Education Funding
Hearing date: April 4, 2017 at 3:00 pm

Aloha Chair, Vice-Chair and Members of the Committee,

Thank you for allowing me to submit testimony on behalf of Soleil Management Hawaii, LLC ("Soleil") in **OPPOSITION** of Senate Bill 683, SD2, HD1 Relating to Education Funding. Soleil is a condominium association and vacation ownership resort management company providing a full spectrum of management services to customers in Hawaii. Soleil has 17 properties throughout Hawaii and has been doing business in the state for 18 years.

Senate Bill 683, SD2, HD1 primarily seeks to amend the Hawaii state constitution to allow the legislature to establish a surcharge on residential investment property and visitor accommodations to fund public school education. This bill unfairly targets and levies an additional burdensome tax on Hawaii's tourism industry for services and programs which are not directly related to the tourism industry. These burdens have the potential to cause substantial negative effects on the state's top economic driver. An additional tax will undoubtedly inhibit Hawaii's continued cost-competitiveness as a key visitor destination. It could also have ripple effects to other industries which rely on the viability of our visitor accommodations.

Although, Soleil agrees that the proper level of funding for public education is an important policy decision for the legislature, such a decision should be carefully weighed against other factors. This is especially true given the economic uncertainties that always accompany a change in the federal administration. We urge the legislature to consider the potential detrimental consequences an additional tax on the tourism industry. For these reasons, Soleil opposes Senate Bill 683, SD2, HD1. Mahalo for your consideration.

Sincerely,

IMANAKA ASATO LLLC

Maui Hotel & Lodging
ASSOCIATION

Testimony of
Lisa H. Paulson
Executive Director
Maui Hotel & Lodging Association
on
SB683 SD2 HD1
PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

COMMITTEE ON FINANCE
Tuesday, April 4, 2017, 3:00 pm
Conference Room 308

Dear Chair Luke, Vice Chair Cullen, and Members of the Committee,

The Maui Hotel & Lodging Association (MHLA) is the legislative arm of the visitor industry. Our membership includes over 175 property and allied business members in Maui County – all of whom have an interest in the visitor industry. Collectively, MHLA's membership employs over 25,000 residents and represents over 19,000 rooms. The visitor industry is the economic driver for Maui County. We are the largest employer of residents on the Island - directly employing approximately 40% of all residents (indirectly, the percentage increases to 75%).

MHLA **opposes SB683 SD2 HD1**, which proposes amendments to the Constitution of the State of Hawaii to advance the State's goal of providing a public education for the children of Hawaii by authorizing the legislature to establish, as provided by law, a surcharge on residential investment property and visitor accommodations.

Keeping our costs level is critical to our ability to compete against other sun destinations, especially now when we are seeing an increased amount of competition with new resort locations and other destinations' deeply discounted air/hotel packages. The State permanently raised the Transient Accommodations Tax where guests now pay a TAT of 9.25 percent. Coupled with the General Excise Tax, guests pay a 13.41 percent tax on the Neighbor Islands and 13.96 percent on O'ahu. Hawai'i has reached the point where high business costs and tax rates make it increasingly difficult for business to be profitable and competitive, both domestically and internationally.

Last year's (2016) visitor spending brought in $15.6 billion to the State, with the state's tax take equaling $1.82 billion. Of that sum, TAT revenues alone accounted for nearly $447 million for the state's general fund last fiscal year. The hospitality industry should not be seen as an infinitely taxable entity. While the TAT was originally established to promote and market the visitor industry, it has since become a major source of revenue for purposes other than originally intended.

Maui Hotel & Lodging Association is opposed to raising taxes and leveraging extra fees on the visitor industry.

TESTIMONY COMMENTING ON S.B. 683, S.D. 2, H.D. 1

PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

THE HOUSE OF REPRESENTATIVES
THE TWENTY-NINTH LEGISLATURE
REGULAR SESSION OF 2017
COMMITTEE ON FINANCE

Tuesday, April 4, 2017, 3:00 p.m., Conference Room 308

The Honorable Sylvia Luke, Chair
The Honorable Ty J.K. Cullen, Vice Chair
Committee on Finance

Dear Chair, Vice Chair, and Members of the Committee:

The subject bill proposes a constitutional amendment that would allow the legislature to impose a real property tax surcharge on "residential investment property" and "visitor accommodations" in order to raise funds for public education.

Individuals with disabilities who are unable to live independently often reside with family or friends because acceptable alternatives are scarce or not available at all. In many cases, the property owner who cares for the individual creates a special needs trust to hold title to the property so that the person may continue living there after the owner dies. Those arrangements serve the disabled by allowing them to stay at home, and they serve the public by avoiding expenses the state would otherwise incur, which the Kennedy School of Government at Harvard University has estimated as millions of dollars for lifetime care of an individual with autism.

Concern arises because the City and County of Honolulu taxes investment property at a higher rate and "owner occupied" property at a lower rate, but it provides that the lower rate applies to trust property “where the settlor of the trust dies and a beneficiary entitled to live in the

home under the terms of the trust document occupies the property as the beneficiary's principal home." ROH § 8-10.4(a) (last paragraph). Other counties lack a similar provision, and all county codes are subject to change. An explicit exemption for special needs trusts should therefore be included in the amendment so that it cannot be interpreted in a way that subjects such trusts to the surcharge.

Without an exemption, a home occupied by the parent, friend, or other relative of an individual with disabilities and left in a special needs trust for the disabled beneficiary could be assessed a minimum surcharge of $15,000 per year while a neighbor, with no need to care for the disabled, would be free of the surcharge. That is not only discriminatory, but it would also make it unfeasible to retain family homes in special needs trusts in many cases.

The amendment proposed by this bill to Article X, section 1 of the Constitution of the State of Hawaii should be changed to read as follows:

"The legislature may establish, as provided by law, a surcharge on residential investment property and visitor accommodations to fund a public education for all of Hawaii's children, provided, however, that no residential property occupied by an individual with disabilities pursuant to the terms of a special needs trust shall be subject to the surcharge."

Thank you for the opportunity to testify.

Respectfully submitted,

Ryan Lee, M.D.
President, Autism Society of Hawaii

Subject: RE: SB 683 and SB 686 RELATING TO EDUCATION

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**

TUESDAY, APRIL 4, 2017 3 p.m.

Chair **Luke** and Members of the Committee:

My name is Lauralee Owens. I am a teacher at Mililani Middle School in Central DISTRICT on Oahu I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their stud ents, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because many schools themselves as you know are in poor repair, students are often going without needed supplies, and most importantly, not receiving the educational support they need.

I am a special education teacher, and I taught at Waianae High School previously and saw how the students' self-esteem was extremely low, constantly being looked down on, called "low lows" and having numerous adults seemingly giving up on them. We cannot simply "write off" an entire generation of children! Having worked with the ninth grade students there, I saw several students who struggled, but in spite of being considered hopeless by many adults, they never stopped trying!

Although I love Hawaii and have over twelve years teaching experience and am committed to teaching students with special needs, I was forced to leave back in 2010 because I couldn't afford to stay on the island after my daughter left, when Governor Linda Lingle had enacted the "Furlough Fridays" that reduced teacher income even further.

Now, having returned to the place I love, hoping to stay here permanently, teaching until I retire, at least another ten years, armed with savings and a boyfriend whose income helps me to afford a very

small one bedroom apartment, I found a job at Mililani Middle School, which is a year round school, due to the overcrowding there.

I have taught in Florida, Pennsylvania, Illinois, and Oregon. Of all five states, the cost of living is highest here, with the lowest pay. It may indeed be paradise to those of us who have traveled to other places, but for many of my students' they have very little hope of achieving their dreams, in no small part because adults in charge of their future have not put their education above other financial concerns.

To them, it doesn't SEEM like paradise, but rather a place they may have no hope of ever traveling, and even more upsetting, they may never find any financial security, constantly struggling because of their lack of education.

When I was forced to leave six years ago, I missed the lovely people, the sweet, friendly students of Hawaii and determined I would return, working to help those with disabilities in whatever way I could. If I am unable to afford to live here, as much as I love Hawaii, I can only imagine how many other teachers who are like me, and want to help students here succeed and help them however we can, but are unable to afford it.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Lauralee Owens,

Mililani Middle School

Central Oahu District

Chair **Luke** and Members of the Committee:
My name is Kaleo Waiau. I am a teacher at Maui High Schoo in Maui Island District on island of Maui. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.
Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.
We need additional funding for our public schools, because we are currently cramming special needs students with massive attentional handicaps into half portables, where they are practically lap dancing IS UNACCEPTABLE! If this was dance class it might be appropriate but they can barely keep their hands to themselves much less someone they are almost sitting on. Every year there are fewer and fewer teachers allocated to schools not because the need has decreased but because we have that mantra to recite, "Do more with less!" There are less and less supports and resources for teachers in the classrooms now than 10 years ago. We are not evolving over time rather to the contrary. And still, we expect better results from our children. And most of us who have remained in the trenches, working with the students because they are our kids have seen and heard many of our beloved and respected colleagues leave to another state or leave the profession altogether because the profession neither supports them nor feeds them. It's a shame when schools in other states offer more with lower cost of living rates yet our leaders are content to leave our educators to become bi-vocational to survive.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Anne Weber. I am a teacher at Ma'ili Elementary School in Waianae on am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

If you don't support schools, you don't support students. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, technology to ensure students are ready for the jobs of the future, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because low pay and a lack of resources are driving teachers in your schools out of the profession. Teachers are professionals with degrees and should not have to hold second and third jobs when they should be able to concentrate on their students.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Subject: Wadlegger testimony

Aloha Chair **Luke** and Members of the Committee:

My name is Kelly Wadlegger. I am a grade 9-12 teacher at Castle High School in Windward District on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding ASAP for public schools.

Our children are our future. When we teachers instruct our students, we build the foundation for equality and prosperity for generations. Every dollar invested in our community's public schools yields huge returns, not just for our economy, but for the promise of a more functioning, prosperous, intelligent, and democratic society for all. (Not only for the elite rich)

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow us teachers to connect with our students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers. We are seriously under valued and underpaid for the work we do which includes many hours outside of school times. We don't only teach but are often emotional, mental and social supports for many of our students. Our students deserve more resources, support and teachers need to be paid what they are worth. I gave up a private school salary to give back to the public sector yet I can barely pay my bills and inflated cost of rent on this inequitable salary. It is a shame that the governor is not more involved and proactive in meeting with HSTA and actively supporting Hawaii educators to get a better and much deserved contract.

We need additional funding for our public schools, because the schools are in poor conditions, the classes are overcrowded and public schools are becoming pipelines to prisons. My colleagues and I work at Castle because we care and are passionate about helping our kids succeed. We have amazing pathways at Castle that prepare students for college and careers. If funding gets cut that would affect the arts and other pathways. I teach 140 students dance as an art including career oriented classes in performing arts. Special Ed students gain value from the inclusiveness in my classes. We need funding for smaller class sizes so students can get individualized attention.

The state needs to take care of children and not foreign investors. Tax the many on Oahu who charge $1800 for a 1 bedroom. Serious low pay and a lack of resources are driving teachers in your schools out of the profession, I have a terminal master fine arts degree and I have to take another job this summer to have enough for living costs while others beat the system and evade taxes in housing properties.

To deliver the schools our keiki deserve, PLEASE support these bills.

We need your help. Mahalo nui loa

Subject: TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE RE: SB 683 and SB 686 RELATING TO EDUCATION

Chair Luke and committee members,

My name is Megan Pillos. I am a teacher at Wilcox Elementary school on the island of Kaua'i. I am writing in support of SB683 and SB686, Relating to Education, to increase funding for our public schools.

Hawai'i's public schools rank poorly in teacher recruitment and retention, teacher pay, and student achievement. We are also the only state in the nation that does not use property taxes to fund our schools. While this means that the rich areas of our state do not fare disportionately better than impoverished areas, it has led to all schools throughout the islands being chronically underfunded. Supporting these proposals will lift Hawai'i's school into the 21st century.
To build the schools our keiki deserve, please support these bills.

We need additional funding for our public schools, because we need to be able to attract people to become E.A.'s in the classroom. I am a special education preschool teacher in the Fully Self Contained Preschool classroom. Our school only offers 19 hour a week jobs to E.A.'s so they don't have to pay medical insurance. I have 8 developmentally delayed 3 and 4 year olds in my classroom - some are Autism Spectrum Disorder as well. My school's solution to provide E .A.'s in my classroom is a band aid solution. I have 1 E.A. from 7:15-11:15, one from 9:45 - 12:15, and one from 12:20-1:30 pm. This is not helping me meet the needs of my students as well as meet their goals and objectives! Yes, my paycheck is small but I am more concerned about the consistency for my students to help them grow and meet their goals and objectives.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

Hi, my name is Stephanie Takashima and I am a school counselor at Henry J. Kaiser High School on the island of Oahu. I have been a school counselor for nine years. I am asking you to show your support of Hawaii educators and students by passing SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct and counselors counsel their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawaiian's i's schools into the 21 st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking counselors and teachers.

We need additional funding for our public schools, because all too often, school educators pay out of their own pockets for school supplies and resources that are used in teaching their students. Without adequate funding, schools often have a challenging time providing the level of instruction necessary to reach each student at their needs. Class sizes are large with 32-35+ students per class. These students have varying levels of need, different learning styles, and different life circumstances that often serve as obstacles in their education. As educators we are also often tasked with many different roles within the school, that it takes us out of the job we were initially hired to do. Quite often we lack adequate funding to hire the necessary personnel in the areas of need, thus teachers and counselors serve various roles within the school, such as custodial workers, security, cafeteria workers, substitute teachers during our non-teaching/prep periods. When this happens, it becomes a disservice to our students because we have a limited amount of time to focus on what we have a passion for, which is teaching and counseling our students to navigate the global world we live in and be productive, responsible, and caring citizens who can make a difference. It quite often leaves the educator burnt out, especially our new teachers, and the end result is that we can't service our students or provide them with the quality education they deserve.

I am asking you to support these bills to show your support for education and the future of our students.

Thank you for your time and consideration.

Sincerely,

Stephanie Takashima

Sent: Saturday, April 1, 2017 10:37 AM
To: FINTestimony
Subject: In Support of SB 683 and SB 686

Chair Luke and Members of the Committee:

My name is Kathryn Au and I am a registered voter in District 20 on O'ahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

I have worked as an educator in Hawai'i for over 40 years, starting as a teacher and eventually becoming the first person to hold an endowed chair in education at the University of Hawai'i at Manoa. My experience has given me a broad overview of our P-20 education system. I have had the privilege of working on school improvement with teams from over 125 K-12 public schools throughout our state.

The key lesson I have learned is that schools need consistent support to stay the course over a period of years. This is the only way schools get better. One-year, flash-in-the-pan quick fixes will never do the job.

Positive change is starting to take hold in our public schools. For example, we have the good news that more of our graduating seniors are proceeding to college, better prepared than ever.

Now the challenge is to keep the momentum going!

Our public schools need a steady stream of funding to support their implementation of multi-year improvement efforts. SB 683 and SB 686 offer viable options for giving our public schools the necessary funding – first to catch up with the rest of the nation and then to become models of excellence.

Please support these bills to give our public school students – and our state – a brighter future.

April 3 , 2017

Testimony before the House Committee on Finance

TO: Honorable Chair Luke and Members of the Committee

RE: SB 683 PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

Support for hearing on Tuesday, April 4, 2017

I have worked in the Department of Education for over 30 years at various schools as a school librarian. These schools all had a common denominator in that students suffered whenever the classes had over 30 students in the classroom and they had long term substitutes who had no background in the subject they taught. Currently, we have had teachers from the mainland in the "Teach for America" program. Most if not all, after two years move back to the mainland or go into another career field that pays a better salary such as doctor or lawyer.

I support SB 683 as it would provide for a constitutional amendment to allow the establishment of a real estate surcharge. This money would become a dedicated education fund from which teachers would be paid a salary comparable to the highest paid on the mainland when cost of living is factored into the amount.

Wallethub rated Hawaii the worst state for teachers: https://wallethub.com/edu/best-and-worst-states-for-teachers/7159/

Education has to compete with other departments for a piece of the pie so money is limited to the amount accrued for that particular year. The future of Hawaii depends on our investment of money into our children. All of them deserve the best education that can be provided with this education funding.

Thank you for reading my testimony.

Sincerely,

Jenny Nomura

RE: S.B. 683, S.D.2, H.D.1, PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION.

HEARING: Tuesday, April 4, 2017, at 3:00 p.m.

Aloha Chair Luke, Vice Chair Cullen, and Members of the Committee,

I am Myoung Oh, Director of Government Affairs, testifying on behalf of the Hawai'i Association of REALTORS® ("HAR"), the voice of real estate in Hawai'i, and its 9,200 members. HAR **strongly opposes** S.B. 683, S.D.2, H.D.1 which proposes amendments to the Constitution of the State of Hawaii to establish a surcharge on residential investment property and visitor accommodations.

The bill proposes to create a revenue stream for the Department of Education based on assessing residential units used for rentals. The bill also proposes to assess visitors on a per person basis but does not state an amount necessary to address the current needs of the DOE, and thereby creates a revenue source for funding existing and future programs.

While we continue to recognize the importance of education, we are concerned that the responsibility in funding this effort will be shifted from the overall general tax paying public to those that own residential investment property and visitors to our State. **More importantly, there is no clear nexus between those that own additional residential property and Hawaii's visitors to education.**

According to the Department of Business, Economic Development and Tourism, Hawai'i had a homeownership rate of about 59% in 2015, which implies 41% are renters. Should an additional surcharge be placed on rental investment property, these additional costs may be passed on to renters and visitors. With rising housing costs, more homeowners today are purchasing an investment property so that their children have a place to call home or to plan

EQUAL HOUSING OPPORTUNITY

TESTIMONY to the Hawaii State Senate Finance Committee - April 4, 2017 3:00 pm

RE: STRONG SUPPORT of SB 683, SD2, HD1 and SB 686, SD2

Dear esteemed Sen. Luke and Committee,

My name is Mireille Ellsworth, and I have been teaching at Waiakea High School in Hilo for nearly 13 years. I look forward to testifying on these bills in person on Tuesday and watching your committee demonstrate your commitment and dedication to the keiki of Hawaii by passing these measures to let the people of Hawaii decide on how to provide desperately needed funding to our public schools.

For far too long our public schools have been underfunded, and as a classroom teacher, I have seen firsthand the repercussions of this neglect. Because of the critical teacher shortage, my students have huge *pukas* in their learning. Many of them can pinpoint a year or more of their time in our public schools when they have had a series of substitute teachers throughout the year, a "revolving door" per se, instead of having a licensed, certified teacher to see them through the entire course. This lack of stability takes its toll on our children and makes it difficult for them to get the attention and help they deserve, especially our students with special needs. It takes time to build trust with young people and to get to know their specific strengths and weaknesses, so lacking consistency, students are short-changed.

The cost of living makes it nearly impossible to make ends meet on present teacher's salaries, even after all of our state's efforts to recruit from the mainland. A recent example at my school is when an excellent special education teacher at my school who just arrived in July of 2016 left in December because her husband couldn't find a job in Hilo, and the couple could not make ends meet on one teacher's salary, and they didn't even have kids of their own! This is happens year after year, so we must find a way to make it possible for teachers to stay. I myself have incurred over $40,000 in debt just to remain teaching here for 13 years, which, according to my union's salary study, is the discrepancy between my pay and my mainland counterparts whose salaries do compensate for the rising cost of living. When I swipe my credit card at the grocery store, I realize that I CANNOT EVEN AFFORD THE FOOD THAT I EAT, so I continue to go further into debt -- this is not sustainable! If this measure does not pass, I will be making plans to leave the state even though I would prefer to stay and continue to "lay down roots" in my East Hawaii community where I now run into my former students. It's very telling when I do run into my former students, the very first question they ask is "Are you still teaching?" It is their experience that teachers do not stay in the profession; they come and go.

The travesty of underfunding our public schools leads to less opportunity for our students in their futures which leads to long term problems in our communities like underemployment or unemployment which strains our social services and increases our homelessness problems not to mention the burden on our state to pay for medical care for those in need. Poverty and opportunity are rapidly increasing in our state, and we all know investing in our keiki's education is one sure fire long term solution.

Please pass these bills to enable our voters to decide how they would like to contribute to the future of our keiki. This is a critical tipping point in our state's history, and I am looking forward to remembering this legislature as the one that had the vision to do the right thing in the long term.

Thank you for your consideration,

Mireille Ellsworth,
English and Drama Teacher,
Waiakea High School,
Hilo, Big Island

Testimony to the House Committee on Finance
Submitted by Cuyler Otsuka
In strong support for SB 683, SD 2, HD 1 & SB 686, SD 2

Chair Sylvia Luke and Members of the House Committee on Finance:

My name is Cuyler Otsuka. I was born and raised on the Waianae Coast and I am a special education teacher at Waianae Elementary School. I write to you in **strong support** of both SB 683, SD 2, HD 1 and SB 686, SD 2.

I have worked for two public schools on the Waianae Coast over the past three years. Although the bills highlight many of the shortfalls our public schools experience, I want to share some programs at public schools along the Waianae Coast that inspire my passion for education:

- In 2010, the Nanakuli–Waianae Complex received funding for a one-to-one device program for all of the public schools within the complex;[1]
- At Waianae Elementary School and Kamaile Academy, students receive arts instruction from world-renowned artists and local organizations such as Jack Johnson, Jake Shimabukuro, Paula Fuga, and Honolulu Theatre for Youth[2, 3, 4] through President Obama's Turnaround Arts Initiative;
- Waianae High School's innovative, renowned multimedia production group Searider Productions, led by Waianae High School students, has been named a Distinguished Program by Apple[5] and has won accolades in contests nationwide;[6]
- Nanaikapono Elementary School is home to the first and only community-focused museum established in a Hawaii public school. The museum, established in 1970,[7] houses invaluable Native Hawaiian artifacts and treasures gifted by community residents and kupuna;[8]

[8] http://www.hawaiiancouncil.org/members/nanaikapono-community-school-museum/

- Waianae Intermediate School's school-based health center, opened in 2016, helps to combat health problems and keeps students in school;[9]
- The Nanakuli High and Intermediate School Performing Arts Center, founded in 1991,[10] is a creative, inclusive group that students are proud to call "Nanakuli's 'best-kept secret.'"[11]

These programs are exciting and innovative. But all of them are impossible without financial support, hard work and long hours. The House Finance Committee has the power to allocate resources within the State Budget. As members of the Finance Committee, I am certain you are acutely aware of our state's budget constraints on the spending-side. However, I would like to offer the perspective that our state cannot afford to ignore the revenue-side for the sake of political expediency or ideology.

A. <u>Federal austerity increases pressure on state and local budgets.</u>

The present reality is that, with Donald Trump as the current President and Betsy DeVos as the current Secretary of Education, the current administration's agenda is to devolve social programs and services to the states:

- On health care, House Speaker Paul Ryan proudly proclaimed: "We are de-federalizing an entitlement, bloc granting it back to the states, and capping its growth rate. That's never been done before."[12]
- President Trump's pick for the Secretary of the Environmental Protection Agency, Scott Pruitt, once said that "the EPA was never intended to be our nation's foremost environmental regulator,"[13] arguing instead that states should be tasked with environmental protection.[14]
- President Trump's proposed budget also "de-federalizes" programs like Meals on Wheels and disaster mitigation.[15] Office of Management and Budget Director Mick Mulvaney argued that states should be responsible for funding: "that's a state decision to fund that particular portion";[16]

[16] https://www.usatoday.com/story/news/politics/2017/03/18/meal-on-wheels-trump-budget-proposal-cuts/99308928/#

- President Trump's proposed budget also eliminates entirely the National Endowment for the Arts,[17] which—along with the Department of Education and other local and partners—provides funding for invaluable experiences like the Turnaround Arts Program,[18] which has provided my students and colleagues an unforgettable experience.

This administration's unprecedented plan would shift the responsibility of Medicare, Medicaid, education, environmental protection, disaster mitigation, and other social programs onto the backs of state governments. Given President Trump's vision of devolving fiscal responsibilities to state legislatures, Hawaii will experience increased expenditure demands trying to fill the void left by the current administration's fiscal austerity.

Unprecedented federal cuts to spending on local programs means that local governments will need to find unprecedented means to offset those cuts.

B. <u>Investment properties and tourism are gentrifying Hawaii, creating negative externalities.</u>

The cost of living is increasing in Hawaii due to gentrification and the drastic increase in housing costs.[19] As written, SB 686, SD 2 taxes investment property as a surcharge of $1,000 for properties valued above $2 million. Therefore, this tax is narrowly tailored toward wealthy investors who use luxury properties to earn a quick profit—not to live in permanently. It is only fair that we ask the wealthy to pay their share for doing business and making a handsome profit in the State of Hawaii.

By far, the largest negative externality from gentrification combined with a severe shortage in truly affordable housing is homelessness.[20] A 2013 New York Times article found that, in gentrifying neighborhoods like Bedford–Stuyvesant and Brownsville, the average rent increased by 22 percent over a span of five years and effectively priced out low-income renters, sending generations-long community members into nearby homeless shelters. "The poor are not simply competing with wealthier newcomers for limited housing; the poor are competing with one another."[21]

In a civil society, it is the government's responsibility to limit the effects of negative externalities on its citizens. By tailoring taxes to ultra-wealthy investors whose projects drive up the cost of precious land, SB 686, SD 2 fulfills that responsibility.

C. <u>The Legislature has the power to transform our public education system for the better.</u>

The Constitution of the State of Hawaii mandates that the State provide a "statewide system of public schools," making education spending mandatory.[22] Yet, many of our public schools' needs remained ignored over the years, leading to overheated,[23] overcrowded[24] and understaffed[25, 26] schools—especially for our highest-need populations: Title I schools and special education classrooms. Impermanence, instability, large student-to-teacher ratios, and deteriorating campus facilities are among the largest obstacles to our students, faculty, and staff at schools across the state. The proposed constitutional amendment would address these systemic obstacles and more.

The Legislature has a constitutional obligation to fund public education. But the Legislature also has the power to ensure that our public education system will have the funding it needs to become among the best in the nation.

The State <u>can</u> sustainably and cost-effectively keep up with the ever-increasing demand for public services. But it can do so only through generating revenue without pricing out our residents. SB 683, SD 2, HD 1 and SB 686, SD 2 together will enable the State to tap into two increasingly lucrative markets—investment property and tourism—in order to fund the education that our keiki truly deserve.

Mahalo for your consideration.

Cuyler Otsuka,
Proud public school teacher and community member of the Waianae Coast.

HEARING: 3 p.m. Tuesday, April 4, 2017

SUBJECT: SB 683, SD2, HD1 Constitutional Amendment for Real Property Tax Surcharge - **OPPOSED**

Aloha Chair and Committee Members,

Thank you for allowing me the opportunity to provide testimony on SB 683, SD2, HD1, which would create a constitutional amendment for a real property tax surcharge. I oppose this bill and urge you to vote "no."

The bill uses the term "residential investment property." There has been plenty of negative publicity about speculators, and people may not realize that these "investment" properties include homes in which residents live.

In addition, this surcharge would very likely be passed on to tenants and put more pressure on the lower end of the market.

Rather than create a new tax to fund education, please decrease the bureaucracy and waste.

I urge you to vote **"no"** on this bill.

Chair Luke and Members of the Committee:

My Name is Ken Farm and I stand in support of SB683 to increase funding for public schools. And subsequent Enabling Bill SB686.

Our children are our future and education is our societies great equalizer. Quality education leads to better outcomes and less reliance on government assistance and other social safety net programs. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for the lower and working class of Hawai'i, it allows for smaller sizes classes which allow teachers to connect with their students and, because of smaller classes sizes teachers can focus a child's whole education. In addition, voting yes will help Hawai'i students become more adept with STEM classes. However, must never forget the importance of the arts and Hawaiian studies. All integral in creating a whole person, traits such as, critical thinking skills and, creativity beyond classroom academics.

Furthermore, this bill will increase available monetary resources for special needs students that are under the protections of the federal IDEA law or any other type of designation. Finally, the following bills will address the issue of professional pay that reflects the value of our hardworking teachers and educational support staff but also address the issue of personnel retention particularly with teachers.

Our keiki deserve the best we can provide and by voting in support you are fulfilling the promise of the social contract Mahalo.

COUNTY COUNCIL

COUNTY OF MAUI
200 S. HIGH STREET
WAILUKU, MAUI, HAWAII 96793
www.MauiCounty.us

April 3, 2017

TO: Honorable Sylvia Luke, Chair
House Committee on Finance

FROM: Mike White
Council Chair

SUBJECT: **HEARING OF APRIL 4, 2017; TESTIMONY IN <u>OPPOSITION</u> TO SB 683, SD 2, HD 1, PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION**

Thank you for the opportunity to testify in **opposition** to this measure. The purpose of this bill is to propose amendments to the Constitution of the State of Hawaii to authorize the legislature to establish a surcharge on residential investment property and visitor accommodations to fund public education.

The Maui County Council has not had the opportunity to take a formal position on this measure. Therefore, I am providing this testimony in my capacity as an individual member of the Maui County Council.

I submit this testimony also in opposition to SB 686, SD 2, HD 1, which establishes the law to facilitate the establishment of the surcharge.

I **oppose** this measure for the following reasons:

1. Although the Department of Education receives almost 20 percent of the entire budget of the State of Hawaii, the administrators, teachers, students and advocates of this bill have legitimate reasons to demand more funding to provide quality education for our keiki. But the proposed measure before you is flawed, which is why I implore the legislature to defer this bill.

2. Real property taxes are the counties' primary and largest source of revenue to fund county programs. The counties this year are anticipating substantial salary adjustments for all bargaining units, which we are obligated to fund regardless of our position. Raising property taxes is our only reasonable option to balance our budget.

3. Increasing costs of visitor-related programs like transportation, sewer and water, fire, police, and parks maintenance continue to be a challenge because the counties don't receive a fair share of the transient accommodations tax. To pay for these services, residents will continue to be burdened and face potential increases in real property taxes.

4. In many mainland communities, local real estate taxes are used to support local schools. The communities decide for themselves what they can afford and tax their residents accordingly. In Hawaii, a decision was made decades ago to establish a statewide school and healthcare system, which differs from most of the nation, and would be funded through state tax collections. If lawmakers and the governor believe schools are underfunded, you should accept the responsibility and appropriately fund education without passing the buck and causing financial challenges for the counties.

5. The State has far more taxing authority than the counties and should be able to handle any increased need for funds. The premise that the counties should fund schools without having a greater say in the way that monies are spent ignores the importance of the community's right to decision making.

For the foregoing reasons, I **oppose** this measure.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON**FINANCE**

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Jennie Yee. I am and have been a teacher at Castle High School for the past 10 years. Please allow me to submit this testimony in support of SB 683 and SB 686 to give voters a voice in providing sorely needed funds for our public school system.

Members of the public need a chance to show support for their public education system, one that has been historically under-funded in recent times.

Thank you for your kind consideration in favor of these bills.

Comments: The purpose of the legislation is to authorize the legislature to establish a surcharge on residential investment property and visitor accommodations to fund a public education for all of Hawaii's children, yet, the way the constitutional question is framed may mislead the voter to believe that the legislature has the authority now by the inclusion of the words, "as provided by law." If this authority were already in law, the bill would not be necessary. To avoid confusion, recommend delete the words, "as provided by law" in the question. SECTION 4. The question to be printed on the ballot shall be as follows: "Shall the legislature be authorized to establish, as provided by law, a surcharge on residential investment property and visitor accommodations to fund a public education for all of Hawaii's children?"

Subject: RE: SB 683 and SB 686 RELATING TO EDUCATION.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE
RE: SB 683 and SB 686 RELATING TO EDUCATION.
TUESDAY, APRIL 4, 2017
3 p.m.

Honorable Chair Luke and committee members,

My name is Jennie Hancock. I am a teacher at Waikoloa Elementary and Intermediate School on the island of Hawaii.This is my 4th year teaching in Hawaii. I spent my first year at Hale Kula Elementary School--recently renamed Daniel K. Inouye Elementary--on Schofield Barracks, and the following two years teaching at Paauilo Elementary and Intermediate School on the Hamakua Coast of the Big Island.

I write in support of SB683 and SB686, Relating to Education, to increase funding for our public schools.

We have seen in the media and from reports from the Department of Education, HSTA, and others that Hawai'i's public schools rank poorly in teacher recruitment and retention, teacher pay, and student achievement. I, my 13,000 certificates colleagues, support staff, and especially the students suffer the ramifications of the poor state of Hawaii's public schools. We are the only state in the nation that does not currently use property taxes to fund our schools. While wealthier areas of our state do not fare disproportionately better than impoverished areas, it has led to all schools throughout the islands being chronically underfunded.

Our Hawaii public schools need an additional, reliable, sustainable source of funding to supplement our current funding. My second year of teaching in Hawaii I was assigned a class of 34 second graders. 34. I had so many students that I could only fit desks and bodies in my classroom. I was forced to relocate my 3 desktop computers to my neighbor's classroom--the special education teacher--and after a week I was forced to remove my carpet. I don't know when the last time you were in an elementary classroom was, but the carpet is a critical place for whole group instruction and community--or what I call classroom family--building. I remember telling my administrator at one point that I felt like there were days that I didn't even get a chance to look every student in the eye, which is absolutely heartbreaking to me still. I was stretched so thin trying to meet the needs of an extremely large, extremely diverse group of young learners, and I was using my own money to buy supplies for my students. I don't have time to get into the shoddy, non-ADA compliant state our facilities are in all over the state but can tell you my students and I have dealt with moldy ceilings, falling paint, and extremely hot classrooms.

Last summer, I was displaced from a small, rural school because of a lack of adequate funding due to decreasing student population. Three teachers were "rifted" because when students left to go to other public schools, private school, or Kamehameha, the small school lost out on their Weighted Student Formula money. The school is a school with one class per grade level. They pulled 3 non-classroom teachers into classroom positions and displaced 3 great classroom teachers.

Supporting these proposals supports all of our efforts to bring Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students and build meaningful relationships, whole child education that includes the arts and Hawaiian studies--something my first graders are currently lacking, resources for special needs students, and professional pay that reflects that value of our hardworking teachers. These bills ensure the funds collected will address the issues mentioned instead of simply increasing the current administration-directed funding system. Without these changes we cannot effectively provide for the students served by our public schools or the teachers serving.

Please help the students and teachers of Hawaii by supporting these bills. Thank you for your time.

Sincerely,

Jennie Hancock

Chair **Luke** and Members of the Committee:

My name is Michael Kline. I am a teacher at Kilauea School on Kaua'i. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

The research has been done. Countless hours of hard work by very intelligent teachers and persons has already been spent. The majority of senators and representatives have supported these bills to this point. This is the best solution to adequately funding our schools. Please let the public decide this critical issue by passing these bills.

It is time for bold decisions and positive action. We can't keep pushing this issues in our school into the future any longer. Now is the time. We can make Hawai'i schools the best in the country.

Please support these bills.

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Lovanne Avina. I am a teacher at Waimanalo Elementary & Intermediate School in Windward District on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because the lack of funding is adversely affecting my own children as well as my students. Teachers that have to work second jobs are spread too thin. They can't devote as much time to their students. They deserve to be valued more highly. I personally find it very difficult to make ends meet with just one job. I'm not willing to sacrifice time with my family, but the stress of paying my bills makes it harder to concentrate on my students. If I were paid at a level commensurate with my experience and expertise, then I would be able to more fully turn my talents and abilities towards building a better future for our children.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Subject: Increase funding for public schools

Chair **Luke** and Members of the Committee:

My name is christian cahill. I am a teacher at mililani middle in central district on O'ahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we need to give our keiki the best opportunities to succeed in technology drive society. We need more classrooms and fewer students in them in order to give students the time and energy the deserve. Teachers need higher salaries to match the multiple jobs they juggle within the school day and year. As a single female and in my late 30's I am barely able to afford housing, food and transportation. I find it very difficult to see a bright future for myself in this profession so how can I sustain the idea that our children will have brighter futures than myself. I aak you to please provide the respect that is rightfully do to our keiki and the trained professionals that are working with them day in and day out. Many of us driving an hour or more each day to do the jobs we love but know are not paying the bills or allowing us to save money. Half of my team at mililani has a second job and this is not uncommon ,and has been for years now, when they should be able to concentrate on their students. We all know that investing in our public schools is an investment in our society and our future. If not now then when? Why must struggle be a norm when it comes to the teaching profession?

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

My name is Elizabeth DeLyon. I am a teacher at Haiku Elem. on the island of Maui. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole c hild education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we cannot keep our teachers and it is making it so much more difficult for the ones who are staying in the profession. We need to take on greater workloads and mentor teachers for no additional pay, but just for the love of the profession. For no compensation, I have trained a minimum of one teacher per year for the past 22 years because we need teachers. However, our state needs to step in with more money in salary, to keep them. So often I train a teacher and they return to the mainland for better pay and working conditions. Over the past five years, two of my student teachers have returned to Washington and Florida for better job opportunity in teaching. It's heartbreaking after all that I have poured into them and then they bless another states' children. We need to maintain our workforce. Hawaii kids deserve the best! We need an overhaul. I hear so many veteran teachers wanting to leave early, to not pick up the slack. We need your help!

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Subject: Testimony - SB 683 and SB 686 RELATING TO EDUCATION

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Sheryl S. Ogawa. I am a teacher at Pahoa High & Intermediate School on the Island of Hawaii in the Ka‘u, Keaau, Pahoa Complex. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow’s generations. Every dollar invested in our community’s public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai’i’s schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because I believe and have experience knowing "throwing money" at a situation hoping the problem is solved helps a lot, but it‘s the tip of the ice berg towards making significant reforms in our public school. Money is a big concern used to provide supplies, professional development (pay substitutes) and up to date technology. Teachers need to focus on teaching, not doing fund raisers for basic reading material in a classroom, field trip bus money or incentives and rewards for students.

I am working on taxes and I spent $1869 on supplies. I am an ELA teacher and when we write in class, I make it real for students and we use real thank you cards, and real envelopes so students get into the habit of showing gratitude to develop positive social emotional skills. My own money is spent on these things that make teaching meaningful for my students.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Subject: Testimony for SB 683 and SB 686

My name is Lillian Shaw. I am a teacher at Nanaikapono in Leeward District on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.
Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society. Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.
We need additional funding for our public schools, because I spent more than 1700 dollars last year alone to buy students supplies or my educational material. Lack of funding affects my children, how My paid is 40% lower than my friend who is also a Sped teacher in California. Due to lack of resources are driving teachers in your schools out of the profession such as I have to buy clothes and slippers for my students, Almost all teachers have to hold second and third jobs when they should be able to concentrate on their students. I have two other jobs than my teaching position. I lack of sleep due to over work. I would love to see that you start to consider investing in our public schools is an investment in our society/future by making it happens by passing these bills.
To deliver the schools our keiki deserve, please support these bills.
We need your help. Mahalo.

We need additional funding for our public schools, a lot of our infrastructures needs repair, one example is the hallway by my classroom. The roof needs to be repaired so beneath the hallway area has been roped off for students to detour. This situation is now going on for 3 years. Young teachers are seeking employment in other profession because of low pay and a lack of resources or some of the teachers have to hold second job when they should be able to concentrate on their students, etc.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo!

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair Luke and Members of the Committee:

My name is Candace Chun and I've been a teacher for 35 years with the Hawaii Department of Education. I am from the Central District on Oahu. Please pass SB 683 and SB 686 to increase funding for public schools.

Every dollar invested in our community's public schools supports the work we are doing to prepare our youth for meeting the needs of our community and being successful in the 21st century. For instance, I teach the health professions, and it is crucial for us to have knowledgeable instructors in order for students to receive the best education so that they can pursue those careers. Currently, we have a critical shortage of teachers. I've seen this problem grow worse over the years, and there just are not enough qualified teachers in our classrooms. Ask the students and they are not considering a career in teaching. Just within our school, the turnover rate is so high, many are being recruited from the mainland or lack any experience. Many are uncertified, so our students are being very shortchanged with their education.

A positive vote will help reduce class sizes, which have gotten larger, especially in the high schools, where they are packing 36 students or more in advanced classes. Some of this is due to offering seven periods, and not hiring enough teachers, so our load is greater. Unbelievably, I started off last year with 210 students and 204 this year at Mililani High School. This lessens the time I can give to every student; rather, I am struggling to get grading, lesson planning, and actually l looking carefully at student work. Many teachers are so frustrated with their current workload, expectations, and stress, including myself.

A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, see how we can assist them with their learning needs, and provide resources to be effective with learning activities. It's frustrating that when we need supplies there is so much red tape that teachers are forced to use personal funds to buy the things they need. That is very unfair.

Most importantly, funding our schools will provide professional pay, which recognizes the hard work our educators are providing. In all my years of teaching, I can't believe how undervalued our teachers are. I used to do a lot as a culinary teacher, but with instructional time added, decided it wasn't worth doing anymore, because it took hours to do shopping for 180+ students every week. I even decided to give up advising our nationally-affiliated HOSA organization, because after doing that for so many years and no additional recognition or compensation, decided it wasn't worth it anymore. It's unfortunate, because we were taking home numerous national medals and top ten winners, along with having so many state officers and Hawaii's first national officer for any Career Technical Student Organization, many of which I poured personal resources so I could chaperone

my students for a week during my summer break. The raises have never made up for the strike, furloughs, loss of medical contributions taken away, or no increase in salary years.

More funding would also help teachers with medical coverage, after all, this is a high-stress job, and we catch infections the students pass along. At the high school level, it is even more stressful, as there are the difficult ones who even their parents don't know how to control.

We need additional funding for our public schools, because we are losing too many talented, dedicated, and promising educators due to the fact that our state simply is too cheap to pay us REAL professional salary. I have stuck with teaching, even though I have seen everyone burning out and having to work multiple jobs to make ends meet. Why? Because I just don't know who will teach our students anymore. It has never made sense to me that teachers are forced to work multiple jobs when they could have concentrated on preparing or revising lessons or doing the multitude of things required of teachers. It has also become very frustrating to many teachers that they have left the profession for better paying jobs. For example, we have lost some very talented people such as our graphics arts teacher, who is now earning more as a stevedore. When he was teaching, his students were consistently winning national awards. Also, it is discouraging to see many teachers leave today past ten years…sometimes only within a couple of years. Many teachers I speak with say they are burnt out and want to retire, and they only have about 10 years on average.

It's time to take this seriously, because I already see the frightening trend that many teachers are retiring as soon as they can just so they don't have to take all the crap being shoved down their throats. Funding should go to classroom teachers, not the bureaucrats who tell us what to do. We are the ones who work in the trenches for our youth and funding is key to making education a top priority. To deliver the schools our keiki deserve, please support these bills.

Respectfully,

Candace Chun, Mililani High School, Central District, Oahu

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**

Chair **Luke** and Members of the Committee:

My name is Jeanine Tsuchiya and I am a concerned citizen submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole c hild education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because of the teacher shortage and need to compensate our teachers more to raise them to the respected profession that they are. Teachers entering the profession make less in comparison to other professionals and less than their mainland counterparts. My children had to share books, sat in broken chairs and did not have all programs available ex. Gifted and Talented programs at their school. We need a diverse program of study so all students can be excited about learning in their own way and in areas of their interest. Teachers do a lot of extras for free – sponsoring clubs, taking students on trips, tutoring after hours and preparing beyond their paid workday. Let's support them, so they can support our children.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

To: FINTestimony
Subject: Testimony in support of SB 683 and SB 686 regarding Education

Chair Luke and Members of the Committee:

Aloha. My name is Ryan McGill. I am a teacher from Hanalei School on Kaua'i. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

I know at our school we are very fortunate to have strong parent and community support. Our PTA is very successful in supporting our school, but without their successful fundraising and generous funding we would have virtually no arts, PE, or enrichment curriculum or instructors at our small school. These programs, and the extra funds that our PTA help provide to purchase technology supplies and classroom materials greatly enrich our students' education. I am sad to think of all the schools that do not have this support and all the students that have to go without these benefits. I believe ALL schools need increased funding to support our new state wide academic strategies and to give our students a well-rounded education and the best opportunities for their future.

Also, as a teacher in my fifth year in the DOE, I am very aware of the high turnover amongst teachers, and I am feeling the pressure myself. Living here on Kaua'i, and with a young daughter about to enter preschool, I am realizing that the important work I do is not bringing in enough income for me to support my family. I am realizing that for me to be able to give my daughter a valuable head start on her education, I will need to either take a second job, or find another way to make a living that generates more income. I know I could make more money working in the tourist or service sector, but I do really enjoy what I do, working with my school to help educate our keiki. It would make me very sad to leave my school, but like many teachers I have seen in the same situation, I will have to make my family the first priority. I wish I did not have to choose. I hope that some attention can be given to this issue before we lose more good quality teachers because we are not paying them what they deserve as skilled professionals, and what they need to support their families with the high cost of living in Hawaii.

Mahalo for your consideration, and your support of education.

Sincerely,
Ryan McGill

My name is Barbara L Jensen-Haight. I am a teacher at Waimea Middle Public Conversion Charter School in Waimea on Hawai'i. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

It is a well know fact of history that the health of any state or country relies on the education of the people of that state or country. The catastrophic effects of ignoring the educational needs of our society may not be "felt" immediately, but, like a house that is not maintained, the dilapidation that is the eventual consequence becomes beyond repair! That IS what is in store for our local populace if education for public schools is not put on the front-burner.

Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because all of our public school students deserve a well-rounded education and opportunities in their school that match any private school. All of our teachers need to be able to make a basic living on salaries that match any other state. Please keep our "house" in order and keep education strong in Hawaii.

To deliver the schools our keiki deserve, and teacher's need please support these bills.

We need your help. Mahalo.

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON FINANCE**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

Dear Chair Luke and Members of the Committee:

My name is Sandra Yoshikawa. I am a teacher from South Kona on Hawai'i Island. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools because lack of sufficient resources are impacting our children's lives. Lower class sizes will improve learning for all students, along with providing education in the visual and performing arts, physical education, foreign languages and Hawaiian Studies. Low pay has forced me to take a part time job after school along with hundreds of other teachers holding second and sometimes third jobs just to make ends meet. These situations are not in the best interest of our children and not in the best interests for our teachers. It has been challenging working a second job and have the energy to work at my best for my students. Investing in our schools now is an investment in our children and our communities.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo!

Sincerely,

Sandra Yoshikawa

South Kona District, Hawai'i Island

TESTIMONY BEFORE THE **HOUSE COMMITTEE ON FINANCE**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION.

Tuesday, April 4, 2017
3pm

Chair Luke and Members of the Committee:

My name is Christian Santomauro and I am a teacher at Kaneohe Elementary School on Oahu. I have been a teacher for 3 years. Please pass SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because the students I serve in special education are highly underserved. There are still over 500 vacancies in the state, many of which are in special education positions. These highest need students lack stable, long-term teachers who are trained and willing to support them. In addition, we need more money to purchase materials and professional development to service these students. Last year at my previous school, for a department of 20 special education teachers, we had a budget of $150 for the year. Total. Not per teacher. We cannot support our students with this poor funding.

To deliver the schools our keiki deserve, please support these bills. Mahalo.

Thank you for your time,
Christian Santomauro

Subject: Teacher Testimony regarding SB 683 and SB 686

Aloha Chair Luke and Members of the Committee:

My name is Laura Burton. I am a teacher from the East Complex on Kauai. I am submitting testimony in support of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because teachers can no longer afford to live in Hawaii with the lack of pay increase and the constant increases in Health Insurance costs. For the third year in a row, our health insurance is rising, in addition to other cost of living increases. Many of our teachers already work second jobs to make ends meet, this upcoming "pay reduction" is going to break many of them, including myself.

Our keiki deserve teachers who are soley focused on the students. They deserve teachers who are rested and who feel appreciated in their profession. Right now, teachers feel very much unappreciated and are feeling strapped financially. We must find funding, to at least maintain current pay rates...if not increase pay. I, myself, a "Highly Qualified" and "Distinguished" rated teacher, am now looking to possibly return to the mainland, as I may not be able to survive another pay loss. We already are having trouble recruiting new teachers to the profession in Hawaii...Do we now also want to lose the many "highly qualified", talented, and experienced teachers that we do have? Hawaii's keiki and families deserve more!

While making technology and modern tools/materials available to our keiki should be a priority, a higher priority should be having competent, experienced, caring teachers to guide the students toward a successful future. Emergency hires and long-term, inexperienced substitute teachers should not be the standard expected to serve our students.

I love teaching in Hawaii. The organized and professional expectations of our DOE are appreciated, but without a viable income, many of us cannot continue to serve our keiki.

To deliver the schools our keiki deserve, please support these bills. We need your help.

Mahalo.

Subject: Testimony regarding house bill an 683 and 686

HSTA
HAWAII STATE TEACHERS ASSOCIATION

Call to action: We need your testimony submitted ASAP for THIS TUESDAY's hearing in the House Committee on Finance on HSTA's constitutional amendment!

Aloha teachers and community members:

Our proposed Constitutional Amendment (SB 683) to create an additional revenue source to fund our public schools and its enabling legislation (SB 686), have been approved by the full Senate, crossed over into the House, passed the Education and Judiciary Committees, and now they will be up in the House Committee on Finance!!

This Tuesday, April 4, our proposed Constitutional Amendment and its enabling legislation will be heard in the key money committee in the House.

Note: If you have submitted testimony before, just change the date, the chair and committee names, make sure the bill numbers are SB 683 and SB 686, and send to the appropriate email address for this next committee.

FINtestimony@capitol.hawaii.gov

Mahalo for your support! We can't thank you enough!

Mitzie Higa
Hawaii State Teachers Association Government Relations

Teacher Lobbyist

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Kristina Kenegos. I am a teacher at Kapaa Elementary School in Kapaa on Kauai. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

Furthermore, I believe we need additional funding for our public schools because we are living at a time when teachers in this country are not given the respect they deserve. As a result, I question whether we are attracting bright and innovative young people. What am I going to leave behind? I have devoted my life to education and it has been a rewarding career. But it takes creative thinkers and well-educated people to keep schools positive and competitive in this changing world and economy. You can communicate that respect for the institution of public schools by supporting these bills.

We need your help.

Mahalo.

Kristina Kenegos, third grade teacher

Kapaa Elementary School

Kauai

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE

RE: SB 683 and SB 686 RELATING TO EDUCATION.

TUESDAY, APRIL 4, 2017

3:00 PM

Chair Luke and Members of the Committee:

I'm Laverne Fernandes Moore, a special education teacher at McKinley High School, serving as the President of the Honolulu Chapter of HSTA, representing 3,325 teachers. I am a long time resident of Hawaii Kai and submitting testimony in support of SB 683 and SB 686 to increase a steady flow of funding for public schools.

As a teacher at McKinley High School, developers are turning our community into a multi-million dollar exclusive neighborhood for the rich and powerful without having them pay impact fees. They are receiving tax breaks when they should be paying their fair share for infrastructure which in my opinion impacts the education of our students. They are forcing our families into homelessness or leaving the district which is depriving our students of a first class education.

Passing SB 683 and SB 686 is a vote for lower class size which affords our teachers the ability to connect with their students, provide whole child education that includes the arts, physical education, music, community based education, multiple selection of languages, providing resources and services for students with special needs and equable pay to recruit and retain qualified teachers for our statewide public school system.

Mahalo for the opportunity to submit this written testimony. Your support in investing in our children's education is appreciated.

Laverne Fernandes Moore, House District 18, Oahu

Subject: RE: SB 683 and SB 686 RELATING TO EDUCATION

Aloha Chair **Luke** and Members of the Committee:

I ask you to support SB 683 and SB 686 which are related to public education in Hawaii and its secure funding.

As you know Hawaii has a single state wide public school district. This is unique within the 50 states that comprise the United States. The other 49 states use both federal and state funds to *supplement* the funding that local school districts in the other 49 states are able to fund through local property taxes.
Hawaii's unique school system at present does not use any of the local property taxes collected by its county governments for any public education funding. It also pits our public schools against other worthy state interests for a slice of a financial pie. This makes it difficult for public education to be securely and properly funded. Such uncertainty in annual financing results in unsound approaches towards long term planning, and negatively impacts the instructional support our keiki need to succeed in the 21st Century.
These two bills would secure funding exclusively for our public schools and allow Hawaii to provide the public schools that our keiki deserve.
Please support these bills, and show the world that in Hawaii we honor and recognize the importance of education because we fund it properly.
Mahalo for your time and service

Subject: SB 683 and SB 686

Chair Luke and Members of the Committee:

My name is Catherine Caine. I am a teacher at Waikiki School in Honolulu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for our public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because underfunding our schools needs to stop. As part of Governor Ige's ESSA Team we heard from, and read research that supported the correlation between a well funded public education system and a states economic growth. Additionally, the HSTA study indicated that over fifty per cent of our teacher are forced to work a second job in order to supplement their teacher pay.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**
RE: SB 683 and SB 686 RELATING TO EDUCATION.
TUESDAY, APRIL 4, 2017
3 p.m.

Chair **Luke** and Members of the Committee:

My name is Mike Landes. I am a teacher from Lahainaluna High School on Maui. I am submitting testimony **in support** of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because we shouldn't have to just "make do". This is our children's future we're talking about. Our schools are woefully underfunded, in a state of disrepair, with inadequate resources. How can we give them the education they deserve, how can we prepare them for their future aspirations, how can we truly say we value public education, if we aren't willing to properly fund our schools? These bills will provide a funding mechanism to create a quality public education system in Hawaii. And, by helping to limit property speculation, they will help to control the rising cost of living that negatively impacts so many working families in our state, including the families of most of our students.

To deliver the schools our keiki deserve, please support these bills. We need your help. Mahalo.

Subject: SB 683 and SB 686 RELATING TO EDUCATION

Chair **Luke** and Members of the Committee:

My name is Jayne Heinze. I am a kindergarten teacher at Waimea Elementary School in Waimea (aka Kamuela 96743) on Hawaii Island. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because my, and many other classrooms are a health risk to our children. Please see the attached photos from my classroom, they speak for themselves. I have requested repair, which tends to come in the form of reprinting and furthers the health concern. In addition, I have always been a physically healthy person. I have been suffering from a respiratory issue since October 2016. I have been on 3 medications and am currently being tested and treated for allergies. I have not had 100% attendance for my students for over 60 days. Most students are sick from cough, congestion runny noses and sore throats. These are the same symptoms I suffer from.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Subject: SB 683 and SB 686

Chair **Luke** and Members of the Committee:

My name is Kristen Faford. I am a teacher at Waiakeawaena Elementary in the Hilo/Waiakea District on the Big Island of Hawai'i. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

I feel that teachers here are in a profession where we are the most taken advantaged o f. Yes, everyone knows we love our students and want to see them succeed and become a contributing member of our society. It is difficult for many of the students to be successful if they don't have the resources that they deserve to be Century 21 learners. Teachers can't ask the students to do what they should if they don't have what they need. Students and parents know that we buy a lot of supplies with our personal funds and often ask why the schools don't support us....that is an embarrassment to me and extremely difficult to back up the department of education.

We need additional funding for our public schools, because we also need more resources for our keiki. Whether it is art and technology supplies, school supplies for majority of my low income students who come to school without, or even excursion funds to enrich student learning, ink for printers to print out reports, just to name a few, which comes out of my own pocket. We also need new portable classrooms for our growing number of students.

Another major concern for both our keiki and teachers is for our health. We NEED air conditioning!!! Here in Hilo we live in vog which affects every single student, teacher, and staff member at our school. This is out of our control and we shouldn't have to worry about it, but we do! This is a problem that won't go away but the DOE can easily do something about. I personally am affected by the vog and suffer migraines, sinus infections, trouble breathing (asthma), and lethargy due to constant sneezing and breathing problems. My students also have the same health concerns and many times are out of school for weeks at a time. I understand that heat on Oahu affects students, but when you are faced with vog and heat, the effects on health and whole being are much more which greatly impact student learning. Especially for special education students who need to be in school, this is a serious issue which has been overlooked for many years. Missing just one week can impact their ability to learn and retain information which is out of their control. For many of my students, is very hard to concentrate when they are interrupted to sneeze, blow their nose, constantly wash their hands, etc. and have to suffer from migraines which could be prevented by an air cond itioner. I understand the cost of running an AC unit, but the cost of healthcare is more costly, facing both teachers and students (and low income parents who have to miss work) with extra expenses out of pocket and missed school and work days. Not to mention the DOE dishing out more money to pay for substitutes to come in.

I work long and hard at my job already as it is. I cannot afford to get a second job. I already live paycheck to paycheck. I have a family. The cost of living, even below my means, is preventing me from being a successful teacher, as I am also unable to afford any extra professional development courses. And that is with a Bachelor's and Master's degree. I spent time and money to earn my degrees like any other profession, yet my starting pay was only $20,000. I could've earned that working as a courtesy clerk at KTA. Or even being a cashier at McDonalds. And I wouldn't have to worry about taking extra work home. What a slap in the face! Even with my degrees, and teaching Special Education, I still only make less than $50,000 after taxes.

I am a Special Educator. We desperately need funds for teacher recruitment and retention here in Hawai'i. We don't have enough incentive for special educators. It is so bad that I am teaching 2 grade levels with class sizes up to 15-20 students. I have been teaching for almost 9 years and am already burnt out, looking at other options. I greatly and hubby love my job. But I also want to be able to retire on time. I love teaching. However, for the amount of work that I do, which includes Teaching and playing Care Coordinator, I spend extra time at work during my prep periods, in eligibility and IEP meetings. Then I spend the next two hours until 5:00pm prepping for the next day at least 3 times a week. And that's without comp time or any overtime pay. That's time I could be spending on exercising to keep myself healthy and with my family doing what families should, which is spending quality time together. Instead, I take my work with me to volleyball games, practices, and am lucky if I get to actually watch the games. Then I play catch up on housework on the weekends, vacation days, and summer. Oh, and on top of that, due to lack of enough classrooms, every summer, I usually move classes only to set up and take down and move everything each year. It is very tiring!!! How gipped I feel.

Our keiki deserve to be educated with the tools they need to become successful in life. Whether they come from low income or houses of doctors and lawyers. We need to give them the same opportunities and structure. Wouldn't it be great to see low income students feel like they have the same chance to become lawyers, doctors, architects, engineers, astronauts, teachers, executives, managers, bankers, anything they out their minds to? It begins here in the elementary school. For majority of my special education students, it begins with me. Not with their parents. It's not that they don't believe in their own children, but because they aren't able to give that hope to their children because of their own financial situations. So guess what??? I make that difference. I instill that hope to my students. I instill in them good work ethic and perseverance and become their life coach. I value my time with each student and invest all I have because for some of them, I am all they have for that one or two years I have the privilege of teaching them. My students know I believe in them and they try hard. Even the ones who maybe aren't doing well academically. They still know that I care about where they will be 5, 10, even 20 years from now. They matter to me and I matter to them.

I do have many more financial concerns for our schools, teachers, and students. But to deliver the schools our keiki deserve right now, please support these bills.

We need YOUR help!!! Mahalo!!!

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**

RE: **SB 683** and **SB 686** RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

Chair **Luke** and Members of the Committee:

My name is Michael Lum. I am a teacher at James Campbell High School in Leeward District on Oahu. I am submitting testimony in support of **SB 683** and **SB 686** to increase funding for public schools.

Our children are our future. When teachers instruct their st udents, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools because overcrowding, very hot working conditions and lack of pay etc, makes many of my fellow teachers quit for other jobs. At Campbell High School, our turn overrate is 30 to 40 teachers per year and most of these teachers that leave are in the Math department. One brand new math teacher last year, quits after two weeks because her class sizes are in the 40s and for a new teacher that is very scary being the only one to teach 40 students that may not what to learn. At Campbell classrooms on average at Campbell ranges 32 to 44 students per classroom. Campbell has about 3100 students, and in the 9th grade alone is about 900 this is where most of the teaches are. We do not have the money for the upper grades (9th grade needs extra help since the kids are bit more rowdy since they are transition from intermediate to high school). By increasing funding we could keep our teachers so we can reduce the turnover rate and keep class size down.

The lack of funding severally limits the teachers ability to teach . For example, at the beginning of the school year, each teacher at my school gets $100 for the whole school year. To some that might be a lot but if you go to different school supply shops this is what you get: a pencil sharpener for $20 (since my students break on a year from wear), Chart Paper for $34.99, 60 pack of pens $7.99, 5 boxes of markers at $4.89 and one 12 pack of dry erase markers for $12.00 that equals $99.43. The reason why I show this list is because after half a year in my classes, things break, wear down, or they run out. For the next semester in January, I have to pay with my own money to replace what I have and buy other supplies that you did no buy in the fist place, ie hand sanitizer, cleaning supplies, paper, and extra notebooks. This cost $73.58. The reason why I buy the supplies is because some of my students cannot afford to have these school supplies. I give them what they need to so they are not left out in the learning. Finally, If this keep up I cannot afford to give my students the engaging and fun project that help them learn better and not to be left out.

So please support **SB 683** and **SB 686** to deliver the schools our keiki deserve,

We need your help.

Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON FINANCE

RE: SB 683 and SB 686 RELATING TO EDUCATION

TUESDAY, APRIL 4, 2017

3 p.m.

March 22, 2017

Chair Luke and Members of the Committee:

We are Clare Hanusz and Nevzat Soguk. Clare is a mother, attorney, and a Parents for Public Schools Hawaii board member. Nevzat is a father and tenured professor at the University of Hawaii. We reside with our two children, Ali (15) and Derya (13) in Honolulu. Both of our kids attend public schools.

We strongly urge you to pass SB 683 and SB 686 to increase funding Hawaii's public schools.

Our education system has been in crisis for so long that crisis has been normalized. It should not be! Overcrowded hot classrooms, crumbling infrastructure, a lack of qualified teachers for our over-tested stressed out kids. These quasi-third world conditions are the reality of what kids and teachers face in Hawaii's public schools. These issues represent the reasons that many who can choose to abandon public school education for their kids, either from the start or later in the middle school or high school years. They take their social and economic capital and political clout elsewhere. That makes our challenge harder, and we need to raise our voices louder, again.

Our kids were born in Hawaii and attended Honolulu public schools until we moved to Australia for 18 months in 2012. Exhausted and somewhat traumatized from the furlough Friday battle, we were thrilled to find ourselves living in a place with a vibrant, healthy public education system. Only a small percentage of parents where we lived in Melbourne choose private schools for their kids, where the education system was much more robustly funded. Teachers were paid well, respected, and happy. The opportunity to live abroad highlighted again for us the shameful lack of resources devoted in Hawaii to our public school kids and teachers.

Every person we've spoken to – those with kids in public schools, or private schools, or without children, support the idea of paying more in taxes for better schools. The time is now- our kids have waited far too long. We owe them better. Supporting these bills is an important start.

Thank you for your commitment to Hawaii and our kids.

Clare Hanusz, 808-384-9682, chanusz@gmail.com

We need additional funding for our public schools, because... investing in our public schools is an investment in our society and for the future! I spend upwards of $2,000.00 of my own money each year to help the students in my Special Education classroom of preschoolers. The funds have dwindled over the past years and because of the weighted student formula, my Principal thinks that the future is in Kindergarten through 6th graders and doesn't feel that preschoolers have needs. My preschoolers have the most needs and I try to provide for their essential needs.

Please help fund schools our keiki deserve, please support these bills.

We need your help. Mahalo.

Justin <hughey2000@aol.com>
Mon 4/3/2017 2:05 PM

To: FINTestimony;

Aloha Chair Luke and esteemed members of the finance committee:

Tuesday, April 4th, 2017

My name is Justin Hughey. I am a second grade Special Education Teacher at King Kamehameha III Elementary on Maui.

I am testifying in support of Senate Bill 683 & 686. These bills will resolve our public education funding crisis.

On Oahu students from wealthy families have quality private schools to attend, while our public schools are vastly underfunded, this inequity is institutional racism. The proposal for levying a surcharge on residential investment properties and visitor accommodations can raise over $500 million each year for education without placing an unfair financial burden on local residents. Funding priorities include teacher recruitment and retention, lower class sizes, improve special education staffing and resources, and expanding career and technical education. This funding would be dispersed by the Board of Education.

Teachers are still paid the worst salary in the country when factored in the cost of living. Since teachers are paid slave wages, I rang up $5,000 on his credit card within the first six months of teaching. This was on top of the $50,000 in debt from college loans I had to obtain in order to become a teacher. After six months I got a second job working at a restaurant which subjected me to 16-19 hour working days. I would leave school after the bell rang to study the regional differences between the restaurant's wines and how to pair them with every dish on the menu. I would leave around 11 p.m. and arrive home at midnight, only to wake up sore and tired at 6 a.m. to get ready to do it all over again. It took 11 years of this and lifting a box at work, which gave me a bulging disc and forced me to take time out of school since September, a very painful six months.

A story in the New York Times, It Turns Out Spending More Probably Does Improve Education, found a consistent pattern that in the long run, over comparable time frames, states that send additional money to their lowest-income school districts see more academic improvement in those districts than states that don't.

The editorial also quoted another study which looked at the same question through a different lens. They referenced a study which examined longer-term outcomes, like how long students stayed in school and how much they earned as adults. These researchers also saw gains with more money spent. The story stated, "They examined outcomes for about 15,000 people, born between 1955 and 1985, and found that for poor children, a 10 percent increase in per-pupil spending each year of elementary and secondary school was associated with wages that were almost 10 percent higher, a drop in the incidence of adult poverty and roughly six additional months of schooling."

Subject: In support of SB 683 and SB 686

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**
RE: SB 683 and SB 686 RELATING TO EDUCATION.
TUESDAY, APRIL 4, 2017
3 p.m.

Chair **Luke** and Members of the Committee:

My name is Steve Johnson. I am a teacher at Baldwin High School on Maui. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because... [OPTIONAL: INSERT a paragraph or two, tell your personal story or specific anecdotes about how lack of funding affects your children/ students/community, how low pay and a lack of resources are driving teachers in your schools out of the profession, how teachers have to hold second and third jobs when they should be able to concentrate on their students, etc., how investing in our public schools is an investment in our society/future]

To deliver the schools our keiki deserve, please support these bills.
We need your help. Mahalo.
Steve Johnson, Baldwin High School, Maui

TESTIMONY BEFORE THE HOUSE COMMITTEE ON JUDICIARY
RE: SB 683 and SB 686 RELATING TO EDUCATION
TUESDAY, April 4, 2017
3:00 p.m.
Chair Luke and Members of the Committee:
I am Marybeth Baldwin at University Laboratory School, a Charter School in Honolulu. I have been a teacher for 15 years. Please pass SB 683 and SB 686 to increase funding for public schools.
Our children are our future. When teachers instruct their students, they build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society. Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, resources for special needs students, and professional pay that reflects the value of our hardworking teachers.

In addition to being a teacher, I am also a parent. My first child will begin Kindergarten at Hahaione School in August. I've always felt strongly that our state needs to better fund our schools and teachers. Now that my own child will be entering the system, while I intend to do my part to contribute to the school and my son's education, I hope the state will do its part to support my child since I know my child, as well as all my students, will positively contribute to our state when their time comes.
To deliver the schools our keiki deserve, please support these bills. Mahalo.

Subject: RE: SB 683 and SB 686 RELATING TO EDUCATION

Chair Luke and Members of the Committee:

My name is Vickie Parker Kam. I am an Academic Growth Coach at Ilima Intermediate School in Leeward District on Oaha. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because as an educator with three college degrees, multiply teaching fields on my license, and a stellar record of performance to educate my students over the past 14 years, I do not make enough money to live comfortably in the state of Hawaii. I have to take on part time jobs in order to make ends meet. Being overworked, feeling unappreciated, and exhausted is definitely taking a toll on my life. Please, support SB 683 and SB686 to help fund education for future generation of our keiki.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Please, we teachers need your help.
Mahalo.

TESTIMONY BEFORE THE HOUSE COMMITTEE ON **FINANCE**
RE: SB 683 and SB 686 RELATING TO EDUCATION.
TUESDAY, APRIL 4, 2017
3 p.m.

Chair **Luke** and Members of the Committee:

My name is Natasha Taketa. I am a teacher at McKinley High School in Honolulu district on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools, because our youth deserve all that we can give them and more. They deserve to have the best possible future as they are embarking on a global scale of competitive job opportunities and challenges. They will help shape the course of not just Hawaii, not just the US, but the entire world. Right now the students are suffering with not having the necessary tools to learn in a 21st century classroom and lack the resources to be all they can be.

To deliver the schools our keiki deserve, please support these bills.
We need your help. Mahalo.

To: FINTestimony
Subject: Testimony in support of SB 683 and SB 686

Chair **Luke** and Members of the Committee:

My name is Debra Heyler. I am a teacher at Olomana School in the Windward district on Oahu. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole c hild education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need additional funding for our public schools for the aforementioned reasons, but I would particularly like to emphasize the importance of increasing teacher salaries. As you are aware, there is a significant teacher shortage, and if we wish to attract the greatest and the brightest, we need to provide salaries to support the high cost of living. In particular, there is a new teacher who left practicing law to make a difference with our youth. He is currently taking classes to move up in professional class, however, it is difficult to manage this new career, building his curriculum, developing classroom management skills and take classes, having so much less pay than in his previous profession. I know of a colleague at another school who has to take on two additional jobs to make ends meet. My understanding that our new contract there will be only a one-time bonus, and in fact, our pay may decrease due to losing the 21 additional hours to go toward professional development. How can we develop young people who are our future without having the personnel, staff, resources and infrastructure that requires substantial funding?

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

To: FINTestimony
Subject: Testimony for SB 683 and SB 686

Chair Luke and Members of the Committee:

My name is Kellee Kelly. I am a teacher at Kea'au Elementary in Ka'u-Kea'au-Pahoa district on Hawaii island. I am submitting testimony in support of SB 683 and SB 686 to increase funding for public schools.

Our children are our future. When teachers instruct their students, we build the foundation for equality and prosperity for tomorrow's generations. Every dollar invested in our community's public schools yields exponential returns, not just for our economy, but for the promise of a more open and democratic society.

Supporting these proposals will lift Hawai'i's schools into the 21st Century. A vote for these measures is a vote for lower class sizes that allow teachers to connect with their students, whole child education that includes the arts and Hawaiian studies, providing resources and services for students with special needs, and professional pay that reflects the value of our hardworking teachers.

We need this funding. I work in one of the neediest communities in our state. We are labeled as a "zone" school. We have been under restructuring, we have had extended days, and have been subject of many other initiatives. However, our SBA scores do not increase, instead they decrease. 43% of 5th graders met achievement standards in ELA and 36.8% met achievement standards in math. That is evidence that we don't have the supports in place that these students need. I would like to highlight some of the most glaring inadequacies due to lack of funding.

Two years ago, a decision was made to move from subcontracting speech therapists to hiring in house. The problem is, there was a huge pay cut involved. In result, we lost our speech pathologist. Since the switch we have been short. We have had a substitute speech pathologist from Oahu fill in. Then another substitute, then another substitute. This has happened in other areas as well. We are loaning our School Based Behavioral Therapist which handles some of our most critical cases. We did not have a Physical Therapist for the majority of the school year, and only now have someone who flies in from Oahu twice a week. As well, SpEd funding keeps getting watered down eliminating critical SpEd positions. This year Kindergarten had to share SpEd teachers with Preschool. Next year even more SpEd positions are to be eliminated. More so, teachers are not receiving the training we need. My school has provided my SpEd department only one training this year for one person. This is not to fault of my administration. The problem is that we do not have enough money.

To deliver the schools our keiki deserve, please support these bills.

We need your help. Mahalo.

SB683
Submitted on: 4/3/2017
Testimony for FIN on Apr 4, 2017 15:00PM in Conference Room 308

Submitted By	Organization	Testifier Position	Present at Hearing
Dede Heiman	Individual	Oppose	No

Comments: Dear Legislators: I am writing you to voice my opposition to SB 683 and 686. Changing the State Constitution to enact a property tax for education is just plain wrong, and represents legislative overkill of the worst sort. As you go into session to hear these bills, think carefully about the precedent you are setting. Please seek another way forward–one that involves everyone, not solely people who have no say. I would be pleased to support alternatives to funding schools in the manner proposed by SB 686/683. For example: enacting a fair tax on the homeowners who have rental real estate, and who have children in these schools. Why are you excluding these people entirely? You are sending a very strong negative message to rental homeowners like myself. I think these measures grant arbitrary political influence to special, highly represented groups. It could be any organized group. The local counties should ONLY have the power to assess property tax increases, which would include locally owned rental housing. The bill is unfair to off-island home owners, represents an arbitrary tax (without representation), and will increase costs to renters seeking quality housing in Hawaii. We are a middle-class family, who is fortunate enough to own a modest home in Diamond Head. We presently rent it out long-term, but plan to live there someday (when we can afford it). Our property tax will more than double if SB 686/683 passes. Your legislation is written to allow residents to be exempt from this assessment, when they are the stakeholders and ultimate beneficiaries of the revenue of these bills. By placing an arbitrary tax with no cost to non-resident rental home owners, you will have successfully burdened a diffuse group of off-island real estate owners. Just think of 'NO OFF-ISLAND OWNER TAX CAN BE ASSESSED" from people like myself who are planning to move, and to hold our house exempt from as many arbitrary taxes as you can pass. Thank you for your kind consideration of this matter. Dede Heiman bluewindharp@gmail.com

RE: Hawaii's public schools are underfunded, this has led to chronic teacher shortages, large class sizes, and the failure to deal with our special needs students. **I am asking you to support our keiki and our public schools, by supporting SB683, SB686, HB180, HB182.** These bills support a Constitutional Amendment that reads: ""Shall the legislature fund a quality public education for all of Hawaii's children, including the recruitment and retention of teachers, lower class sizes, special education programming, career and technical education, art, music, Hawaiian studies, and Hawaiian language, by establishing, as provided by law, a surcharge on residential investment property and visitor accommodations?" Thank you.
