Jammie Garcia-Paahana

## **PROFILE**

I began my apprenticeship at ThyssenKrupp Elevator working in the repair, modernization, construction and service departments. I have also held the position of ThyssenKrupp's estimator in the construction arena for one year. I have maintained a service route for five years as an elevator mechanic.

I would like to continue to serve on the elevator mechanic's licensing board. My experience in the industry affords insight that will contribute positively to the board's decision making process.

## **EXPERIENCE**
