# **Application for Grants**

If any item is not applicable to the request, the applicant should enter "not applicable".

# I. Certification – Please attach immediately after cover page

# 1. Certificate of Good Standing (If the Applicant is an Organization)

If the applicant is an organization, the applicant shall submit one (1) copy of a certificate of good standing from the Director of Commerce and Consumer Affairs that is dated no earlier than December 1, 2019.

Please find Habitat Maui's current DCCA Certificate of Good Standing attached.

#### 2. Declaration Statement

The applicant shall submit a declaration statement affirming its compliance with Section 42F-103, Hawaii Revised Statutes. (Link)

Please find Habitat Maui's signed Declaration Statement attached.

#### 3. Public Purpose

The applicant shall specify whether the grant will be used for a public purpose pursuant to Section 42F-102, Hawaii Revised Statutes. (Link)

Habitat Maui confirms that this grant will be used for a public purpose pursuant to HRS Section 42F-102.

# II. Background and Summary

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

# 1. A brief description of the applicant's background;

Habitat for Humanity Maui (HHM) is an anti-poverty nonprofit organization that builds new affordable housing and repairs existing homes in substandard/unsafe conditions for low-income people in Maui County. Habitat Maui became an official affiliate of Habitat for Humanity International in 1997. With each year Habitat's capacity has grown. Since its incorporation, Habitat Maui has completed 123 projects on Maui, Lanai and Molokai providing safe and affordable housing to over 500 individuals.

As an affiliate of Habitat for Humanity International (HfHI), Habitat Maui is able to collaborate with larger affiliates across the nation in order to incorporate their knowledge and expertise when planning local projects. HfHI construction personnel are also available for consultation on all affiliate projects. As part of our Construction team, we have two contractors on our board of

directors, both with many years of both commercial and residential construction. Habitat for Humanity Maui is a licensed contractor with the State of Hawaii (BC 32403).

HHM also successfully helped implemented the SHARP (Senior Housing and Retrofit Program) in partnership with Maui County, assisting 40 individuals through the program while funding was available in 2009 - 2010. HHM can do more with each dollar allocated to this program because we are able to mobilize over 1,000 volunteers annually, greatly reducing the cost of construction labor.

# 2. The goals and objectives related to the request;

Habitat for Humanity Maui is applying for a grant to help 30 very-low income (60% AMI or below) homeowners who are either disabled or senior citizens make safety-related repairs to their homes. The goal is to decrease the number of homeowners in this population living in substandard or unsafe conditions. Services may include anything safety related and could include: major roof repair/replacement, fall prevention, wheelchair ramp construction, weatherization, inspect/pest control, window screens, access to running water/working plumbing, tub-to-shower conversions, and/or installation of grab bars, etc.

### 3. The public purpose and need to be served;

Older homeowners are much more likely to reside in aging homes that are in need of repairs or retrofits that can impact their safety and health. Similarly, disabled homeowners can find it incredibly difficult to keep up with need repairs to their homes — often due to physically being unable to make needed repairs themselves. As these homes slide further and further into substandard and unsafe condition, these homes do not just negatively impact the homes occupants and create stress for extended family and loved ones, but they also negatively affect the surrounding neighborhoods and communities. Eventually, if left unresolved these issues can have serious long-term health impacts and the home could be condemned. Dilapidated and condemned properties have a significant negative impact on the surrounding neighborhood and community

Those who earn 60% or less of the Area Median Income (AMI) for Maui County face especially daunting realities of having to choose between essentials such as food/medical care – and the cost of making needed safety repairs in their home. Often, when safety concerns are addressed in early stages of development, they are substantially less expensive to repair/remediate than it would if left unaddressed. For example, mold or insect infestations - or leaking/rotting roofs - can all get increasingly worse over time, which makes a once moderate repair bill balloon into something seemingly unattainable (such as a full roof replacement or even requiring a full teardown). As a home conditions deteriorate, the homeowner's quality of life also can decrease substantially. Additionally, this program supports and is in line with the State of Hawaii's Dept. of Health's Senior Fall Prevention Campaign.

#### 4. Describe the target population to be served; and

The target population to be served through this grant are very-low income (60% or below) homeowners who are either senior citizens and/or disabled.

#### 5. Describe the geographic coverage.

Services through this grant will be available on Maui, Lanai, and Molokai.

# III. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request. The applicant shall:

### 1. Describe the scope of work, tasks and responsibilities;

This program mirrors Habitat Maui's existing home repair program called "A Brush With Kindness" (ABWK) – but instead of a 0% loan that the homeowner would be required to repay over time - this program will cover the costs for eligible very-low income senior citizen and/or disabled homeowners (those earning 60% or less AMI for Maui County), so the participant has no out-of-pocket expenses. HHM already has partnerships with Maui County's Office on Aging, our local USDA Rural Development office, and MEO for active referrals of senior citizens or disabled homeowners that could qualify.

HHM requires that potential participants complete Habitat's standard application along with any required supporting documentation (i.e. tax returns and paystubs to prove income levels meet our income eligibility requirements, etc.). Potential participants turn in their applications to the Family Services Manager, who reviews the application for completeness and answers any questions about the process.

If the application is complete, the Family Services Manager will schedule a site visit of the home with a Construction Supervisor to assess condition of the home, as well as the scope and cost of the repairs and/or safety retrofits that might be needed.

Completed applications are then reviewed by HHM's Family Selection Committee to ensure eligibility requirements are met and the scope of the needed repairs are within the capacity of funding available. The Committee then refers qualified applications to the full Board of Directors for final approval.

HHM's Family Services Manager will then work with the homeowner and construction team to agree on a schedule for when the repairs will be done. HHM's Community Relations Director will work on recruiting construction volunteers and potentially licensed contractors (i.e. electrical and plumbing) as appropriate to complete the targeted repairs and safety improvements needed.

# 2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;

Between July 1, 2020 – June 30, 2021 HHM projects serving 30 very-low income senior and/or disabled homeowners make needed safety-related repairs to their homes. This will be accomplished by serving approximately 7-8 qualifying homeowners per quarter.

# 3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results; and

HHM's Construction Supervisors and Managers continuously monitor all construction activities. This includes work conducted by any required subcontractors (i.e. licensed plumbers and

Rev 12/2/19 3 Application for Grants

electricians) as well as HHM staff and volunteers. All material orders are done through Construction Supervisor and all work is tracked through established systems and schedules. The Construction Supervisor also receives and complies with all necessary County Building Regulations and Permits and coordinates and receives County inspections and approvals throughout the home construction process.

Further evaluation occurs through job costing and subsequent satisfaction surveys of homeowners, staff, and vendors in an effort to make improvements and streamline future projects.

4. List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.

We will measure and report on the effectiveness of our efforts for this project by routinely checking our progress against the three objectives outlined in the above listed Service Summary and Outcomes Part III, Item 1.

# IV. Financial

# **Budget**

- 1. The applicant shall submit a budget utilizing the enclosed budget forms as applicable, to detail the cost of the request.
  - a. Budget request by source of funds ( $\underline{\operatorname{Link}}$ )

# VI. Personnel: Project Organization and Staffing

### 1. Proposed Staffing, Staff Qualifications, Supervision and Training

The applicant shall describe the proposed staffing pattern and proposed service capacity appropriate for the viability of the request. The applicant shall provide the qualifications and experience of personnel for the request and shall describe its ability to supervise, train and provide administrative direction relative to the request.

HHM has a team of seasoned professionals responsible for implementing, executing, and completing our home construction project. In addition to Executive Director Sherri Dodson and our Construction Supervisor Mike Gerry, other staff members directly involved in this project include: Director of Development Max Tornai., Community Relations Director Yvonne McClean, and Family Services Manager Matthew Bachman.

In Administration, Executive Director Sherri Dodson oversees the project. Ms. Dodson has led the agency for 17 years and has since won numerous awards from local and state organizations for exceptional leadership of a nonprofit. Most recently she won Maui County's Women of Excellence Award in 2018 and the agency won the 2018 Maui Peace Hero Award.

Development Director Max Tornai has over 10 years of experience in nonprofit management and grant writing. He manages the grant process and reporting requirements.

The Family Services department consists of a full-time manager, Matthew Bachman. Matthew was a lead trial attorney before joining HHM in 2019. He previously worked for the Florida Statewide Guardian ad Litem Program for 12 years, advocating for the best interest of children.

HHM has a dedicated and very experienced team of Construction staff to carry out the project, which is conducted under the expertise of long-time Construction Supervisor Mike Gerry, who holds Habitat's Contractors License. Additionally, Construction Manager Justin Dudoit has been with the agency for over 2 years, as well as two AmeriCorps National Members (long-term volunteers) assist with leading construction volunteer crews to provide the home construction labor.

Please see attached resumes of our management team – Sherri K. Dodson,, Mike Gerry, Max Tornai, and Matthew Bachman.

# 2. Organization Chart

The applicant shall illustrate the position of each staff and line of responsibility/supervision. If the request is part of a large, multi-purpose organization, include an organization chart that illustrates the placement of this request.

Please see attached.

# 3. Compensation

The applicant shall provide an annual salary range paid by the applicant to the three highest paid officers, directors, or employees of the organization by position title, <u>not employee name</u>.

Executive Director – \$105,142 Development Director – \$57,234 Construction Supervisor - \$44,100

# VII. Other

# 1. Litigation

The applicant shall disclose any pending litigation to which they are a party, including the disclosure of any outstanding judgement. If applicable, please explain.

Not Applicable

#### 2. Licensure or Accreditation

The applicant shall specify any special qualifications, including but not limited to licensure or accreditation that the applicant possesses relevant to this request.

HHM holds Contractors License CT-32403 and is a Licensed Mortgage Originator

#### 3. Private Educational Institutions

Not Applicable

The applicant shall specify whether the grant will be used to support or benefit a sectarian or non-sectarian private educational institution. Please see <u>Article X</u>, <u>Section 1</u>, of the <u>State Constitution</u> for the relevance of this question.

This grant will not be used to support or benefit a private education institution (sectarian or otherwise).

#### 4. Future Sustainability Plan

The applicant shall provide a plan for sustaining after fiscal year 2020-21 the activity funded by the grant if the grant of this application is:

#### (a) Received by the applicant for fiscal year 2020-21, but

The scope of work in the project will be completed with the funds from this Grant in Aid 2020-2021.

(b) Not received by the applicant thereafter.

HHM will continue to provide safety repairs and retrofits for qualified applicants earning 25% - 80% AMI for Maui County - but if we are unable to secure funds through GIA or other sources — we will have to go back to our traditional ABWK program for those earning 60% or less. This means that HHM will have to issue a 0% interest loan for this population to cover the cost of repairs made — and that many may not be served.
