
A BILL FOR AN ACT

RELATING TO BEGINNING FARMER TRAINING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that it is necessary to
2 support beginning farmers in the State by partnering with
3 nonprofit organizations to provide training opportunities to
4 these farmers. The legislature further finds that applicable
5 nonprofit organizations, especially those in rural areas, lack
6 sufficient resources to expand existing training programs. The
7 legislature believes that a beginning farmer training program
8 can increase farming in the State, ensure the continued use of
9 well-developed farming methods, and provide for the cultivation
10 of new farming methods.

11 The legislature acknowledges that new and aspiring farmers
12 face a myriad of challenges, including acquiring adequate
13 production and business knowledge and skills and accessing the
14 tools necessary to evaluate their resources and develop feasible
15 farming and business plans. However, the State lacks qualified
16 farming method teachers and funding for beginning farmer
17 training. Further, although the United States Department of

1 Agriculture provides funding for beginning farmers, the funding
2 is limited and unreliable.

3 The legislature believes that the future of the State's
4 farming industry, food supply, and agriculture is reliant upon
5 increasing and diversifying the number of new farmers in the
6 State; introducing regenerative farming methods into the State;
7 enhancing the long-term viability of farm businesses; utilizing
8 and building upon existing beginning farmer training methods;
9 providing opportunities for potential farmers who are socially
10 or financially disadvantaged; and increasing support for
11 beginning farmers who already own or manage a farm, and have
12 farmed for five years or less.

13 Accordingly, the purpose of this Act is to establish the
14 beginning farmer training program to be administered by the
15 department of agriculture.

16 SECTION 2. Chapter 141, Hawaii Revised Statutes, is
17 amended by adding a new section to part I, to be appropriately
18 designated and to read as follows:

5 SECTION 3. There is appropriated out of the general
