A BILL FOR AN ACT

RELATING TO PUBLIC LANDS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

PART I

SECTION 1. The legislature finds that because of the policies guiding the management of public lands with commercial, industrial, resort, and hotel uses, there has been little incentive for lessees to make major improvements to their infrastructure, resulting in the deterioration of infrastructure and facilities. The lack of improvements in many of these areas has resulted in dilapidation, deterioration, or obsolescence of buildings and structures.

The department of land and natural resources has the responsibility of planning for the disposition of commercial, industrial, and hotel and resort classes of public lands to determine specific uses, the minimum sizes of parcels, required building construction or improvements, and lease terms and requirements.

The legislature finds that the rejuvenation of public lands that have become dilapidated, obsolete, or have deteriorated

1 over time is in the public interest and constitutes a valid
2 public purpose.

3 The purpose of this Act is to authorize the designation of
4 areas or regions of public lands classified as commercial and
5 industrial use; hotel, apartment, and motel use; or resort use
6 and the establishment and implementation of guidelines for the
7 redevelopment of the areas or regions that will:

8 (1) Modernize policies for the management of public lands
9 in the designated area;

10 (2) Establish a plan for the designated area, including
11 district-wide improvements, that is coordinated with
12 state and county land use and planning policies; and

13 (3) Implement asset and property management concepts that
14 can optimize income from the properties and evolve in
15 response to changing principles of property
16 administration.

17 PART II
