THE SENATE THIRTIETH LEGISLATURE, 2019 STATE OF HAWAII

S.B. NO. 702

JAN 1 8 2019

A BILL FOR AN ACT

RELATING TO MARIJUANA DECRIMINALIZATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legal history of cannabis or marijuana in 2 the United States primarily addresses the regulation of 3 marijuana for medical use, and secondarily the use of marijuana 4 for personal or recreational purposes. By the mid-1930s 5 cannabis was regulated as a drug in every state, including 6 thirty-five states that adopted the Uniform State Narcotic Drug 7 Act which was subsequently replaced in 1970 with the federal Uniform Controlled Substances Act, which classifies marijuana 8 9 and tetrahydrocannabinol as schedule I controlled substances. 10 Notwithstanding the prospect of federal prosecution, 11 several states, including Hawai'i, have enacted medical marijuana 12 laws. Chapter 329, part IX, Hawai'i Revised Statutes, was 13 enacted to create a medical use of marijuana exemption from 14 criminal sanctions. Other jurisdictions, such as Alaska, 15 Arizona, Arkansas, California, Colorado, Connecticut, District 16 of Columbia, Delaware, Florida, Illinois, Maine, Maryland, 17 Massachusetts, Michigan, Minnesota, Montana, Nevada, New

Page 2

1 Hampshire, New Jersey, New Mexico, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, Vermont, West 2 3 Virginia, and Washington, also allow the use of marijuana for 4 medicinal purposes. Furthermore, chapter 329D, Hawai'i Revised 5 Statutes, was enacted to establish medical marijuana 6 dispensaries that were authorized to operate beginning in July 7 2016. As Hawai'i expands its medical marijuana program through 8 the use of highly regulated and monitored dispensaries, more 9 patients are anticipated to consider medical marijuana as a 10 viable treatment, knowing that the medicine will be regulated 11 and tested.

12 In addition to medicinal marijuana laws, some states have 13 legalized or decriminalized marijuana. Most places that have 14 decriminalized cannabis have civil fines, confiscation, drug 15 education, or drug treatment in place of incarceration or 16 criminal charges for possession of small amounts of cannabis, or 17 have made various cannabis offenses the lowest priority for law 18 enforcement. The states of Alaska, California, Colorado, 19 Connecticut, Delaware, District of Columbia, Maine, Maryland, 20 Massachusetts, Michigan Minnesota, Mississippi, Missouri, 21 Nebraska, Nevada, New York, North Carolina, Ohio, Oregon, Rhode

Island, Vermont, and Washington have decriminalized marijuana in
small amounts. In each of these states, marijuana users no
longer face arrest or jail time for the possession or use of
marijuana in an amount permitted by statute.

5 The legislature further finds that the legalization of 6 marijuana for personal or recreational use is a natural, 7 logical, and reasonable outgrowth of the current science of 8 marijuana and attitude toward marijuana. In 2012, voters in 9 Colorado voted to amend the state's constitution (Amendment 64) 10 to legalize and regulate the production, possession, and 11 distribution of marijuana for persons age twenty-one and older. 12 Also in 2012, voters in Washington approved a proposition to 13 legalize and regulate the production, possession, and 14 distribution of cannabis for persons age twenty-one and older. Colorado became the first state to remove the prohibition on 15 16 commercial production of marijuana for general use. Colorado 17 realized state tax revenue of approximately \$18,900,000 during 18 the first half of 2014, and this revenue is expected to increase 19 as sales of retail marijuana increase. Following Colorado and 20 Washington's lead, Alaska, California, Massachusetts, Oregon, 21 and Vermont passed legislation to also legalize and regulate the

production, possession, and distribution of cannabis for persons 1 2 age twenty-one and older. 3 The legislature further finds that marijuana cultivation 4 and sales hold potential for economic development, increased tax 5 revenues, and reduction in crime. 6 The purpose of this Act is to repeal criminal prohibitions 7 and penalties pertaining to marijuana. 8 Section 329-14, Hawaii Revised Statutes, is SECTION 2. 9 amended as follows: 10 1. By amending subsection (d) to read: 11 "(d) Any material, compound, mixture, or preparation that 12 contains any quantity of the following hallucinogenic 13 substances, their salts, isomers, and salts of isomers, unless 14 specifically excepted, whenever the existence of these salts, 15 isomers, and salts of isomers is possible within the specific 16 chemical designation: 17 (1)Alpha-ethyltryptamine (AET); 18 (2)2,5-dimethoxy-4-ethylamphetamine (DOET); 19 (3) 2,5-dimethoxyamphetamine (2,5-DMA); 20 3,4-methylenedioxy amphetamine; (4)21 3,4-methylenedioxymethamphetamine (MDMA); (5)
