- Oct '85 – May '87 **McDonald's Corporation, Assistant Store Manager / Personnel & Training Manager**

Education History:

University of Hawaii at Hilo
Accumulated 2-1/2 years of credits towards a Business Administrative degree. However, I moved to Maui in 1984, started a family shortly after and never had time, energy or finances to continue my higher education. I stayed responsible & focused on raising my kids to become responsible adults.

Greatest Success & Accomplishments:

Being married for 32 years and raising 5 great kids (including 2 adopted boys), being an active grandfather of 6 beautiful grandchildren ... **and** being a positive role model to many, many people in our community.
