

**Loyal Archie MEHRHOFF, III**

**PERSONAL INFORMATION:**

U.S. citizen

Military Service: U.S. Army, 7/20/1980-7/21/1984; Captain; Honorable Discharge

Highest Federal Grade: Supervisory Biologist: 2/23/2003 - 9/30/2014

**EDUCATION:**

Ph.D., University of British Columbia, Vancouver, B.C., Botany,

M.A., University of North Carolina, Chapel Hill, NC, Botany,

B.A., University of Montana, Missoula, MT, Botany,

H.S., Carterville Community High School, Carterville, IL,

**EMPLOYMENT HISTORY:**

A. Endangered Species Recovery Coordinator, Center for Biological Diversity, 9/14/2015  
– 3/15/2019.

P.O. Box 26031

Honolulu, HI 96825-6031

DUTIES: Develop programs and initiatives that improve the protection and recovery of endangered species and better assess the effectiveness of how the Endangered Species Act is implemented.

B. Field Supervisor, Pacific Islands Fish and Wildlife Office, U.S. Fish and Wildlife Service (Fish and Wildlife Administrator GS-480-15), 8/1/2009 – 9/30/2014.

Pacific Islands Fish and Wildlife Office

U.S. Fish and Wildlife Service

300 Ala Moana Blvd, Suite 311

Honolulu, HI 96850

Grade: GS-15

DUTIES: Supervisor of the U.S. Fish and Wildlife Service's Pacific Islands Fish and Wildlife Office (PIFWO). The Field Supervisor was responsible for managing PIFWO, to include planning, budgeting, hiring, supervision, and developing and maintaining productive partnerships. Primary areas of responsibilities included: implementation of all U.S. Fish and Wildlife Service activities related to Ecological Services, these involved the over 500 species protected under the U.S. Endangered Species Act (listing, development of critical habitat, pre-listing conservation, recovery actions, interagency consultations (section 7), habitat conservation plans, and delisting of species), strategic habitat conservation efforts to protect ecosystems, implementation of the Fish and Wildlife Coordination Act, Partners for Fish and Wildlife efforts, and coordinating with the U.S. Fish and Wildlife Service's other divisions on law enforcement, management of National Wildlife Refuges, and the Pacific Islands Climate Change Cooperative.

C. Center Director, Pacific Island Ecosystems Research Center, U.S. Geological Survey (Supervisory Biologist GS-401-15), 7/11/2006- present.

Pacific Island Ecosystems Research Center

U.S. Geological Survey

677 Ala Moana Blvd, Suite 615

Honolulu, HI 96813

Grade: GS-15

DUTIES: Director of the U.S. Geological Survey's Pacific Island Ecosystems Research Center (PIERC). The PIERC mission was to work with others to provide the scientific understanding and technologies needed to support the sound management and conservation of our Nation's biological resources in the Pacific Basin. The Center Director was responsible for all aspects of managing the Center, to include planning, budgeting, hiring, developing research thrusts, supervision, and coordinating research with land management agencies. Primary areas of research included: the ecology of native species, especially Hawaiian Forest Birds; invasive species, restoration ecology, climate change, and avian diseases.

D. Chief, Biological Resource Management Division, National Park Service (Supervisory Biologist GS-401-15), 2/23/2003 to 7/10/2006.

Biological Resource Management Division

Natural Resource Program Center

National Park Service

1201 Oak Ridge Drive, Suite 200

Fort Collins, CO 80525

Supervisor: Rich Gregory, Acting Director, NRPC. [Retired].

Grade: GS-15

DUTIES: The Biological Resource Management Division provided professional, science-based support for invasive species management, terrestrial ecosystem restoration, threatened and endangered species protection, integrated pest management, vegetation mapping, biological databases, and wildlife management to National Park Service Directorates, Regional Offices, and Parks. The Division was also responsible for providing policy recommendations, preparing technical guidance, managing performance goals, and coordinating natural resource project funding sources.

E. Endangered Species Program Manager (Botanist GS-0430-13), 10/24/1999 to 2/23/2003.

Biological Resource Management Division

Natural Resource Program Center

National Park Service

1201 Oak Ridge Drive, Suite 200

Fort Collins, CO 80525

Grade: GS-13

DUTIES: Responsible for developing and implementing programs to protect and recover over 400 endangered or threatened species found in national parks.

F. Fish and Wildlife Biologist (GS-0430-12/13), 06/11/1995 to 10/23/1999.

U.S. Fish and Wildlife Service

Office of Technical Support

333rd S.W. 1st Avenue

Portland, OR

DUTIES: The Office of Technical Support provides the Assistant Regional Director with habitat and species-specific expertise on forest-related issues within the range of the northern spotted owl.

G. Chief, Listing Branch (Supervisory Fish and Wildlife Biologist, GS-0401-12);

Botanist (GS-0430/0401-12), 02/07/1993 to 06/10/1995.

U.S. Fish and Wildlife Service

Pacific Islands Ecoregion, Honolulu, HI. General office phone:

DUTIES: Senior staff botanist for the Endangered Species Listing Branch, then Supervisor of the Listing Branch.

H. Research Botanist, 01/25/1991 to 02/05/1993.

Department of Botany

Bishop Museum, P.O. Box 19000A, Honolulu, HI

DUTIES: Research Botanist on the Hawaiian Flora. I conducted research on biodiversity issues, coordinated the Museum's participation in plant conservation efforts, and assisted in programs aimed at informing the public about these activities

I. Post-doctoral Research Associate (Conservation), 06/1989 to 12/1990.

Institute for Environmental Studies

FM-12 University of Washington, Seattle, WA

DUTIES: Post-doctoral Research Associate in Conservation Biology, involved in three major areas of responsibility, research, teaching, and liaison with other departments and organizations.

J. Director, 9th Chemical Detachment/Commandant, NBC School, (Captain, O-3) and Chemical Officer/Assistant Operations Officer 11/1980 to 07/1984.

U.S. Army

9th Chemical Detachment,

24th Infantry Division

Fort Stewart, GA 31314

DUTIES: Officer in charge of a Nuclear, Biological, and Chemical (NBC) Detachment; Commandant of a 400 student/year active duty, technical NBC defense school; and officer responsible for the Post Inspector General's NBC inspection team.
