

Malia P.L. Tallett, P.T., D.P.T.

Mission

I, Malia Tallett, desire to become a strong and a well-recognized physical therapist in my community. I strive to provide the best possible care for the patient and my community. I strive to continue expanding my knowledge base, an active role model for my peers and future therapists; and hopefully, assist in molding the future of physical therapy in my hometown. It is important that I am able to learn, teach, and educate those who walk into my office: students, patients, and various community members.
