Testimony in Support of GM823 - For Chad Haswgawa to be elected on the Commission of Fatherhood.

I support bill GM823 for Chad Hasegawa to serve on this Commission because of the work he performs daily as the Executive Director of Hawaii County Economic Opportunity Council. He has demonstrated the keen ability in understanding the needs of this community, design and execute programs that serve the mission of HCEOC and the low to moderate income community. Chad understands the goal to end poverty is to strengthen the family's core values and this Commision, at the State level addresses this. Chad will make a difference and be a contributor because of his experience. Thank you.
