### STATE OF HAWAII DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES

P.O. BOX 119, HONOLULU, HAWAII 96810-0119

# TESTIMONY OF CURT T. OTAGURO COMPTROLLER, DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES BEFORE THE SENATE COMMITTEE ON GOVERNMENT OPERATIONS

February 5, 2019, 3:15 PM Conference Room 225, State Capitol

### On the following measures:

- SB 290 RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES
  SB 1110 MAKING AN APPROPRIATION TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES.
- SB 1111 RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES SB 1112 RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES

Chair Thielen, and members of the Committee, thank you for the opportunity to testify before you on SB 290, SB 1110, SB 1111 and SB 1112.

### **DEPARTMENT'S POSITION**

The Department of Accounting and General Services (Department or DAGS) appreciates the intent of SB 290, SB 1111 and SB 1112, and offers comments and proposed amendments.

The Department supports the intent of SB 1110 and offers comments.

DAGS appreciates the legislature's desire to move the state towards performance-based budgeting and the related assignment of certain programs and appropriations for further evaluation by their respective subject matter committees. We express concerns that if the base budget and requested biennium budget increases are not contained in one budget measure, such as the Governor's executive biennium budget as proposed in SB 126 or HB 964, there may

be a risk of funding errors which can negatively impact a department's ability to operate and carry out its mission and mandates. As such, it is our hope that the final budget numbers will be consolidated into one budget measure after department requests and base budgets have been considered by the various committees.

### **OVERVIEW OF DAGS**

The mission of the Department is to attain maximum value for the state taxpayers in providing physical, financial, and technical infrastructure support for state departments and agencies, so they may accomplish their missions. The Department's goal is to strive for quality and consistency in the delivery of essential support services and our activities reflect a continuing commitment towards cost efficiency, productivity, relevancy and timeliness of services. DAGS has the following twenty-seven program IDs in its budget\*:

- AGS-101 Accounting System Development & Maintenance
- AGS-102 Expenditure Examination
- AGS-103 Recording and Reporting
- AGS-104 Internal Post Audit
- AGS-105 Enforcement of Information Practices
- AGS-111 Archives-Records Management
- AGS-130 Enterprise Technology Services Governance and Innovation
- AGS-131 Enterprise Technology Services Operations and Infrastructure Maintenance
- AGS-203 State Risk Management and Insurance Administration
- AGS-211 Land Survey
- AGS-221 Public Works-Planning, Design, and Construction
- AGS-223 Office Leasing
- AGS-231 Central Services -Custodial Services
- AGS-232 Central Services-Grounds Maintenance
- AGS-233 Central Services-Building Repairs and Alteration
- AGS-240 State Procurement
- AGS-244 Surplus Property Management
- AGS-251 Automotive Management Motor Pool
- AGS-252 Automotive Management Parking Control
- AGS-807 School Repair and Maintenance, Neighbor Island Districts
- AGS-818 King Kamehameha Celebration Commission
- AGS-871 Campaign Spending Commission

- AGS-879 Office of Elections
- AGS-881 State Foundation on Culture and the Arts
- AGS-889 Spectator Events & Shows-Aloha Stadium
- AGS-891 Wireless Enhanced 911 Board
- AGS-901 General Administrative Services

**SB 290**: SB 290 appears to be a vehicle to appropriate state general funds only for the Department in FY 2019 - 2020 and FY 2020 – 2021.

If the measure is intended to appropriate the base budget for the Department, it should be noted that the Department's current base budget is comprised of multiple means of financing and includes special, trust, revolving, interdepartmental and federal funds. However, if the intent of SB 290 is to provide a vehicle to capture all the necessary appropriations of the department for the fiscal biennium (FB) 2019-2021, we propose the following to reflect our budget as contained in the Governor's executive biennium budget, which is the base budget as appropriated in Act 53, Session Laws of Hawaii (SLH) 2018, plus base budget adjustments and add-on items as presented in our budget briefing in front of the Joint Senate Committee on Ways and Means and your committee on January 14, 2019:

Proposed DAGS budget as included in Governor's executive FB 2019 -2021 budget

### AGS111 - ARCHIVES-RECORDS MANAGEMENT

#### 1. AR101

KEKAULUOHI HALON REPLACEMENT, OAHU

DESIGN, CONSTRUCTION, AND EQUIPMENT TO REPLACE HALON GAS FIRE SUPPRESSION SYSTEM WITH NON-OZONE DEPLETING GAS (FM-200 OR EQUIVALENT).

DESIGN 89
CONSTRUCTION 560
EQUIPMENT 1
TOTAL FUNDING AGS 650C

Design, Construction, and Equipment to replace the Halon Gas Fire Suppression system with non-ozone depleting gas (FM-200 or equivalent). Existing fire detection/control system (control panel, smoke detectors, and tank ignitors) have already been upgraded in 2018 to be compatible with the new system. The current fire suppression system in the State Archives Vault uses Halon 1301 agent that has been banned from manufacturers since 1994 as a known ozone depletant. Alternative to replacing the current system is recharging the current Halon tanks with more halon, which would cost more than replacing the entire system with a more modern, safer alternative and require removing the tanks and shipping them by boat to California for recharge and shipping them back, maintaining a 24-hour fire watch in the interim. If the system deploys, recharging the fire suppression system will be extremely difficult as the remaining Halon 1301 agent is extraordinarily expensive if it can be found at all. Improvement to include relocating the tanks to a centralized location that provides access that does not require dismantling shelving to access tanks.

### AGS111 - ARCHIVES-RECORDS MANAGEMENT

### 2. AR102

KEKAULUOHI BACKUP GENERATOR, OAHU

DESIGN, CONSTRUCTION, AND EQUIPMENT TO INSTALL A BACKUP GENERATOR FOR ARCHIVAL STORAGE AREA CHILLER SYSTEM.

DESIGN 1
CONSTRUCTION 69
EQUIPMENT 430
TOTAL FUNDING AGS 500C

The scope of the project is to add a backup generator into the existing ATS that was added in 2018 as part of the State Archives Chiller upgrade to provide continued operation of the environmental controls of Archival Storage during power outages at the State Archives. Currently, there is no redundant power options available at the State Archives. If power is out for more than a day or two, mold bloom on very important legal and historic records are a real and present possibility. Once mold starts, cleanup becomes a health hazard, a public records access issue (denial of access) and very expensive long-term treatment. An ATS power transfer unit was added

with the 2018 chiller upgrade to the Archival Storage Environmental controls, but to utilize this alternate means of providing power would require bringing in a generator from a third-party contractor. Secondary power source will ensure continued environmental control over the most important legal and historic records in Hawaii Government in the event of an extended natural disaster.

### AGS221 - PUBLIC WORKS-PLANNING, DESIGN, AND CONSTRUCTION

### 3. P104

WASHINGTON PLACE, HEALTH AND SAFETY AND QUEEN'S GALLERY RENOVATION, OAHU

PLANS, DESIGN, CONSTRUCTION, AND EQUIPMENT TO ADDRESS IMMEDIATE HEALTH & SAFETY NEEDS AT WASHINGTON PLACE. PROJECT INCLUDES HAZARDOUS MATERIAL ABATEMENT, BUILDING CODE REQUIREMENTS, AND ADAAG REQUIREMENTS. ASSOCIATED AND INTEGRAL TO THIS WORK IS RENOVATION FOR BUILDING PRESERVATION WITH THE RETENTION OF EXISTING HISTORICAL MATERIAL.

PLAN		1	1
DESIGN		97	1
CONSTRUCTION		1	1,997
EQUIPMENT		1	1
TOTAL FUNDING	AGS	100C	2,000C

Project includes lead-based paint abatement/encapsulation, building code requirements (structural, electrical, plumbing, ventilation, and building envelope), and ADAAG requirements for primary access routes. Due to the broad nature of this project, associated and integral to this work is renovation for building preservation with the retention of existing historic material.

Washington Place, a prime representation of American Greek revival style, is historically highly significant in Hawaii's history as "Beretania," the site of early British settlement in Hawaii; later as the home of Queen Liliuokalani and home of the Governors of Hawaii since 1919. It is the oldest home in Hawaii that was still in use as a residence up to 2002 and one of the oldest and most historically valuable Governor's mansions in the United States. Certain elements are believed to be the finest examples of 1840's American architectural detailing in existence. Washington Place is listed in the National and State Historic Registries and received recognition as a registered National Landmark in 2007.

The primary goal in the renovation is to perpetuate the public benefit and safe enjoyment of Washington Place through its preservation, with the retention of existing historic material.

Building systems and sites will receive necessary major upgrades and maintenance that is required to protect our facilities and occupants from damage or injury due to deteriorated conditions. Repair/upgrade will be more comprehensive than would be possible under routine maintenance and will help allay larger costs to address future failure if nothing is done. Future maintenance costs to repair items such as air conditioning systems, large potholes, leaking roofs and leaking fire sprinkler pipes in public facilities will be eliminated for those facilities that receive work. These projects will reduce the State's exposure to lawsuits and their associated costs and required manpower requirements.

These construction projects are essential to maintain DAGS-managed public facilities. The operational life span of many of our building systems has long-passed, and costs continue to escalate to maintain the obsolete systems. Failure of obsolete systems that are beyond repair pose health and safety risks for facility occupants. Urgent health and safety and mandated needs are included in this lump sum fund. This project will also ensure that those systems that are not being immediately replaced or upgraded will continue to function. Just as importantly, this project will be the stepping stone to allowing DAGS to proactively properly maintain all systems to protect our asset inventory.

#### AGS233 - CENTRAL SERVICES-BUILDING REPAIRS AND ALTERATIONS

### 6. CSD09

LUMP SUM FIRE ALARM SYSTEMS REPLACEMENT & UPGRADE, STATEWIDE

PLANS, DESIGN, CONSTRUCTION, AND EQUIPMENT TO REPLACE AND UPGRADE FIRE ALARM SYSTEMS TO MEET CODE REQUIREMENTS, STATEWIDE.

PLANS		1	1
DESIGN		299	1
CONSTRUCTION			1,997
EQUIPMENT			1
TOTAL FUNDING	AGS	300C	2,000C

Fire alarm system upgrades initially completed in select areas of buildings during partial renovation work would be completed for the remainder of the building. This provides more complete, effective coverage for the building to protect life and property.

Work is required to meet requirements as established by County Fire Departments during review and approval of building permits for State facility renovations. If work is not completed within established deadlines, fire alarm system permits for completed renovation may be revoked. The alternative may be to ask for time extensions to complete the upgrades, however, the State risks reduced performance of building-wide fire alarm systems in the interim.

**SB 1111:** The Department supports this measure which establishes additional amounts to be appropriated and authorizes additional positions in the FB 2019-2021 operating budget for the Department.

However, as compared with the Governor's executive budget, several items have not been included in SB 1111:

- AGS 101's request for position conversion,
- AGS 130's request for special fund ceiling increase, and
- AGS 233's U-fund reduction request.

Additionally, although funded in SB 1111, it is our understanding that the addition of full funding for positions funded only for six months in Act 53, SLH 2018 should not be considered by the subject matter committees; as such, the summary justification that follows for the requested items will not include the half-year funding request for AGS 232.

Also, as noted in the SB 1110 discussion above, the AGS 130 and 131 requests as well as those for attached agencies will be separately presented in their own testimonies or through other committee's measures (e.g., HB 1218 and SB 799 for the AGS 881 item).

Prog ID	<u>Description of Addition</u>	MOF	Pos (P)	Pos (T)	<u>\$\$\$</u>		Pos (P)	Pos (T)	<u>\$\$\$</u>	
	Conversion of 1.00 Temporary Position to Permanent	А	1.00	(1.00)	\$	-	1.00	(1.00)	\$	-

Two permanent positions authorized in Act 124, SLH 2016 with 6 months funding, for additional support for the Expenditure Examination program, were approved for full funding in Act 53, SLH 2018; however, both positions were also converted from Permanent to Temporary status. One of the positions was filled as of April 2017, while still a permanent position as authorized. This request is to convert the position back to permanent status from temporary as this position is a critical resource needed to meet ongoing operational needs of Central Payroll and provide support due to the increased complexity of collective bargaining agreements, federal and state reporting requirements, and statewide training requirements, as well as to implement and support new systems. The position performs functions that are permanent in nature.

				FY20			FY21			
Prog ID	Description of Addition	MOF	Pos (P)	Pos (T)		<u>\$\$\$</u>	Pos (P)	Pos (T)		<u>\$\$\$</u>
AGS231	Add one Building Manager	Α	1.00	-	\$	26,478	1.00	-	\$	52,956
	Position and Funds									

Currently 3 Building Managers oversee the servicing of some 70+ state facilities that require building management services that address custodial cleaning services, building machinery problems such as air conditioning, elevator operation etc. State buildings have also been impacted by homeless and vagrants using the buildings as a temporary resting area resulting in health and safety concerns/complaints from building occupants. One additional building manager to our existing three building managers will enable the geographical area to be split more equitably and increase efficiency and response time to building occupant concerns and lead to faster resolution to problems.

AGS232	Add funds for Motor Vehicle	Α	-	-	\$ 300,000	-	-	\$ -
	Purchase - Replacement of 3/4							
	ton Refuse Truck							

The existing refuse truck is 15 years old and has nearly 145,000 miles. The program has only one refuse truck and mechanical breakdowns are occurring more frequently. When the refuse truck is down, the use of private vendors is not a viable option because their existing equipment cannot pickup the state's trash bins. A replacement truck is sought as the truck has exceeded its useful life of 10 years and the program is facing increasing repair costs.

AGS221	Add 3.00 Permanent Positions	Α	3.00	-	\$ 156,453	3.00	-	\$ 300,906
	and Funding for P3 Staffing and							
	Related Requirements							

The request is to provide for three positions and related furnishings and equipment to staff a P3 (public-private partnership) office within the Public Works Division (PWD), Public Works Administrator's office. The requested positions will provide internal staffing to provide assistance to other State departments and agencies for the identification, definition, procurement and oversight of the development of P3 structures and the related contractual arrangements of such public-private partnerships on behalf of the State. Other support will include developing guidelines and related templates, training, and other resource support to other State departments and agencies. As many of these projects will include a planning, design, and construction component to the overall structure of these arrangements, this function is expected to closely coordinate their efforts with the existing Planning, Project Management, Construction Management and Leasing branches within PWD.

Page -11-SB 290, SB 1110, SB 1111 and SB 1112

			FY20		FY21				
Prog ID	<u>Description of Addition</u>	MOF	Pos (P)	Pos (T)	<u>\$\$\$</u>	Pos (P)	Pos (T)		<u>\$\$\$</u>
	Add 1.00 permanent Office Assistant and Additional Operating Funds	А	1.00	-	\$ 92,240	1.00	-	\$	107,940

Personnel - The State Archives is requesting one additional FTE position due to increased utilization of the Public Research Room and State Archives' Services; increase in service requests has pushed the turnaround time from a target 7-10 days out to 6-8 weeks, with up to three months in the case of large orders. Other Current Expenses - funds for a contracted security guard to provide monitoring of the public research room and security cameras. This will provide a level of security corresponding to the importance of the items stored in the State Archives, reduce theft in the Public Research Room, and ensure that research room protocols are enforced. Funds are also requested for a) document shredding; insufficient funds has resulted the periodic annual deferral of destruction of eligible boxes, resulting in a multi-year backlogs that has greatly reduced capacity for incoming boxes, and b) specialty archival supplies for the rehousing of archival photographs and records.

AGS111 Add Funds for IT Services	В	-	-	\$ 200,000	-	-	\$	-
							i	

The Digital Archives is moving into production and is requesting a \$200,000 one-time expenditure authority for testing and rollout of the Digital Archives preservation system. As the system has the responsibility of preserving digital records of enduring legal, historical and fiscal value in an authentic state in perpetuity, it is essential that the system function as designed to international standards. Having a set of outside analysts review, comment and improve the system is an important part of ensuring the highest quality product we can produce.

AGS233	Eliminate Interdepartmental	U	-	-	\$ (100,000)	-	-	\$ (100,000)
	Transfer "U" Fund for AAFES							
	Building Maintenance							

With the AAFES building turned over to OHA, the fund which had set aside \$100,000 for yearly maintenance of the building is no longer necessary.

**SB 1112**: This measure appears to be a vehicle to appropriate general revenues only for the Department's FB 2019-2021 operating budget, and general obligation bond funds only for capital improvement projects for the Department in fiscal year 2019 - 2020.

Similar to SB 290, if the intent of this measure is to provide a vehicle to capture all the necessary appropriations of the Department for FB 2019-2021, we propose the budgets as

contained in the Governor's executive biennium budget, which is the base budget as appropriated in Act 53, SLH 2018, plus base budget adjustments and add-on items (as detailed in the table in the SB 290 discussion above) which were presented in our budget briefing in front of the joint Senate Committee on Ways and Means and your committee on January 14, 2019.

### **SUMMARY**:

DAGS appreciates the efforts of Senator Thielen and her staff for proposing these measures. As previously mentioned, the Department hopes that the final budget numbers will be consolidated into one budget measure after our requests and base budget have been reviewed and considered by your committee. Thank you for the opportunity to submit testimony.

SARAH ALLEN

BONNIE KAHAKUI ASSISTANT ADMINISTRATOR

### STATE OF HAWAII STATE PROCUREMENT OFFICE

TESTIMONY
OF
SARAH ALLEN, ADMINISTRATOR
STATE PROCUREMENT OFFICE

TO THE SENATE COMMITTEE
ON
GOVERNMENT OPERATIONS

February 5, 2019, 3:15 P.M.

SB1111
RELATING TO THE DEPARTMENT OF ACCOUNTING
AND
GENERAL SERVICES

Chair Thielen, Vice-Chair Inouye, and members of the committee, thank you for the opportunity to submit testimony on SB1111. The State Procurement Office supports the section of the bill which appropriates \$200,000 to AGS 240, for fiscal year 2020-2021 to continue the small business assistance initiative established by Act 42. Session Laws of Hawaii 2017.

Act 42, SLH 2017, established, within the State Procurement Office, a three-year small business initiative to facilitate the collection and development of relevant data and information and convene stakeholders for the development of an effective small business program, including the development of Rules.

SPO was appropriated \$200,000 in late CY 2018 for only the first year of the three-year program. Year one funds were extended over a 20-24-month period due to the lateness of the appropriations and lack of funding for year 2. The SPO partnered with Solutions Pacific (SP), whose Year 1 mission is to develop an awareness campaign, conduct market analysis, increase awareness, outreach and active engagement in the small business target and promotion of a Small Business Office. In November 2018, the SPO launched the Small Business Database, a module of the Hawaii Awards and Notices Database System (HANDS). Although, year two is not funded SPO and SP will continue working to expand awareness, training and workshop campaigns and recommendations for rules to be developed by the chief procurement officer and procurement policy board.

SB1111 Senate Committee on Government Operations February 5<sup>th</sup>, 2019 Page 2

Funding for Year Three of the program is critical to the success of the small business assistance program. Development of effective rules will set the ground work for a small business set-aside program and basis for training, workshop campaigns, and an implementation program. Appropriation of \$200,000 for FY 2020-2021 will allow the SPO to continuing working towards the goal to ensure that small businesses are able to effectively participate in contracting opportunities.

Thank you.

### STATE OF HAWAII OFFICE OF ELECTIONS

SCOTT T. NAGO CHIEF ELECTION OFFICER 802 LEHUA AVENUE PEARL CITY, HAWAII 96782 elections.hawaii.gov

### **TESTIMONY OF THE**

## CHIEF ELECTION OFFICER, OFFICE OF ELECTIONS TO THE SENATE COMMITTEE ON GOVERNMENT OPERATIONS

ON SENATE BILL NO. 1111

### RELATING TO THE DEPARTMENT OF

### ACCOUNTING AND GENERAL SERVICES

February 5, 2019

Chair Thielen and members of the Senate Committee on Government Operations, thank you for the opportunity to provide comments on Senate Bill No. 1111. The purpose of this bill is to appropriate funds for operating expenses of the Department of Accounting and General Services.

The Office of Elections is submitting a supplemental budget request of \$927,200 in fiscal year 2020-21 to support a project office for the Reapportionment Commission. The Reapportionment Commission will convene in 2021 following the 2020 Census to apportion U.S. congressional, state senate, and state representative districts. The chief election officer serves as the secretary and provides technical services. The following is a breakdown of projected costs:

GIS Consultant	800,000
Personnel	120,000
Operating	7,200
Total	\$927,200

We are requesting \$800,000 to secure a Geographic Information Systems (GIS) consultant contract to provide census data, draw district lines, and create maps to conduct the reapportionment. Additionally, we are requesting \$120,000 for four full-time personnel. This includes a project manager, administrative

Testimony on SB 1111 – Relating to DAGS February 5, 2019 Page 2

assistant, GIS analyst, and a secretary. The remaining \$7,200 is budgeted for operating costs such as office supplies and equipment.

Additionally, we will be requesting \$347,200 for fiscal year 2021-22 for personnel, public hearing, and publishing of the plan.

Thank you for the opportunity to testify on Senate Bill No. 1111.

### Testimony of DOUGLAS MURDOCK Chief Information Officer Enterprise Technology Services

### Before the

### SENATE COMMITTEE ON GOVERNMENT OPERATIONS Tuesday, February 5, 2019

### SENATE BILL NO. 1111 RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES

Dear Chair Thielen, Vice Chair Inouye and members of the committee:

The Office of the Enterprise Technology Services (ETS) supports Senate Bill No. 1111 with comments, as it pertains to the operating budget for AGS 130 and AGS 131.

We respectfully request that item 20, B fund, found in Senate Bill 126, from the Governor's executive budget be added to this bill. The item increases the special fund ceiling for AGS 130 by \$150,000 each year for the Shared Services Technology Special Fund, which is necessary to address increasing fringe benefit costs. There is enough revenue in the fund to support the expenditure ceiling increase.

We appreciate inclusion of Items 5 and 6 in the bill.

Item 5 appropriates funds for AGS 130/EG, \$1,038,240 in FY 20 and \$1,263,902 in FY 21, for Cybersecurity Capability Enhancements. Cyber security is the process of protecting and recovering networks, devices, and programs from any type of cyberattack. Cyberattacks are an evolving danger to organizations, employees, and consumers. They may be designed to access or destroy sensitive data or extort money. They can, in effect, destroy businesses and damage people's financial and personal lives.

The best defense is a strong cyber security system with multiple layers of protection spread across computers, networks, and programs. This request provides the various tools needed to build a strong defense to recognize and avoid threats before they're able to infiltrate our network.

Item 6 appropriates funds for AGS 130/EG, adding \$150,000 in each year of the biennium for Mobile Device Manager (MDM) software. Mobile device management (MDM) solutions provide organizations with end-to-end security — meaning the mobile apps, network and data

used by the mobile device (in addition to the mobile device itself) are managed by an organization's IT department with a single mobile device software product. This is a way to control and secure the personal digital assistants and smartphone that employees use. With technology becoming more accessible, allowing employees to conduct business anytime and anywhere, it is important to have controls in place to prevent malicious activity on mobile devices. MDM allows mobile devices that are used for State business to be managed to ensure devices are kept up to date, patched and could be made unusable, or wiped, in the event the device is lost or stolen.

Thank you for this opportunity to provide testimony on this bill.

Re: Testimony on S.B. No. 1111

Relating to the Department of Accounting and General Services

Thank you for the opportunity to submit testimony on this bill, which the state Office of Information Practices ("OIP") supports.

This bill provides \$100,000 in general funds for FB 2019-2021 for salary parity and \$6,200 in general funds in FY 2020 for computers to OIP, which would be in addition to OIP's base budget authorized in other legislation.

OIP appreciates the Legislature's additional appropriation last session of \$100,000 for salary parity for its employees, which has tremendously helped morale and employee retention. This amount, however, was less than half of what OIP had initially requested of the Governor in 2017. SB 1111 has included an additional \$100,000 in general funds for OIP for the upcoming fiscal biennium to help OIP reach salary parity, along with \$6,200 in general funds to replace old and slow computers.

The same reasons that OIP gave last year for seeking salary parity funds apply to this year's request. As the attached budget chart shows, **OIP has** been underfunded for decades. *See* attached Figures 1 and 2 of OIP's budget

history from OIP's FY 2018 Annual Report. OIP was created in June 1988 to administer the Uniform Information Practices Act (UIPA). At its height in FY 1994, OIP had 15 authorized positions and an allocated budget of \$827,537, which is the inflation-adjusted equivalent of \$1,403,003 today. Five years later, in FY 1999, OIP was given the additional responsibility of administering the Sunshine Law, which essentially doubled its work, but OIP's positions and budget had already started to precipitously decline. Thanks to last session's legislative appropriation and collective bargaining allocation, OIP currently has a budget of \$699,837 for this fiscal year and 8.5 FTE positions. Nevertheless, OIP's current budget is still \$127,700 less in non-inflation adjusted dollars and \$703,166 less than what it had on an inflation-adjusted basis 25 years ago. In short, OIP has been doing more than double the work with half the resources that it had 25 years ago.

While other agencies have received large or steady pay increases along the way, last year's additional appropriation was OIP's first big boost in decades. Other than collective bargaining allocations that were sometimes insufficient to match the pay increases provided to other units, OIP did not receive additional funding in prior years when other agencies received large pay increases, such as in FY 2016 when the Attorney General's Office received a \$1.94M for pay increases and the Honolulu Corporation Counsel's office received 5% pay increases. This year, the Honolulu Corporation Council's and Prosecutor's offices received 4% pay increases on July 1, 2018. State salary levels are also expected to increase once the 2018 State Commission on Salaries presents its recommendations to the Legislature this March. As the attached Good Government Comparison Chart from last year shows, OIP has the least funding and personnel of all state good government agencies. Thus, despite the

\$100,000 increase from last session, OIP's salaries still remain substantially below those of comparable government employees, even though OIP's employees' have extensive experience and expertise regarding two essential open government laws providing public access and government accountability.

The general public and all state, county, and independent agencies (including UH, OHA, and HTA), as well as all branches of government—Executive (including the Governor, Lt. Governor, and all mayors), Legislative (including the Legislature and county Councils), and Judicial (excluding only the courts' nonadministrative, *i.e.*, judicial, functions)—rely upon OIP's neutral and uniform advice, training, and dispute resolution services regarding Hawaii's open records and open meetings laws. OIP's attorneys and personnel, therefore, have highly transferable knowledge and skills. To keep OIP's personnel and their unparalleled institutional memory at the single, statewide agency that provides uniform and neutral advice and services throughout Hawaii, OIP respectfully requests that its additional budget appropriation in SB 1111 be passed out of this committee.

Please note, however, that the additional funding requested in SB 1111 is only sufficient to help retain OIP's existing employees and continue its current level of work. For OIP to do more work faster, it will need additional personnel and funding. The extent of the additional resources required will depend upon what is expected of OIP.

OIP is already at its maximum capacity with its existing personnel and resources and expeditiously resolves most of the requests for assistance that it receives each year. In FY 2018, OIP resolved over 95% (1,074 of 1,127) of all FY 2018 formal and informal requests for assistance in the same year they

were filed, and nearly 84% (945 of 1,127) within the <u>same day</u> they were filed.

Although the backlog of formal cases is directly related to the number of new cases filed each year and OIP has no control over cases filed with it, OIP has substantially reduced its backlog to 99 pending formal cases as of January 31, 2019, which is a 24% reduction from the end of FY 2018 (131 pending cases) and a 34% reduction from one year ago (151 pending cases).

Not only has OIP substantially reduced its formal case backlog, **OIP** has also kept down the age of the its oldest cases that are not pending in litigation. OIP ended FY 2018 with its oldest case being one that was filed in FY 2015, only because a litigation involving the same issue is still pending in court and OIP will resolve any issues remaining after the litigation concludes; the rest were filed in FY 2016 or later. This is a considerable improvement since FY 2011 when OIP's oldest outstanding case was 12 years old. It took years for OIP to bring down the age of its oldest cases to where it is now, and barring another huge increase in new formal case filings (as OIP experienced in FY 2017) and with its current level of resources, OIP hopes to be able to resolve appeals within one year of filing before FY 2023.

OIP's formal cases consist of different types of cases filed by requesters, with "appeal" being one of them. "Appeals" to OIP are opened when an agency denies a request for UIPA records or a person seeks to determine if a board is subject to or has complied with the Sunshine Law, which typically require the most time and work by OIP to resolve and often result in written opinions. "Requests for Opinions" (RFO) are also labor intensive as they are opened when there is no live case or controversy and a requester seeks an advisory opinion. If a

requester seeks reconsideration of an OIP decision, then a RECON file is opened and may result in either a dismissal or a new opinion. In contrast, "Requests for Assistance" (RFA) do not require written opinions and are opened when requesters have not received a response to a record request from an agency, and they typically resolved within the same fiscal year. Other types of formal cases are for "Correspondence" and "UIPA" record requests made to OIP, which also do not require written opinions by OIP, although some of the Correspondence may be written advice equivalent to other states' "opinions."

OIP already takes steps to "triage" its formal cases and appeals to give priority to those that may be readily resolved without an opinion, are of great public importance, or for other compelling circumstances. Unless circumstances change, the remaining cases are resolved on a first in, first out basis to be fair to those who have been waiting longer. As of January 31, 2019, OIP has closed 129 formal cases, of which 39 were appeals; 33 of the appeals closed were for cases filed before FY 19 and 6 were filed in FY 19. Without the 97 older appeals that were pending at the start of this fiscal year, OIP would have resolved more appeals (39) than have been filed to date in FY 2019 (25).

Requesters who do not wish to wait their turn always have the option to go directly to the circuit court, which is supposed to provide an expedited review process. Even the courts, however, could take years to resolve an appeal from a denial of a record request. In fact, OIP's oldest appeal filed in FY 2015 is on hold, along with four newer ones, awaiting the court's decisions on UIPA or Sunshine Law issues in those cases.

Focusing only on appeals ignores all the other work that OIP does for many, many more requesters in the same year, if not the same day, and which often prevent the escalation of disputes into more appeals.

Eighty-four percent of the total requests are typically resolved within the same day through OIP's Attorney of the Day (AOD) service, whereby a staff attorney provides informal advice and guidance to the requester. *See* attached Figure 1 of the OIP Service Overview from OIP's 2018 Annual Report. The AOD service resolves many issues before they become problems and turn into appeals, and it is a much used and appreciated service provided by OIP. Oftentimes, OIP will provide written advice in emails or letters in response to AOD inquiries, which would be considered "opinions" in other states.

In addition to responding to formal and informal requests for assistance, OIP has many other duties, including training, monitoring and testifying on legislation, tracking lawsuits, keeping agencies and the public informed of open government issues, rulemaking, initiating special projects on its own, and preparing annual reports, including two summarizing all State and County UIPA Record Request Logs.

For OIP to resolve appeals faster without neglecting its other duties, it will need three additional personnel positions; \$345,000 in general fund appropriations for salary, equipment and training; and time to hire and train them. OIP is already living on the edge with its lean workforce of five staff attorneys (one of whom is half-time), 2.5 FTE administrative personnel, and one director, each of whom is crucial to OIP's operations. If any one of its employees leaves OIP or goes on extended sick, vacation, or family leave, OIP would lose 13% of its workforce and institutional memory that, in the case of one attorney, goes back as far as 1988. Thus, to ensure that it will have the trained and experienced workforce to resolve appeals at a faster pace, OIP needs three additional positions now. OIP would also need time to hire and train the new positions, and anticipates the productivity of its experienced attorneys to go down

while they train the new hires. Note, too, that even with these additional positions and appropriations, OIP would still have less resources than it did 25 years ago when it had 15 positions and was allocated \$1,403,003 on an inflation-adjusted basis.

Finally, if a time to resolve appeals is <u>statutorily</u> imposed, then OIP will also **need a <u>dedicated source of funding</u>** to ensure that it will be appropriated sufficient funding and personnel to do the work that will probably increase over time. A statute remains on the books forever, but adequate funding does not. From OIP's experience with decades of underfunding, it knows that it could be starved of necessary resources to timely do its work if it does not have a dedicated source of funding to hire, equip, train, and retain sufficient personnel. Rather than an unfunded mandate, OIP would need dedicated source of statutorily required appropriations to provide a reliable stream of funding and personnel that can fulfill statutorily imposed deadlines

Thus, depending on the Legislature's expectations and level of additional funding and personnel, OIP would welcome the challenge of completing more appeals in a shorter period of time, provided their underlying issues are not pending in litigation in the courts. Otherwise, OIP is simply seeking an additional \$100,000 and \$6,200, as this bill proposes, to retain its existing staff and to replace aged computers in order to keep up with its current level and pace of work.

Mahalo for considering OIP's testimony.

### Highlights of Fiscal Year 2018

# **Budget and Personnel**

OIP's budget allocation is the net amount that it was authorized to use of the legislatively appropriated amount, including any collective bargaining adjustments, minus administratively imposed budget restrictions. In FY 2018, OIP's total allocation was \$584,019, up 1.4% from \$575,984 in FY 2017.

OIP's allocation for personnel costs in FY 2018 was \$561,695. The allocation for operational costs was \$22,324. See Figure 3 on page 17.

As in the prior year, OIP had a total of 8.5 FTE approved positions in FY 2018.

<sup>\*</sup>Total allocation for FY 2014 and 2015 includes the additional appropriation through Act 263, SLH 2013, to assist with open data and open government matters.

\*\*Adjusted for inflation, using U.S. Bureau of Labor Statistics CPI Inflation Calculator.

### Executive Summary

OIP's mission statement is "ensuring open government while protecting individual privacy." More specifically, OIP seeks to promote government transparency while respecting people's privacy rights by fairly and reasonably administering the UIPA, which provides open access to government records, and the Sunshine Law, which provides open access to public meetings.

Additionally, following the enactment of Act 263, SLH 2013 (see HRS § 27-44) (Open Data Law), OIP was charged with assisting the State Office of Information Management and Technology (now known as the Office of Enterprise Technology Services, or ETS) to implement Hawaii's Open Data policy, which seeks to increase public awareness and electronic access to nonconfidential and non-proprietary data and information available from state agencies; to enhance government transparency and accountability; to encourage public engagement; and to stimulate innovation with the development of new analyses or applications based on the public data made openly available by the State.

Besides providing relevant background information, this annual report details OIP's performance for fiscal year 2018, which began on July 1, 2017, and ended on June 30, 2018.

OIP Service Overview FY 2013-2018						
	2013	2014	2015	2016	2017	2018

### SENATE COMMITTEE ON GOVERNMENT OPERATIONS Tuesday, February 5, 2019 3:15 PM Hearing in State Capitol Room 225

SENATE BILL 1111, RELATING TO THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES

### **TESTIMONY**

Douglas Meller, Legislative Committee, League of Women Voters of Hawaii

Chair Thielen and Committee Members:

The League of Women Voters of Hawaii has the following comments on SB 1111 which appropriate funds for operating expenses of the Department of Accounting and General Services (DAGS) and autonomous agencies, including the Office of Information Practices (OIP), funded under the DAGS operating budget.

Formal public UIPA and Sunshine appeals to OIP are resolved on a first-come first served basis. Unless the backlog of unresolved appeals is significantly reduced, OIP will be unable to expeditiously resolve new appeals. We understand that to eliminate most or all of the backlog of unresolved UIPA and Sunshine appeals, OIP will need 3 new positions costing \$330,000/year for at least two years. The LWV-HI requests that the Legislature at least temporarily authorize these new positions and required funding. Unfortunately, these 3 new positions and required funding are NOT included in the DAGS operating budget proposed by SB 1111.

Thank you for the opportunity to submit testimony.
