OFFICE OF HOMELAND SECURITY

TESTIMONY ON SENATE BILL 2888 RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS.

PRESENTATION TO THE COMMITTEES ON: PUBLIC SAFETY, INTERGOVERNMENTAL AND MILITARY AFFAIRS

TECHNOLOGY

BY

EVERETT S. KANESHIGE STATEWIDE INTEROPERABILITY COORDINATOR

FEBRUARY 11, 2020

Chairs Nishihara and Keohokalole, Vice Chairs Wakai and English, and Members of the Committees on Public Safety, Intergovernmental and Military Affairs & Technology.

My name is Everett Kaneshige and I am the Statewide Interoperability Coordinator with the Office of Homeland Security at the State Department of Defense. Thank you for the opportunity for our office to submit testimony in **SUPPORT** of SB 2888.

The reasons that our office supports this measure are the same as those set forth in the testimony that was submitted by Major General Kenneth S. Hara, Adjutant General for the State of Hawaii.

In addition, I would like to provide the Committees with the following additional information:

- 1. On January 6, 2020, a copy of this measure was distributed to approximately 136 public safety communications stakeholders who are on the notice list for the quarterly Statewide Communications Interoperability Plan Committee (SCIP) meetings which are hosted by our office.
- 2. On February 5, 2020, this measure was presented and discussed by approximately 48 public safety communications officials at a SCIP meeting held in Honolulu, HI.
- 3. On February 6, 2020, this measure was presented and discussed by approximately 35 public safety officials at an Enhanced 911 Board meeting held in Honolulu, HI.

As a result of the above meetings and other outreach efforts, our office received several requests for revisions to the bill. In response, we have incorporated most of the revisions and I have attached a new draft of the measure for the Committee(s) consideration.

I would be happy to answer any questions that the Committee may have about the bill or any of the revisions that are contained in the proposed draft. Thank you for this opportunity to provide testimony in Support of SB 2888.

Everett Kaneshige, Statewide Interoperability Coordinator, <u>everett.s.kaneshige@hawaii.gov</u> 808-369-3523

___.B. NO.____

A BILL FOR AN ACT

RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII: 1 WHEREAS state and county public safety and emergency 2 response agencies rely on radio communication systems to 3 execute their operations and ensure the safety of their 4 personnel;

5 WHEREAS the State, County of Kauai, City and County of 6 Honolulu, County of Maui and County of Hawaii operate and 7 manage their respective radio communication systems and 8 network that strive for 99.999% availability;

9 WHEREAS the state and county public safety agencies have 10 jointly developed standards and specifications for statewide 11 interoperability between their respective radio communication 12 systems, and interfaces with federal radio communication 13 equipment, and are in the process of implementing them;

WHEREAS the Nationwide Public Safety Broadband Network is being developed by the First Responder Network Authority, a federal agency attached to the United States Department of

1 Commerce;

2 WHEREAS state and county public safety agencies are 3 exploring the use and applicability of private and public 4 broadband, such as the Nationwide Public Safety Broadband 5 Network to augment and enhance the capabilities of their 6 respective communication systems and networks;

.B. NO.

7 WHEREAS there are many facets of interoperability in the 8 communication industry, for this purpose it is defined as the 9 ability of public safety and support services providers to 10 communicate with personnel from responding agencies, to 11 exchange voice and/or data communications on demand, in real-12 time, and as required to quickly safely and effectively 13 resolve the incident;

14 WHEREAS cyber-based threats against all communication15 systems and networks are of grave concern.

16 SECTION 1. Emergency communications are critical to Hawaii's response to natural disasters, terrorists' threats and 17 other emergency events, incidents, and routine activities 18 affecting our state. When faced with these situations, the 19 20 public safety community has a collective need to share information to quickly, safely and effectively resolve the 21 incident. Achieving this goal requires communications 22 capabilities that are resilient and secure today, yet agile 23

.B. NO.

enough to integrate advancing and emerging technologies 1 tomorrow. The ability of public safety responders and emergency 2 response agencies to effectively communicate with each other, 3 particularly during emergency situations, is essential to 4 protecting the health, safety, welfare, and property of the 5 6 public. There are many components to creating and maintaining a successful interoperable communications system. Effective 7 8 coordination is a critical step to ensuring successful emergency communications. Achieving this requires robust governance 9 10 structures and process designed to ensure accountability, inclusiveness, adaptability, and action. The strength of 11 12 emergency communications governance is not measured by its 13 ability to maintain the status quo, but to methodically drive. improvements in balance with the rapid evolution of 14 technologies. With the adoption and integration of new 15 technologies, governance is an initial step toward preparing 16 17 public safety responders to manage the benefits and risk of increased information exchange across organizations. 18 The purpose of this Act is to formally establish the 19

20 statewide interoperable communications executive committee and 21 technical subcommittee, and the position of statewide 22 interoperability communications coordinator as a position exempt 23 from section 76-16, Hawaii Revised Statues.

__.B. NO.____

1	SECTION 2. Chapter 128A, Hawaii Revised Statutes, is
2	amended by adding a new part to be appropriately designated and
3	to read as follows:
4	"PART . STATEWIDE PUBLIC SAFETY INTEROPERABLE COMMUNICATIONS
5	§128A- Statewide interoperable communications executive
6	committee. There is established within the department of
7	defense for administrative purposes the statewide interoperable
8	communications executive committee.
9	§128A- Duties of the statewide interoperable
10	communications executive committee. (a) The statewide
11	interoperable communications executive committee shall have the
12	following duties:
13	(1) Develop plans and strategies to improve public safety
14	communications interoperability among state, county,
15	and, where possible, federal public safety agencies;
16	(2) Develop plans and strategies to provide interoperable
17	communications between and among Public Safety
18	Answering Points in Hawaii and public safety responder
19	communications networks, infrastructure and systems;
20	(3) Develop plans and strategies to promote statewide
21	public safety communications interoperability
22	utilizing state and county radio communication systems
23	and networks, the Nationwide Public Safety Broadband

__.B. NO.____

1		Network and other public safety broadband networks;
2	(4)	Develop plans and strategies for the coordination of
3		state, county, and, where possible, federal emergency
4		alerts and warnings with Public Safety Answering
5		Points and public safety responder communications
6		networks, infrastructure, and systems; and
7	(5)	Review and adopt plans and recommendations to improve
8		or promote increased interoperability between public
9		safety responders and other government or non-
10		government stakeholders that support responses to
11		emergencies.
12	(b)	The members of the statewide interoperable
13	communica	tions executive committee shall consist of the
14	following	:
15	(1)	The adjutant general, or designee, who shall serve as
16		the chair of the committee;
17	(2)	The attorney general, or designee;
18	(3)	The deputy director of law enforcement of the
19		department of public safety, or designee;
20	(4)	The chairperson of the board of land and natural
21		resources, or designee;
22	(5)	The state chief information officer, or designee;
23	(6)	The director of transportation, or designee;

1 events;

2	(9)	Coordinate closely with the state single point of
3		contact on issues related to the implementation of the
4		Nationwide Public Safety Broadband Network in Hawaii;
5	(10)	Coordinate interoperability activities with Public
6		Safety Answering Points, operators of state, county
7		and federal communications systems and emergency
8		management coordinators;
9	(11)	Manage communications unit training programs and
10		exercises provided by federal and state agencies, and
11		work with public safety agencies to assist with any
12		credentialing or recognition of their communications
13		personnel; and

14 (12) Serve as the state representative to the National
15 Council of Statewide Interoperability Coordinators."
16 SECTION 3. Section 76-16, Hawaii Revised Statutes, is
17 amended by amending section (b) to read as follows:

18 "(b) The civil service to which this chapter applies shall 19 comprise all positions in the State now existing or hereafter 20 established and embrace all personal services performed for the 21 State, except the following:

(1) Commissioned and enlisted personnel of the HawaiiNational Guard as such, and positions in the Hawaii

_.B. NO.__

National Guard that are required by state or federal
 laws or regulations or orders of the National Guard to
 be filled from those commissioned or enlisted
 personnel;

(2) Positions filled by persons employed by contract where 5 the director of human resources development has 6 7 certified that the service is special or unique or is essential to the public interest and that, because of 8 9 circumstances surrounding its fulfillment, personnel 10 to perform the service cannot be obtained through normal civil service recruitment procedures. Any such 11 contract may be for any period not exceeding one year; 12 Positions that must be filled without delay to comply 13 (3) 14 with a court order or decree if the director determines that recruitment through normal recruitment 15 civil service procedures would result in delay or 16 noncompliance, such as the Felix-Cayetano consent 17 decree; 18

19 (4) Positions filled by the legislature or by either house
20 or any committee thereof;

(5) Employees in the office of the governor and office of
the lieutenant governor, and household employees at
Washington Place;

Page 11

.B. NO.

1 (6) Positions filled by popular vote;

- 2 (7) Department heads, officers, and members of any board,
 3 commission, or other state agency whose appointments
 4 are made by the governor or are required by law to be
 5 confirmed by the senate;
- 6 (8) Judges, referees, receivers, masters, jurors, notaries
 7 public, land court examiners, court commissioners, and
 8 attorneys appointed by a state court for a special
 9 temporary service;
- One bailiff for the chief justice of the supreme court 10 (9) who shall have the powers and duties of a court 11 officer and bailiff under section 606-14; one 12 secretary or clerk for each justice of the supreme 13 14 court, each judge of the intermediate appellate court, and each judge of the circuit court; one secretary for 15 the judicial council; one deputy administrative 16 director of the courts; three law clerks for the chief 17 18 justice of the supreme court, two law clerks for each 19 associate justice of the supreme court and each judge of the intermediate appellate court, one law clerk for 20 each judge of the circuit court, two additional law 21 clerks for the civil administrative judge of the 22 circuit court of the first circuit, two additional law 23

Report Title:

Statewide Interoperable Public Safety Communications

Description:

Establishes a Statewide Interoperable Communications Executive Committee for public safety communications and the position of the Statewide Interoperable Communications Coordinator.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.

DAVID Y. IGE GOVERNOR

KENNETH S. HARA MAJOR GENERAL ADJUTANT GENERAL

STEPHEN F. LOGAN COLONEL DEPUTY ADJUTANT GENERAL

STATE OF HAWAII **DEPARTMENT OF DEFENSE OFFICE OF THE ADJUTANT GENERAL** 3949 DIAMOND HEAD ROAD HONOLULU, HAWAII 96816-4495

STATE OF HAWAII DEPARTMENT OF DEFENSE

TESTIMONY ON SENATE BILL 2888 RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS.

PRESENTATION TO THE COMMITTEES ON: PUBLIC SAFETY, INTERGOVERNMENTAL AND MILITARY AFFAIRS & TECHNOLOGY

ΒY

MAJOR GENERAL KENNETH S. HARA ADJUTANT GENERAL DIRECTOR OF THE HAWAII EMERGENCY MANAGEMENT AGENCY AND DIRECTOR OF HOMELAND SECURITY

FEBRUARY 11, 2020

Chairs Nishihara and Keohokalole, Vice Chairs Wakai and English, and Members of the Committees on Public Safety, Intergovernmental and Military Affairs & Technology.

I am Major General Kenneth Hara, Adjutant General, Director of the Hawaii Emergency Management Agency and Director of Homeland Security.

The Department of Defense (DOD) provides written testimony in SUPPORT of SB 2888.

Governance sets the foundation for the collaboration and decision making necessary to support operability, interoperability, and continuity of emergency communications. A formal public safety communications governance body can provide a clear direction for future communications efforts to executive leadership, a framework for impacted parties to collaborate and make recommendations and more effective and efficient use of financial and technology resources.

Potential benefits that could result from the formation of such a body include:

- Better alignment in public safety communications strategies at all levels of government within the state
- Increased coordination in response to incidents and emergencies which can help save lives
- Greater insight into existing public safety communications capabilities, identify gaps, and assess areas for cooperation
- Better awareness of shared resources across levels and jurisdictions for incident response such as a cadre of trained professionals who can manage communications for incidents and emergencies

• Buy-in through participation and understanding of interoperability strategies included in decisions related to operability and interoperability

This measure proposes to create a new part to HRS Chapter 128A which would consist of the following 3 sections:

- Establishes a Statewide Interoperable Communications Executive Committee to develop plans and strategies to improve public safety communications interoperability among state, county, and, where possible, federal public safety agencies. The Committee would be made up of 7 representatives from State agencies; 8 representatives from County agencies; and the chair of the 911 Board. This is important so that public safety communications can be discussed at a senior level for the reasons described above.
- 2. Establishes a statewide interoperable communications technical subcommittee whose purpose is to provide technical advice to the statewide interoperable communications executive committee. It is intended that the members of this technical subcommittee would be the same as those who currently participate in the Statewide Communication Interoperability Plan (SCIP) meetings. This would allow the collective expertise of the SCIP group can be shared amongst all government agencies who utilize public safety communications networks.
- 3. Establishes the Statewide Interoperable Communications Coordinator (SWIC), as a fulltime position exempt from chapter 76 whose critical responsibilities include aiding stakeholders in the development of projects, plans, policies, standards, priorities, and guidelines for statewide interoperable public safety communications. This position was previously established in HRS Chapter 127 and is fully funded. This measure seeks to codify the language describing the SWIC position in the statute. There will be no increased expense to DOD or the State.

Thank you for this opportunity to provide testimony in Support of SB 2888.

MG Kenneth S. Hara, <u>kenneth.s.hara@hawaii.gov</u>; 808-369-3455 Everett Kaneshige, Statewide Interoperability Coordinator, <u>everett.s.kaneshige@hawaii.gov</u> 808-369-3523 DAVID Y. IGE GOVERNOR OF HAWAII

Testimony of SUZANNE D. CASE Chairperson

Before the Senate Committees on PUBLIC SAFETY, INTERGOVERNMENTAL, MILITARY AFFAIRS and TECHNOLOGY

Tuesday, February 11, 2020 1:25 p.m. State Capitol, Conference Room 229

In consideration of SENATE BILL 2888, RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS

Senate Bill 2888 proposes to establish a Statewide Interoperable Communications Executive Committee for public safety communications and the position of the Statewide Interoperable Communications Coordinator. The Department of Land and Natural Resources (Department) supports this measure provided that its passage does not replace or adversely impact priorities indicated in the Executive Supplemental Budget request.

The Statewide Interoperable Communications Coordinator (SWIC) position will coordinate interoperable communications strategy with all levels of government including the Department's law enforcement and wildland firefighters. The work that will be performed by the Statewide Interoperable Communications Coordinator contributes to responder and overall public safety, and the Department is supportive of these objectives.

Thank you for the opportunity to comment on this measure.

DAVID Y. IGE GOVERNOR

DOUGLAS MURDOCK CHIEF INFORMATION OFFICER

OFFICE OF ENTERPRISE TECHNOLOGY SERVICES

P.O. BOX 119, HONOLULU, HI 96810-0119 Ph: (808) 586-6000 | Fax: (808) 586-1922 ETS.HAWAII.GOV

Testimony of DOUGLAS MURDOCK Chief Information Officer Enterprise Technology Services

Before the

SENATE COMMITTEE ON PUBLIC SAFETY, INTERGOVERNMENTAL, AND MILITARY AFFAIRS SENATE COMMITTEE ON TECHNOLOGY TUESDAY, FEBRUARY 11, 2020

SENATE BILL NO. 2888 RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS

Dear Chairs Nishihara and Keohokalole, Vice Chairs Wakai and English, and members of the committee:

The Office of Enterprise Technology Services (ETS) supports the intent of this bill, which establishes a Statewide Interoperable Communications Executive Committee for public safety communications and the position of the Statewide Interoperable Communications Coordinator.

ETS fully supports improving coordination among city, county, state, and federal agencies that respond to emergencies and disasters. Based on recent discussions with the emergency communications communities, it is our understanding that the State Department of Defense, who introduced this bill, will be submitting language changes to further clarify the roles and responsibilities of the executive committee and of the interoperable communications coordinator.

Thank you for the opportunity to provide testimony on this measure.

TESTIMONY BY:

JADE T. BUTAY DIRECTOR

Deputy Directors LYNN A.S. ARAKI-REGAN DEREK J. CHOW ROSS M. HIGASHI EDWIN H. SNIFFEN

STATE OF HAWAII DEPARTMENT OF TRANSPORTATION 869 PUNCHBOWL STREET HONOLULU, HAWAII 96813-5097

S.B. 2888 RELATING TO STATEWIDE INTEROPERABLE PUBLIC SAFETY COMMUNICATIONS

Senate Committee on Public Safety, Intergovernmental & Military Affairs

The Department of Transportation (DOT) **supports** this measure to establish the statewide interoperable communications executive committee and technical subcommittee, and the position of statewide interoperability communications coordinator.

The proposed bill would bring local, state, federal and non-governmental agencies together to develop plans and strategies to improve interoperability. Effective interoperable communication is needed especially during and post disaster or major emergency to coordinate public safety, debris removal, utility restoration, emergency medical, repair work, and relief efforts.

Thank you for the opportunity to provide testimony.

Dear Chairs Nishihara and Keohokalole and Members:

SUBJECT: Senate Bill No. 2888, Relating to Statewide Interoperable Public Safety Communications

I am Gerald Kaneshiro, Major of the Communications Division of the Honolulu Police Department (HPD), City and County of Honolulu.

The HPD opposes Senate Bill No. 2888, Relating to Statewide Interoperable Public Communications, as it is written.

The HPD recognizes that communications is an important aspect when responding to any emergency whether it is a natural disaster or any other emergency event. Effective coordination is critical to ensuring successful emergency communications.

The HPD does not agree with the process of selecting an agency representative and the number of members to represent each county agency. Specifically, page 4, line 18, "(9) Two members at the executive or senior personnel level from the first responder or emergency management agencies in each of the four counties to be selected by the mayors of each respective county."

The member to serve on the executive committee should be selected by the director or department head of a first responder agency of each respective county. In addition, the number of representatives from each county agency should be increased from two to four. The City and County of Honolulu should have a total of four representatives from the following: One from the HPD, one from the Honolulu Fire Department, and two from the Honolulu Emergency Services Department and its Ocean Safety and Lifeguard Services Division.

The HPD does not agree with the duties of the Statewide Interoperable Communications Coordinator (SWIC) as written on page 7, line 10, "(10) Manage the communications unit program, including the communications leader, communications technician, auxiliary communications, and other supporting functions; and..."

The Honorable Clarence Nishihara, Chair and Members The Honorable Jarrett Keohokalole, Chair and Members February 11, 2020 Page 2

The Statewide Interoperable Communications Coordinator's position should be to coordinate the training program to include the Communications Unit Leader, Communications Technician, Auxiliary Communications, and other supporting functions.

The HPD is currently working with the SWIC office, Hawaii Department of Defense, to amend the language of the bill to place emphasis on the counties since they are the largest stakeholders during an emergency event.

Thank you for the opportunity to testify.

Sincerely,

Gerald Kaneshiro, Major

Communications Division
