
A BILL FOR AN ACT

RELATING TO TEACHER RETENTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a growing
2 shortage of qualified teachers in Hawaii's public school system,
3 with an estimated shortage of four hundred forty-nine positions
4 during the 2016-2017 school year. As the State's chronic,
5 ongoing shortage continues, the legislature also finds that
6 fewer people are entering the teaching profession in the State.
7 Testimony from a recent board of education human resources
8 committee meeting indicated that the number of graduates joining
9 the department of education decreased by nearly thirty per cent
10 between the 2010-2011 and 2016-2017 school years.

11 In addition, the State has also experienced significant
12 difficulties retaining the teachers it already has employed.
13 The department of education's employment reports show that four
14 hundred eleven teachers resigned and left the State from 2016-
15 2017, an increase from the two hundred twenty-three teachers who
16 left the State in 2010.

1 The State's teacher retention struggle and the conditions
2 creating it have frequently made headlines. Most recently, a
3 September 2018 report by WalletHub described Hawaii as the least
4 teacher-friendly state in the United States. The report gave
5 low scores to Hawaii for its relatively low pay in light of the
6 State's cost of living. The State also received low scores for
7 non-monetary benchmarks as well, including a perceived lack of
8 support for teachers from administrators.

9 In light of the State's continued challenges in retaining
10 teachers and the related media coverage, the legislature
11 concludes that it is necessary to research and support a variety
12 of innovative programs to improve teacher retention.

13 The purpose of this Act is to:

- 14 (1) Create an advisory board on teacher retention within
15 the department of education to bring together
16 policymakers, administrators, teachers, and higher
17 education officials to study and make recommendations
18 to increase teacher retention and recruitment in the
19 State;
- 20 (2) Require the advisory board on teacher retention to
21 design a teacher mentorship pilot program that will

1 pair new teachers and prospective student teachers
 2 working toward an education degree with experienced
 3 mentor teachers at department of education schools;
 4 and

5 (3) Require the department of education to:

6 (A) Conduct detailed exit surveys with teachers who
 7 voluntarily leave the employ of the department of
 8 education; and

9 (B) Compile and analyze the data in the exit surveys
 10 and report its findings annually to the
 11 legislature.

12 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
 13 amended by adding a new subpart to part III to be appropriately
 14 designated and to read as follows:
