
A BILL FOR AN ACT

RELATING TO HUMAN SERVICES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there are many
2 opportunities for securing grants from both public and private
3 sources that could be used to support the health and well-being
4 of individuals, families, and communities in the State. The
5 legislature also finds that applying for grants can be time-
6 consuming and complex. These challenges make it difficult for
7 agencies like the department of human services and department of
8 health to successfully apply for and obtain grant moneys,
9 especially when the agencies lack technical expertise in grant
10 writing. Additionally, failure to accurately interpret the
11 details of grant requirements may lead to problematic compliance
12 issues. The legislature believes that the department of human
13 services and department of health would be better positioned to
14 take advantage of grant opportunities if each department had
15 dedicated individuals responsible for the application for and
16 management of grant opportunities and the development of a grant
17 program.

1 The purpose of this Act is to establish within the
2 department of human services and department of health a two-year
3 pilot project authorizing each department to establish one
4 three-year full-time temporary exempt position to support a
5 grant development program and contract with an individual to
6 serve as a capture manager, to secure grant and other funding
7 opportunities for each department.

8 SECTION 2. (a) The department of human services may
9 establish one three-year full-time temporary exempt position and
10 contract the services of an individual to serve as a capture
11 manager for the department.

13 shall:

14 (1) Develop internal capacity for grant identification,
15 application, and management;

16 (2) Support grants successfully awarded to the department
17 of human services; and

18 (3) Develop a sustainability plan to support a robust
19 grant development program within the department.

20 (c) The capture manager shall:

5 sectors; and

13 three-year full-time temporary exempt position and contract the
