COMPLIANCE AND ENFORCEMENT BRANCH

When a complaint is filed with the Insurance Division, the Compliance and Enforcement (C&E) Branch conducts an investigation to assure compliance with applicable statutes and rules. The C&E Branch recommends appropriate disciplinary actions when necessary. Upon determining that a case warrants prosecution, the branch refers the case to the Legal Branch for administrative action or to the Department of the Attorney General for prosecution by the State. To file a complaint, a complaint form must be completed and submitted to the Insurance Division.

During fiscal year (FY) 2020, consumers and the insurance industry saved or recovered \$442,275.61 from insurers and agents with the assistance of the C&E Branch. The C&E Branch received 517 complaints for the following classes of insurance:

MOTOR VEHICLE INSURANCE: This class had 266 complaints and represented 51% of the total number of complaints. Of this number, complaints involving no-fault coverage for medical and other related benefits accounted for 119 cases. One hundred and thirteen cases involved claims handling in the following categories: 53 for claim payment or settlement/resolution delays; 13 for coverage and liability disputes; 26 for material damage claims; 12 for claim denials; and 9 for miscellaneous claim issues. Complaints other than claims totaled 34 in the following categories: 19 for premiums and underwriting; 2 for policy servicing issues; and 13 for miscellaneous issues.

LIFE/ANNUITY INSURANCE: This class had 48 complaints and represented 9% of the total number of complaints. Of this amount: 26 involved policy servicing; 14 involved misrepresentations and marketing issues; 3 involved claim handling; and five involved miscellaneous issues.

WORKERS' COMPENSATION: This class had 10 complaints and represented 2% of the total number of complaints. Of this amount: eight involved claims handling or payment delays; one involved marketing issues; and one involved a miscellaneous issue.

FIRE/HOMEOWNERS INSURANCE: This class had 98 complaints and represented 19% of the total number of complaints. Of this number: 60 involved claims; 22 involved underwriting, rating, cancellations, or nonrenewal of coverage; 10 involved policyholder service issues; 2 involved marketing and sales practices; and 4 involved miscellaneous or state-specific issues.

GENERAL LIABILITY: This class had 10 complaints and represented 2% of the total number of complaints. Of this number: five involved claims; two involved underwriting; and three involved policyholder service issues.

MISCELLANEOUS: Other classes of insurance (disability, marine, surety, travel, and miscellaneous) had 85 complaints and represented 17% of the total.

ASSIGNED CLAIMS PROGRAM: The C&E Branch received 25 applications for benefits under the assigned claims program of the Hawaii Joint Underwriting Program. Of this number: 15 applications were assigned to servicing carriers for further handling; 6 applicants did not meet eligibility requirements; and 4 applications are pending.

DISCIPLINARY ACTIONS: The C&E Branch issued three license revocations; one license denial; and one letter of caution. The branch assessed \$341,000.00 in fines.

INSURANCE FRAUD INVESTIGATIONS BRANCH

The Insurance Fraud Investigations (Fraud) Branch conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. Under state law, any insurer or insurer's employee or agent who believes it has received a fraudulent claim must refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During FY 2020, the Fraud Branch received 516 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 21 individuals with a fraud amount totaling \$169,223 for the FY. The Fraud Branch obtained \$12,221 in restitution, with \$16,055 payable to the Crime Victim Compensation Fund and \$3,000 in fines payable to the State of Hawaii. The Fraud Branch also received \$2,625 in probation service fees and miscellaneous fees of \$1,950.

In addition to their duties and obligation to prevent, investigate, and prosecute insurance fraud cases and complaints, the Fraud Branch assisted the C&E Branch in reviewing licensee applications and renewals. Specifically, the Fraud Branch assisted in screening over 1,700 applications and renewal applications for producer licenses for criminal convictions and administrative action histories.

The Fraud Branch worked to prevent insurance fraud by educating consumers, disseminating informational brochures, and conducting presentations, including presenting at the Hawaii State Claims Managers meeting. The Fraud Branch also participated in training seminars offered by the International Association of Special Investigations Units, the National Attorney General Training and Research Institute, the National Health Care Anti-Fraud Association, ZetX Corporation, the National Association of Attorneys General, and the National Association of Insurance Commissioners.

HEALTH INSURANCE BRANCH

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. Of the 170 complaints received by the branch during FY 2020: 67 involved reimbursement timeliness; 35 involved claims appeal; 24 involved policy coverage; 14 involved denial of coverage; 8 involved termination of coverage; 7 involved miscellaneous; 4 involved unfair marketing; 4 involved obtaining health insurance; 3 involved par/non-par coverage; 2 involved drug formulary; 1 involved rate increases; and 1 involved prescription drug benefits. Of these complaints: 99 were resolved; 12 did not fall under Health Insurance Branch jurisdiction and were provided with information to resolve their disputes; 51 went to independent external review; 3 are pending; 3 were withdrawn; and 2 were referred. Complaints resolved during this period saved consumers more than \$85,611.

In addition to addressing complaints, the Health Insurance Branch answers information requests from consumers, healthcare providers, and health insurance professionals by responding to e-mails and providing callers with information on health insurance matters. During FY 2020, the Health Insurance Branch handled more than 353 inquiries.

Pursuant to Hawaii Revised Statutes (HRS) chapter 431, article 10, part I, the Health Insurance Branch reviews health insurance contracts and forms to ensure readability and the disclosure of required information. It also reviews premium rate filings of managed care plans pursuant to HRS chapter 431, article 14G. The Health Insurance Branch received 109 filings during FY 2020, resulting in consumer savings of more than \$16,353,477.

The Health Insurance Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by plan members pursuant to HRS chapter 431E. During FY 2020, it received 51 requests for external review, resulting in consumer savings of \$450.

During FY 2020, the Health Insurance Branch assisted the C&E Branch in reviewing licensee applications and renewals by screening 419 applications and renewal applications for producer licenses for criminal convictions and administrative action histories.

INSURANCE LICENSING BRANCH

The Insurance Licensing Branch is responsible for the initial licensing of insurance producers, adjusters, surplus lines brokers, managing general agents, limited lines producers, limited lines motor vehicle rental company producers, limited lines portable electronics producers, limited lines self-service storage producers, reinsurance intermediaries, life settlements providers and brokers, independent bill reviewers, pharmacy benefit managers, service contract providers, third party administrators, and vehicle protection product warrantors.

In addition to issuing new licenses, the Insurance Licensing Branch also renews, reactivates, amends, and inactivates licenses, conducts background checks on all resident license applicants, records the creation and termination of appointments, facilitates the Continuing Education (CE) Advisory Committee meeting to approve or reject CE providers and courses, processes CE providers and course renewals, and maintains a database of CE credits completed by producers.

During FY 2020, the Insurance Licensing Branch issued 17,288 new licenses, reactivated 1,128 licenses, renewed 24,242 licenses, inactivated 1,262 licenses, non-renewed 13,575 licenses, created 84,588 new appointments, terminated 50,021 appointments, updated 12,523 addresses, created 2,319 agent reviews, activated 4 CE providers, inactivated 13 CE providers, activated 250 CE courses (129 life and health insurance, 121 property and casualty insurance), inactivated 382 CE courses (242 life and health insurance, 140 property and casualty insurance), and rejected 18 CE courses (16 life and health insurance, 2 property and casualty insurance). Producers completed 12,745 CE courses. The licensing and CE fees of \$8,186,167.50 were deposited into the Compliance Resolution Fund.

The Insurance Licensing Branch continues to expand its online offerings: the public can verify insurance licenses; licensees can download forms, update their contact information, and renew their licenses; producers may search for approved CE courses and check the balance of their CE credits; and individuals and business entities may submit electronic initial license application for producers, limited lines producers, limited lines motor vehicle rental company producers, and surplus lines brokers' licenses. All active licensees may print their active insurance licenses online. Confirmation notices are sent to the licensees electronically when changes are made and when licenses are ready to be printed online. The licenses can also be searched and viewed via mobile devices.

RATE AND POLICY ANALYSIS BRANCH

The Rate and Policy Analysis (RPA) Branch analyzes and approves or disapproves rate filings for casualty, property, motor vehicle, inland marine, surety, credit life and disability, long-term care, and Medicare supplement insurance. The RPA Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During FY 2020, the RPA Branch reviewed 3,645 filings, which represents a 9.5% increase in the volume of filings over the prior FY due to adoptions of key filings by rating organizations, personal auto premium relief filings, and policy clarification requests. The 50% reduction in filing fees, which began in FY 2019, will continue through FY 2021.

The RPA Branch uses the System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system established by the National Association of Insurance Commissioners (NAIC) for filing submittal, document management, and review access. Starting in 2001, only life insurance products were accepted, and a handful of insurers participated in Hawaii. By 2008, all lines of insurance were accepted, and most insurers participated. By 2013, one hundred percent of insurers used SERFF, thereby eliminating any need for paper filings. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an online portal through which the public may view SERFF filings. In 2020, property and casualty filings were made available on SFA.

Pursuant to HRS chapter 431, article 30, Hawaii may join with other states to regulate designated insurance products through an interstate insurance product regulation compact (IIPRC). The Commission for the IIPRC became effective May 2006 with 26 member states. Bylaws and operating procedures were adopted with input by members states, as well as product standards for life, annuity, disability income, and long-term care. All standards are audited every five years by IIPRC members. Currently, 46 jurisdictions are members, 266 companies are registered, and nearly 100 product standards have been developed. The IIPRC approved 1,617 products in calendar year 2019.

LONG-TERM CARE INSURANCE: Pursuant to HRS section 431:10H-217.5, insurers transacting long-term care insurance business on or after January 1, 2008, are required to comply with model disclosure of rating practices. There are over 50 insurers with rates and forms on file in Hawaii; however, the majority no longer actively sell long-term care insurance but continue to service existing policyholders. There continue to be requests for large premium increases for policies issued before 2008, but the current rate review process resulted in reducing those premium increases by approximately \$8.8 million.

MEDICARE SUPPLEMENT INSURANCE: Hawaii Administrative Rules were amended in FY 2019 to comply with the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), which changed plan availability for those who became newly eligible for Medicare on or after January 1, 2020. MACRA requires that plans which cover the Medicare Part B deductible cannot be available to those who become newly eligible for Medicare on or after January 1, 2020. In Hawaii, there are now 15 licensed issuers of Medicare supplement insurance products. The majority have added new plans as allowed by MACRA, and all provide a wide selection of plans. For FY 2020, the COVID-19 pandemic may have temporarily stopped the upward trajectory of utilization due to the hold put on elective office visits and procedures. However, pent-up demand in FY 2021 is anticipated, and the trajectory may resume.

MOTOR VEHICLE INSURANCE: In response to the COVID-19 pandemic, many personal auto insurers filed to return premiums totaling approximately \$35 million to Hawaii policyholders. As the pandemic continues, insurers are re-filing to continue their premium refunds or reductions. Despite this crisis, Hawaii's motor vehicle insurance market appears stable. The RPA Branch encourages consumers to take interest and shop for the best rate by reviewing its annual Motor Vehicle Premium Comparison Guide, which is posted on the Insurance Division's website at the beginning of each calendar year.

HOMEOWNERS INSURANCE: Hawaii continues to see a robust homeowners (and renters and condominium) insurance market, with the exception of highest-risk lava zones 1 and 2, where Hawaii Property Insurance Association (HPIA) is the insurer of last resort. The lava events in 2014 and 2018 on Hawaii Island contributed to a large rate increase request from the HPIA. The current rate review process resulted in reducing those premium increases significantly. Much of the \$2.8 million premium savings for policyholders is attributable to the HPIA rate revision. The RPA Branch encourages consumers to take interest and shop for the best rate by reviewing its annual Homeowners Insurance Guide and Premium Comparison publication, which is posted on the Insurance Division's website at the beginning of each calendar year.

OTHER PROPERTY & CASUALTY INSURANCE: The COVID-19 pandemic, which decreased auto rates in the immediate term, is not expected to similarly lower the rates of other types of insurance, such as business insurance and general liability insurance. The RPA Branch continues to monitor this issue.

CAPTIVE INSURANCE BRANCH

The Captive Insurance Branch provides dedicated resources to help the insurance commissioner monitor, regulate, and develop captive insurance companies licensed under article 19 of HRS chapter 431.

Since the enactment of Hawaii's enabling captive legislation in 1986, Hawaii has established an exceptional worldwide reputation in this complex, cutting-edge area of insurance and risk financing. Hawaii is considered the premier domicile in the Pacific. The State is ranked eighth in the world and fifth in the United States based on the number of active licenses.

Both the rising number of states that have become captive domiciles (approximately 35 states) and an increase in global captive domiciles have created a competitive market for states to become home to new captive insurers. Consequently, new captive formations are being distributed among more states and global jurisdictions. Further, as many mid-size and large companies already use a captive insurance company, the market for companies capable of forming a captive is constantly shrinking. Despite these obstacles, the Captive Insurance Branch issued 11 new captive licenses in calendar year 2019, with 11 captives closed through dissolution, mergers, or re-domestication. Although the number of captive licenses has not increased, total gross written and assumed premiums and combined total assets have increased significantly from last year—an indication that the current captives domiciled in Hawaii continue to grow and thrive. During calendar year 2019, total gross written and assumed premiums exceeded \$10.9 billion, and combined total assets were approximately \$31.6 billion.

Hawaii has implemented several strategies to meet the challenges in this current environment, including providing more timely and relevant information to prospective and current captive organizers through internet and other digital technologies. Hawaii will maintain its prudent regulatory approach toward captives and continue to participate in developing national and international insurance standards. The Captive Insurance Branch will also review initiatives that provide potential opportunities for Hawaii's captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captives add millions of dollars in capital to Hawaii, a portion of which is managed by local Hawaii banks and financial institutions. Hawaii's captive industry requires specialized local professional services from the sectors of public accounting, legal, claims administration, and other insurance-related services. The Captive Insurance Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii's captive insurance industry as of December 31, 2019 and December 31, 2018:

FINANCIAL SURVEILLANCE AND EXAMINATION BRANCH

The Financial Surveillance and Examination Branch conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies to confirm their financial condition, solvency, and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the Financial Surveillance and Examination Branch also:

- Licenses more than 1,300 domestic, foreign, and alien insurers.
- Processes and collects more than \$156 million in premium tax and surplus lines tax on behalf of the General Fund and workers' compensation levies on behalf of the Department of Labor and Industrial Relations.
- Processes and administers Qualified High-Technology Business Investment Tax Credits and Low-Income Housing Tax Credits claimed against insurance premium taxes.
- Authorizes and monitors accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.
- Maintains security deposits.
- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP), which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The Financial Surveillance and Examination Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been reaccruited in 2001, 2006, 2011, and 2016.
