# A BILL FOR AN ACT

RELATING TO A NONRESIDENT RECREATIONAL MARINE FISHING LICENSE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that fishing in marine  
2 waters is an important pastime for the people of Hawaii,  
3 providing valuable opportunities for outdoor recreation,  
4 subsistence, and transmission of cultural practices and values.  
5 Hawaii's marine fishing opportunities also attract thousands of  
6 visitors each year, from professional anglers who participate in  
7 big game fishing tournaments to weekend fishing enthusiasts  
8 seeking to enjoy their favorite recreational activity while on  
9 vacation. With ever increasing pressure on the State's marine  
10 resources, it is critical that the State identify and develop  
11 sustainable sources of funding to effectively manage its  
12 fisheries.

13       The legislature further finds that the department of land  
14 and natural resources issues commercial marine fishing licenses  
15 and freshwater game fishing licenses. The department uses these  
16 license fees toward management of commercial marine fisheries  
17 and recreational freshwater fisheries. Additionally, Hawaii

1 residents pay taxes that support state fisheries management  
2 programs. In contrast, nonresident recreational fishers  
3 directly benefit from enjoyment of Hawaii's marine fishery  
4 resources without directly contributing to management of those  
5 resources.

6 The legislature also finds that a nonresident recreational  
7 marine license and associated fees would provide an additional  
8 source of revenue to the State for marine fishery management.  
9 Fees would be deposited into the department's sport fish special  
10 fund pursuant to section 187A-9.5, Hawaii Revised Statutes.

11 The purpose of this Act is to:

- 12 (1) Establish a nonresident recreational marine fishing  
13 license requirement and fees to enable the department  
14 of land and natural resources to more effectively  
15 manage the marine fishery resources of the State; and  
16 (2) Require the department of land and natural resources  
17 to adopt rules to implement this license.

18 SECTION 2. Chapter 188, Hawaii Revised Statutes, is  
19 amended by adding a new section to be appropriately designated  
20 and to read as follows:

1        "§188-        Nonresident recreational marine fishing license;  
2 application; fees; restrictions.    (a) It shall be unlawful for  
3 any nonresident of the State who has attained the age of  
4 fifteen, except members of the armed forces of the United States  
5 on active duty in the State and their spouse and minor children,  
6 to fish for, take, or catch any marine life for noncommercial or  
7 recreational purposes without first obtaining a nonresident  
8 recreational marine fishing license. The department shall adopt  
9 rules pursuant to chapter 91 necessary for the purposes of this  
10 section.

11        (b) Nonresident recreational marine fishing licenses shall  
12 be issued by agents of the department upon written application  
13 in a form prescribed by the department and upon payment of a  
14 fee. The fees for a nonresident recreational marine fishing  
15 license shall be as follows:

16        (1) For a one-day fishing license - \$20;

17        (2) For a seven-day fishing license - \$40; and

18        (3) For an annual fishing license - \$70.

19 Fees established by this subsection may be increased by the  
20 department no more frequently than once every five years, at the

1 rate of the consumer price index change from July 2021,  
2 compounded annually, rounded to the nearest dollar.

3 (c) No person to whom a license has been issued under this  
4 section shall permit any other person to carry, display, or use  
5 the license for any purpose. Each person to whom a license has  
6 been issued under this section shall show the license upon  
7 demand of any officer authorized to enforce the fishing laws of  
8 the State.

9 (d) It shall be illegal to sell or offer for sale any  
10 marine life taken under a nonresident recreational marine  
11 fishing license; provided that marine life taken by nonresident  
12 licensees on board a charter fishing vessel owned or operated by  
13 a person with a valid commercial marine license pursuant to  
14 section 189-2(b) may be sold.

15 (e) The department may revoke any nonresident recreational  
16 marine fishing license for any violation of the terms and  
17 conditions of the license. Any person whose nonresident  
18 recreational marine fishing license has been revoked shall not  
19 be eligible to apply for another nonresident recreational marine  
20 fishing license until one year after the date of revocation.

1        (f) For the purposes of this section:

2        "Marine life" has the same meaning as defined in  
3 section 187A-1.

4        "Nonresident" means any individual who is not a resident of  
5 Hawaii.

6        "Resident of Hawaii" means an individual who has:

7        (1) Established primary residence and worked in the State  
8        continuously for a period of twelve months or longer  
9        immediately prior to applying for, or obtaining a  
10       license;

11       (2) Filed or paid state income taxes for the previous tax  
12       period; or

13       (3) Established domicile in the State, as evidenced by  
14       documentation showing the individual's address,  
15       including:

16       (A) A valid driver's license;

17       (B) A valid identification card;

18       (C) A valid school identification card; or

19       (D) Any other official document issued to the  
20       individual within the last thirty days from a  
21       government agency, financial institution,

1 insurance company, or utility company in the  
2 State.

3 (g) Any person violating this section or any rule adopted  
4 pursuant to this section shall be subject to administrative  
5 penalties as provided by section 187A-12.5."

6 SECTION 3. New statutory material is underscored.

7 SECTION 4. This Act shall take effect upon its approval.

APPROVED this 08 day of JUN, 2021
