11 PART III

12 SECTION 6. The University of Hawaii cancer center (UH
13 cancer center) reduces the burden of cancer through research,
14 education, patient care, and community outreach. The UH cancer
15 center is the only National Cancer Institute (NCI)-designated
16 cancer center in Hawaii and the Pacific region. UH cancer
17 center is a member of the Hawaii Cancer Consortium along with
18 five hospital groups and the University of Hawaii's John A.
19 Burns school of medicine (JABSOM).

20 JABSOM educates and trains health care professionals,
21 including physicians, biomedical scientists, and allied health

1 workers. JABSOM also conducts fundamental medical research and
2 translates discoveries into delivery practices. Because JABSOM
3 is a community-based medical school without its own university
4 hospital, it partners with private hospitals in the community to
5 achieve its educational mission.

6 The public funds and other resources the State has made
7 available to JABSOM and the UH cancer center have been
8 substantial. The magnitude of state funds and other resources
9 provided to the University of Hawaii, the distinction of the
10 university being the sole public institution of higher education
11 in the State, and the UH cancer center being the only NCI-
12 designated cancer center in Hawaii underscore the importance of
13 establishing complementary strategic priorities and coordinating
14 the management and deployment of state resources appropriated to
15 JABSOM and UH cancer center.

16 It is in the public's interest that State resources be
17 efficiently and effectively managed to optimize the public
18 benefits. Just as co-locating the physical facilities for
19 JABSOM and UH cancer center on adjoining sites in Kakaako
20 promotes synergistic efforts, the legislature determines that it
21 is a statewide concern to ensure that the management of public

1 resources provided to JABSOM and UH cancer center be integrated,
2 coordinated, and focused on common priorities to avoid
3 unnecessary duplication of administrative expenses or
4 conflicting priorities.

5 Placing resources devoted to training and educating
6 physicians and conducting cancer research in an integrated
7 university organizational structure as opposed to stand-alone
8 and duplicative organizations will foster a uniform strategic
9 vision. Unified leadership will also allow better coordination
10 with the University of Hawaii's private partners in the hospital
11 community and with other state agencies.

12 The legislature finds that as a matter of statewide
13 concern, the UH cancer center should be more closely affiliated
14 with JABSOM and be administered as an organized research unit of
15 JABSOM. Merging JABSOM and the UH cancer center's
16 administrative services and infrastructure teams will offer
17 efficiency by eliminating redundancy and sharing administrative
18 expertise and experience to reduce processing delays.

19 The legislature notes that several outstanding medical
20 schools at other universities integrate their cancer research
21 programs closely with their medical schools. For example, the

1 Washington University School of Medicine in St. Louis is the
2 parent institution to the Siteman Cancer Center. The Siteman
3 Cancer Center is designated as a comprehensive cancer center and
4 holds an "exceptional" rating from the NCI. The MD Anderson
5 Cancer Center in Houston, Texas is a comprehensive cancer center
6 and operates in close affiliation with the McGovern Medical
7 School as part of the University of Texas Health Science Center
8 at Houston.

9 The legislature also notes that from 2014 to 2016, the
10 University of Hawaii developed business plans, hired
11 consultants, and made presentations to its board of regents on
12 the university's plans to integrate the University of Hawaii
13 Kakaako health science campus and eliminate operational
14 redundancies between JABSOM and the UH cancer center. Further,
15 the University of Hawaii frequently groups different organized
16 research units within a larger administrative structure. For
17 example, the school of ocean and earth science and technology
18 encompasses several outstanding research units, including the
19 center for microbial oceanography: research and education and
20 Hawaii institute of marine biology.

1 To maintain the NCI designation as a cancer center
2 consistent with NCI guidelines, the director of the UH cancer
3 center shall continue to have a direct line of reporting and
4 accountability to the provost of the University of Hawaii at
5 Manoa and shall also have a dual reporting line to the dean of
6 JABSOM.

7 Accordingly, the purpose of this part is to require:

- 8 (1) The director of UH cancer center to be appointed by
9 University of Hawaii's board of regents upon
10 recommendation from the provost of the University of
11 Hawaii at Manoa instead of the dean of JABSOM;
- 12 (2) The UH cancer center to be administratively affiliated
13 with JABSOM;
- 14 (3) The director of UH cancer center to report to the
15 provost of the University of Hawaii at Manoa and the
16 dean of the school of medicine and coordinate with the
17 president of the university;
- 18 (4) Funds expended from or originating from the University
19 of Hawaii tuition and fees special fund established by
20 section 304A-2153, Hawaii Revised Statutes, for JABSOM

1 or UH cancer center to be used for educational
2 purposes only; and

3 (5) Funds expended from or originating from the research
4 and training revolving fund established by section
5 304A-2253, Hawaii Revised Statutes, for JABSOM or UH
6 cancer center to be used for research and research-
7 related purposes only.

8 SECTION 7. Chapter 304A, part IV, Hawaii Revised Statutes,
9 is amended by adding a new subpart to be appropriately
10 designated and to read as follows:

11 " . **Cancer Research Center of Hawaii**

12 **§304A- Cancer research center of Hawaii.** (a) There is
13 established an organized research unit, hereinafter known as the
14 "cancer research center of Hawaii", to conduct cancer research.
15 The cancer research center of Hawaii shall be administered by a
16 director to be appointed by the board of regents upon
17 recommendation by the provost of the University of Hawaii at
18 Manoa with the concurrence by the president of the university.
19 The cancer research center of Hawaii shall be affiliated with
20 the John A. Burns school of medicine; provided that the director
21 of the cancer research center of Hawaii shall report to the

1 provost of the University of Hawaii at Manoa and the dean of the
2 school of medicine and coordinate with the president of the
3 university.

4 (b) Notwithstanding any other law to the contrary, funds
5 expended from or originating from the University of Hawaii
6 tuition and fees special fund, established under section
7 304A-2153, for the school of medicine or the cancer research
8 center of Hawaii shall be used by the school of medicine or the
9 cancer research center of Hawaii for educational purposes only.

10 (c) Notwithstanding any other law to the contrary, funds
11 expended from or originating from the research and training
12 revolving fund, established under section 304A-2253, for the
13 school of medicine or the cancer research center of Hawaii shall
14 be used by the school of medicine or the cancer research center
15 of Hawaii for research and research-related purposes only.

16 (d) The cancer research center of Hawaii's research agenda
17 shall focus on research, education, patient care, and community
18 outreach and should reflect an understanding of the ethnic,
19 cultural, and environmental characteristics of the State and the
20 Pacific region. The cancer research center of Hawaii may:

21 (1) Engage in international research collaborations;

(2) Undertake research studies and clinical trials; and

(3) Participate in projects and programs of the National
Cancer Institute."

SECTION 8. Section 304A-2153, Hawaii Revised Statutes, is
amended to read as follows:

**"§304A-2153 University of Hawaii tuition and fees special
fund.** (a) There is established the University of Hawaii
tuition and fees special fund into which shall be deposited all
revenue collected by the university for regular, summer, and
continuing education credit tuition, tuition-related course and
fee charges, and any other charges to students, except as
provided by law. Moneys deposited into the fund shall be
expended to maintain or improve the university's programs and
operations and shall not be:

(1) Used as a justification for reducing any budget
request or allotment to the university unless the
university requests such a reduction;

(2) Transferred unless otherwise authorized by the
legislature; and

(3) Restricted by the governor or the director of finance
without the prior approval of the legislature.

1 Any rule, policy, or action of any agency or individual in

3 policy.

4 (b) Any law to the contrary notwithstanding, the board of
5 regents may authorize expenditures of up to \$3,000,000 annually,
6 excluding in-kind services, from this fund for the purposes of
7 promoting alumni relations and generating private donations for
8 deposit into the University of Hawaii Foundation for the
9 purposes of the university. Any expenditure authorized pursuant
10 to this subsection shall be for a public purpose and shall not
11 be subject to chapters 42F, 103, 103D, and 103F. The university
12 shall submit a comprehensive report to the legislature detailing
13 the use of any funds authorized by the board under this
14 subsection no later than twenty days prior to the convening of
15 each regular session.

16 The report shall:

- 17 (1) Identify each department of the University of Hawaii
18 Foundation supported by moneys from the fund;

11 including revenues and expenditures by major reporting
12 categories; and

13 (6) Identify amounts and purposes of all expenditures from
14 the University of Hawaii support fund.

15 (c) Any law to the contrary notwithstanding, the
16 university may transfer funds from the University of Hawaii
17 tuition and fees special fund into the scholarship and
18 assistance special fund established pursuant to section
19 304A-2159.

20 (d) In estimating its quarterly budget requirements, each
21 campus of the University of Hawaii shall prepare a plan for the

1 fiscal year for the operation of each of the programs that it is
2 responsible for administering. The operations plan shall be:

3 (1) In such form and content as the vice president for
4 budget and finance and chief financial officer of the
5 University of Hawaii may prescribe; and

6 (2) Submitted, together with the estimated quarterly
7 budget requirements, to the vice president for budget
8 and finance and chief financial officer on ~~[such]~~ a
9 date ~~[as]~~ that the vice president for budget and
10 finance and chief financial officer may prescribe.

11 (e) The president and vice president for budget and
12 finance and chief financial officer of the University of Hawaii:

13 (1) Shall review the operations plan for each campus to
14 determine if:

15 (A) It is consistent with the policy decisions of the
16 board of regents and appropriations by the
17 legislature;

18 (B) It reflects proper planning and efficient
19 management methods; and

1 (C) Appropriations have been made for the planned
