
A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a shortage
2 of primary care providers in the State, which will be
3 exacerbated by the projected retirements of current physicians,
4 advanced practice registered nurses, and pharmacists. Further,
5 although students are interested in pursuing careers in the
6 health care service industry in Hawaii, in-state educational
7 institutions are constrained by the lack of clinical education
8 sites in Hawaii and limited supply of qualified primary care
9 preceptors. One way to encourage the participation of
10 preceptors is to offer an income tax credit for professionals
11 who serve as preceptors.

12 The purpose of the existing healthcare preceptor income tax
13 credit is to incentivize volunteer preceptors to offer
14 professional instruction, training, and supervision to students
15 and residents seeking careers as healthcare providers. The
16 first-year implementation of the tax credit found that, although
17 a large number of providers trained eligible students in 2019,

1 only a small subset met the eligibility requirements due to the
2 primary care qualifying criteria.

3 The legislature further finds that training physicians,
4 advanced practice registered nurses, and pharmacists in primary
5 care requires training from specialties that support primary
6 care, in addition to training from primary care providers. The
7 legislature also finds that the definition of "volunteer-based
8 supervised clinical training rotation" may be clarified to
9 facilitate the preceptor credit assurance committee's
10 implementation of the tax credit.

11 Therefore, the purpose of this Act is to:

12 (1) Amend the definitions of "preceptor" and "volunteer-
13 based supervised clinical training rotation" to
14 improve accessibility for providers to receive income
15 tax credits for acting as preceptors; and

16 (2) Revise the membership of the preceptor credit
17 assurance committee to include the director of health.

18 SECTION 2. Section 235-110.25, Hawaii Revised Statutes, is
19 amended by amending subsection (g) to read as follows:

11 "Volunteer-based supervised clinical training rotation"
12 means [~~an uncompensated~~] a period of supervised clinical
13 training [of] to an eligible student that totals at least eighty

17 eligible professional degree or training certificate[-];
18 provided that, while a preceptor may be compensated for
19 providing standard clinical services, the preceptor shall be:

- 1 (1) Uncompensated for the clinical training above or
- 2 beyond clinical salary or reimbursements for clinical
- 3 services; or
- 4 (2) Uncompensated from state general or tuition funds for
- 5 the clinical training services."

6 SECTION 3. Section 321-2.7, Hawaii Revised Statutes, is

7 amended by amending subsections (a) and (b) to read as follows:

8 "(a) There is established the preceptor credit assurance

9 committee within the department of health. The committee shall

10 develop and implement a plan for certifying healthcare preceptor

11 tax credits under section 235-110.25, including:

- 13 certification are reviewed and verifications are
- 14 processed no later than thirty days following the
- 15 close of each calendar year; and

- 17 to certify a preceptor for the tax credit; provided
